Treaty With New Republic Is Ready for Ratification.

QUESTION SIMPLIFIED

United States Gets Jurisdiction Over Two Cities and May Police Route.

COLOMBIA FOMENTS TROUBLE

[By Associated Press to The Gazette.]

Washington, Nov. 18.—The Hay-Bunau-Varilla isthmian canal treaty was signed this evening at the residence of Secretary Hay by the secretary and Philippe Bunau-Varilla, the minister from Panama.

The treaty in its text cannot be made public at this moment for two reasons; first, because of the unwritten law which obliges the state department to await the pleasure of the senate in the matter of publicity, and second, because the president has not yet determined when the convention shall be submitted to the senate for ratification. His present purpose is to withhold it until there is reasonable assurance that its consideration will not obstruct any of the legislation for which the present special session of congress has been called.

But certain facts have been disclosed as to the provisions of the treaty which make it appear that in its general outlines the new Hay-Bunau-Varilla convention is patterned upon the failed Hay-Herran treaty, with the exception that the new convention follows not only the spirit, but the letter of the Spooner act. Thus, instead of the lease for a fixed period of the canal strip, this new treaty provides for a perpetual lease of the right-of-way to the United States.

United States Gets Cities.

Instead of a complicated provision for courts of mixed composition—half American and half Colombian—to administer justice over the canal strip, the new treaty permits the United States government to exercise the most complete jurisdiction thereupon. The United States may fortify the line and the terminals and it may police it with troops.

Then the two terminal cities of Panama and Colon pass completely under United States jurisdiction—which incidentally involves the establishment of a new capital for the republic of Panama outside of the canal strip. The money consideration is understood to be the same, only Panama, instead of Colombia, is to receive the $10,000,000. And the canal is to be neutral and open to all nations on even terms. These are understood to be the terms of the new treaty, which is much simpler in form than the failed Hay-Herran treaty and has been specially drawn to meet objections urged against the latter.

It is stated that the Panama commission which arrived here tonight, has been empowered to ratify the treaty and this action may occur within the next 24 hours or sooner.

Colombia May Fight.

The state department received startling news late this afternoon from Consul General Gudger at Panama to the effect that information from Buena Ventura in Colombia was that the Colombians were planning to invade by land the republic of Panama. Similar information is involved in most important dispatches received today from Minister Beaupre at Bogota intimating a break in the diplomatic relations of the United States and Colombia. It is even hinted tonight that the Colombian charge d'affaires will not

POWELL BOARDS THE WARSHIP

American Minister at San Domingo Goes on the Cruiser Baltimore.

HOT SIEGE TO CITY

All Ports of Republic but Two Are in Possession of the Rebels.

CLEARANCE PAPERS REFUSED

[Associated Press Cable to The Gazette.]

Cape Haitien, Haiti, Nov. 18.—A dispatch from Monte Cristo says information has been received there from Santo Domingo that United States Minister Powell, accompanied by Minister of Foreign Relations Galvan, has gone aboard the United States cruiser Baltimore. The object of the visit to the warship is unknown.

The arrival of the United States gunboat Newport is anxiously awaited. She is still believed to be at Puerto Plata.

SAN DOMINGO, Nov. 18.—Severe fighting took place last night around this city. The rebels were prevented from entering the capital. The loss of the rebels is not known.

The United States cruiser Baltimore landed marines to protect American interests. Guards were placed at the American legation and consulate and the Clyde steamship agency.

SAN JUAN, Nov. 18.—The French steamer St. Simon arrived here today from Haiti and Santo Domingo. She touched at Puerta Plata on the north coast of Santo Domingo, and reports that all of the Dominican republic except the capital, San Domingo, was in the hands of the revolutionists.

The St. Simon also reported that General Jiminez, leader of the Dominican revolutionists, left Haiti November 16, and was due to arrive Friday next before San Domingo and assume direction of the siege of that city. General Caceres was assisting in the military operations of the revolutionists.

WASHINGTON, Nov. 18.—The state department today received a cablegram from Minister Powell, dated yesterday, in which he says:

"General attack on city of San Domingo last night. Baltimore landed marines for protection American interests."

In another cablegram, dated November 16, also received today, Minister Powell says: "Situation desperate and unchanged. City is constantly under fire of insurgents and shells are falling in the city. An assault is momentarily expected."

NEW YORK, Nov. 18.—(Special.)—Senor Manuel De J. Galvan, consul general from San Domingo, refused to sign the clearance papers for the Clyde liner Cherokee when F. S. Cameron of the line presented them at the consulate this morning for the ship to call at the ports of Puerta Plata, Macoris, Samana Bay, Sanchez and Monte Christo. These five ports, he declares, are closed and in possession of the rebels. The matter was finally settled by the consul signing the papers for the ports of San Domingo and Azua, which are in possession of the government.

A report was current this morning that an effort was made last night by friends of the insurgents in this city to ship several cases of arms to Puerta Plata on the Cherokee, but the Clyde line officials refused to accept them, telling the shipper to first get the consent of the San Domingan consul.

All Off.

PRIEST AND ADVERSARY WOUNDED IN CHURCH DUEL

Fought Over a Game of Cards and Both Are Mortally Injured.

[By Associated Press to The Gazette.]

DENVER, Nov. 18.—The Rev. Felix M. Lepore, pastor of Mount Carmel Catholic church, and another Italian, named Joe Soroci, were fatally wounded at 9:30 o'clock tonight in a duel supposed to have arisen over a card game they were playing in the priest's apartments in the church building. Father Lepore was shot twice in the abdomen and once in the face, and Soroci was shot once in the abdomen.

There seems to have been no eye-witnesses to the affair, and all those who were near the scene are Italians and are very reticent about the shooting. Both men were taken to St. Joseph's hospital, where it is said they cannot recover. No statement has been secured from the men.

Father Lepore has been a resident of Denver for many years. Soroci is said to have recently come here from Pittsburgh. The two men have been friends.

QUAY AND GOVERNOR HELD A CONFERENCE

Report Current That the Selection of Supreme Court Judge Was Decided.

[Special Telegram to The Gazette.]

HARRISBURG, Nov. 18.—Senator Quay's arrival here this afternoon is taken to mean that the governor will appoint a supreme court judge this week, and that it will be a man supported by Quay, very likely Lyman D. Gilbert of Harrisburg, whose appointment has been urged by Quay.

The governor when asked the object of Quay's mission said that it would not be disclosed until after he had left the city. The two are holding a conference at the executive mansion tonight and nobody is admitted except those summoned. Seekers of information were informed: "The governor and senator are engaged."

BRYAN IN LONDON.

Ex-Candidate Is Not Optimistic Over Democratic Presidential Outlook.

LONDON, Nov. 18.—(Special.)—William J. Bryan reached London tonight on a tour of the old world. He had a busy time at sea and began researches into the minds of foreigners before Sandy Hook was out of sight. The question Mr. Bryan had to answer more frequently than any other aboard ship, and since he arrived in England was this:

"Do you expect a Democratic victory in the next presidential election?"

To one inquirer he answered: "Naturally I hope for the ultimate triumph of the ideas that seem to me to be founded in the truth and justice of Democracy, but I make no predictions. I am hopeful, but nobody can speak with certainty. There is sure to be a successful protest against Republican policies sooner or later, and there is evidence that the protest is now gaining strength, but circumstances must largely determine the time of victory."

ANARCHISTS ARRESTED.

Plot Discovered Against Rulers of Italy and of Switzerland.

NICE, ITALY, Nov. 18.—The police here have arrested four anarchists, who are suspected of the intention of waylaying the king of Italy on his return from England.

ROME, Nov. 18.—The Messagero today announced that three anarchists had been arrested at Milan in connection with a plot against the life of the president of Switzerland, M. Deucher.

PARIS, Nov. 18.—A dispatch to the Patrie from Lugano, Switzerland, announces that an anarchist has surrendered to the police there and has confessed that he had been selected to kill the president of Switzerland, but that his courage failed him.

GERMAN SOLD EAR TO A MILLIONAIRE

Rich Man Gave Five Thousand Dollars for One That Was Grafted on Him.

[By Private Wire to The Gazette.]

PHILADELPHIA, Nov. 18.—In consideration of the sum of $5,000 a young German restauranteur today permitted a surgeon to slice off his left ear. A western millionaire who furnished the consideration, now has the aforesaid auricular appendage, and expects to use it providing the grafts shall prove successful. The surgeon says it will.

Both parties to the transaction under terms of their contract are to remain nameless. Dr. Andrew D. Neldem of New York says he performed the operation, but he is under legal contract and heavy bond never to reveal the name of his wealthy client.

Dr. Neldem expected to perform the operation in New York, but was prevented by District Attorney Jerome. In that city he advertised for men and had more than 300 applicants. Finally a young German whose ears have lovely big lobes was selected as the man. He was obliged to make out a regular bill of sale relinquishing all further rights to his right ear.

BULLET IN THE BREAST REPELS A PURSUER

Plucky East Carnegie Woman Defends Herself With a Revolver.

To protect herself against a threatened assault Mrs. Margaret Vincent, the wife of Paul Vincent of East Carnegie, shot and wounded a man who had been annoying her with his attentions early yesterday morning.

Vincent and his wife went to a reception in Carnegie Tuesday night, and about midnight Vincent placed her aboard a street car, saying he would follow her in a short time. On the car Mrs. Vincent was annoyed by the attentions of a man she had seen at the reception, but to whom she had not been introduced. Mrs. Vincent alighted from the car, the man followed. Just as she was passing into her home, the man attempted to take her in his arms. Mrs. Vincent warned the man to stand back. When he next moved toward her, Mrs. Vincent drew a 22-caliber revolver from her chatelaine bag and fired at her would-be assailant. The man clasped his hands to his breast and fled. Mrs. Vincent made her way into the house half fainting from the encounter.

The wounded man fled to the office of Dr. Hustler, in Fourth avenue, Carnegie, three miles away, where he had his wound dressed.

GIRL'S AWFUL CRIME.

Tried to Poison Her Family Because They Opposed Her Lover.

URBANA, O., Nov. 18.—Lizzie Mummey, 14 years old, was arrested and brought here today, charged with attempting to poison her parents, sister and two brothers, last night, at supper. She is said to have placed arsenic in the tea.

The father drank some of the liquid, and was in a serious condition until medical attendance was obtained. The others did not drink the tea. Alleged opposition to Lizzie's lover is said to be the girl's motive for doing as she is charged with having done.

CHAMBERLAIN'S SCHEME WINS IN NEW ZEALAND

WELLINGTON, NEW ZEALAND, Nov. 18.—After an all-night's sitting, the house of representatives today passed Premier Seddon's bill for preferential trade between Great Britain and New Zealand. An adapt proposed by the leaders of the opposition, urging the postponement of the consideration of the measure on the ground that sufficient information was not obtainable, was defeated.

TWENTY MEN HURLED INTO A FIERY PIT

Sensational Rescue of Firemen by Their Comrades in New York.

[By Private Wire to The Gazette.]

NEW YORK, Nov. 18.—Twenty firemen hurled into a fiery pit and all escaping with a few burns and scratches and the sensational escape of a man from the coal chute leading into the cellar of the building, were some of the features attending the burning of the building at 358 and 360 Broom street today. The fire is said to have been of incendiary origin, and the district attorney's office was asked to investigate.

A cry of horror went up from the street, where a great crowd watched the spectacular blaze, when the firemen fell into the flames, and, realizing their danger in an instant, the whole force of firemen set to work to help them. Streams of water were thrown on the sixth story of the building where the men had fallen, and the flames were held back until the last man was dragged to the adjoining roof. The men at once returned to work.

FROST IN SOUTH.

Cold Wave of Northwest Now Sweeps the Lower Seaboard States.

WASHINGTON, Nov. 18.—(Special.)—The cold wave of the northwest covers an extensive territory and continued today with undiminished severity over the western and central states. In Montana the temperature fell still further and the weather bureau reports show a minimum of 26 degrees below zero at Havre.

A cold wave is sweeping over the southwestern and gulf states. In Southwestern Texas, Mississippi, Louisiana, Alabama and Georgia the mercury went below 30 degrees.

German Troops Surround Rebels.

CAPE TOWN, Nov. 18.—German troops have surrounded Karreesburg, in German Southwest Africa, where the main body of the Hottentot rebels are posted. Fighting began there Monday last.

LABOR VOTE STILL FREE

Socialists Are Defeated in Their Effort to Pledge Federation of Labor.

BIG BATTLE FOUGHT

Debate Waged an Entire Session Before a Vote Was Taken.

BITTER SPEECH BY GOMPERS

[Special Telegram to The Gazette.]

Boston, Nov. 18.—Socialism has found no place in the American Federation of Labor. The termination of one of the fiercest contests ever waged within the organization was not reached until late this afternoon, but an overwhelming vote was polled in defeat of the resolutions pledging the nation's biggest labor body to the political belief. Oratory only such as is heard in the impassioned speeches of labor leaders filled old Faneuil hall, the most noteworthy being the short but bitter address of Samuel Gompers against the issue.

Nine resolutions presented by Socialists and calling for the adoption of their principles had been reported unfavorably by the committee on resolutions and delegates representing a voting strength of 11,282 registered themselves in support of the committee's recommendation, while delegates with 2,185 votes pledged themselves in favor.

The big debate started yesterday, but was not finished. When the session opened this morning D. W. Richmond, president of the Railway Clerks' International association, declared his organization would withdraw if the Federation adopted Socialistic ideas. Charles Dodds of Chicago made an unsuccessful attempt to introduce a resolution urging wage-earners to vote for trades unionists for elective offices.

He was followed by a number of Socialistic mine workers, and Delegates Kreft of Philadelphia and Slayton of New Castle, Pa., the latter being an enthusiastic Socialistic worker and campaign speaker. John Mitchell, president of the United Mine Workers' made a short speech advising against the adoption of the resolutions.

Late in the afternoon considerable excitement was caused by Delegate Carey of St. Louis making a vigorous attack upon Vice President Duncan because he opposed the adoption of the resolutions. While the excitement was at its height President Gompers called for order, and began a speech in defense of Duncan, and which proved to be the most bitter attack of the day upon the question at issue.

Gompers declared the philosophy of the Socialists was wrong, although their ideas of economic conditions were true. He pointed out that a vote for the resolutions would be construed by the world as an indorsement of Socialism, yet the Socialists did not want trade unionists elected to office. Wherever there have been Socialists they have always opposed the trade unionists who were running for office outside the Federation of Labor.

Gompers became bitter in his statements against Socialism and was interrupted frequently from the floor. In closing, he said:

"I am at variance with your philosophy. Economically you are unsound, socially you are wrong and industrially you are an impossibility. I have an abiding faith in the trades union movement, because it is the protector of labor today, and if emancipation comes some time, it must be the trades union movement that will achieve it."

A great volume of applause followed the conclusion of his speech, and the roll call on the question of concurring in the committee's report resulted 11,282 in favor and 2,185 against, which meant that the convention had refused to commit itself to Socialism.

PRESIDENT TO TAKE A HAND

He Is Expected to Give Order for Probing of Dietrich Indictment.

SUMMERS REBUKED

District Attorney Is Scored by Knox for Interfering With Previous Grand Jury.

THE CHARGE IS AN OLD ONE

The Pittsburgh Gazette Bureau,
Room 10, Postal Building,
WASHINGTON, D. C., Nov. 18.

That the charges against Senator Deitrich of Nebraska will be vigorously investigated by direct order of President Roosevelt, and that Deitrich came near being indicted on the charge of selling postoffice appointments last spring through the same information upon which he has just been indicted, was the sensational development in the case today.

Correspondence of the department of justice with District Attorney Summers, the man whom Senator Dietrich is trying to have displaced, shows that the latter gave Mr. Knox the testimony in the case last June and added that it was through his influence with the grand jury in session at that time that the indictment was held up.

In answer to this Attorney Summers received a severe rebuke from Attorney General Knox, who declared that his action in not allowing the grand jury to proceed as it desired just because a United States senator was involved was "astonishing, unwarranted and highly improper."

Senator Dietrich saw President Roosevelt today. He called alone and was in conference for some time, but would not state what the conclusions were that were reached. It was learned today that the entire correspondence between the attorney general and District Attorney Summers was read to Senator Dietrich, Editor Rosewater and Senator Hanna at the hearing granted these gentlemen yesterday by Mr. Knox.

OMAHA, NEB., Nov. 18.—The publicity given to this correspondence caused considerable comment, but District Attorney Sumners expressed his satisfaction with the action of the department of justice. He expressed the belief that the matter had been considerably cleared up, so far as his office was concerned, and relieved him of charges made that he was prompted by "malice" in bringing the matter to the attention of the grand jury.

The further investigation of alleged transactions in postoffice affairs in Nebraska by the grand jury has been temporarily postponed by demands on that body to hear other cases, the greater number of them concerning affairs on the Indian reservations. It is stated, however, that this latter work is now completed, and that postoffice matters will be again taken up by the grand jury tomorrow. The postoffice at Alma, Oxford, Orleans and Arapahoe are being investigated.

Ordinarily the trials of Senator Dietrich and Postmaster Fisher would not come up in the federal court for two or three months, but it has been stated that Senator Dietrich is anxious to have the cases tried at an early date, and should he express such a desire, it is probable that the court would make an effort to advance the cases on the docket.

SCHOOL UNDER BAN.

Priest Orders Catholic Children from Miss Gould's Sewing Class.

TARRYTOWN, N. Y., Nov. 18.—The Rev. T. J. Early, rector of the Catholic church of Irvington, has forbidden the children of Catholic parents in his parish to attend the sewing school which for years has been maintained by Miss Helen M. Gould.

About 300 children attend the school. Father Early's first objection was made when some of the Catholic children attended a luncheon given by Miss Gould on Friday. At luncheon meat was served and the Catholic children partook of it, unmindful of the day. Another thing the priest objected to was that a hymn was sung at the opening.

TROOPS ARE LANDED.

United States Transport Carries Reinforcements to Jolo and Fighting Ensues.

MANILA, Nov. 19.—An official report says the captain of a United States army transport has landed reinforcements in Jolo, and that fighting commenced as soon as the troops were landed. No further particulars have been received as the cable is interrupted.

A cable from Manila, November 9, said that the Moros of Jolo had broken out in rebellion and that Maj Gen. Wood had left for the scene of the disturbance.

PENNSYLVANIANS VISIT WORLD'S FAIR GROUNDS

ST LOUIS, Nov. 18.—A delegation of newspaper men, members of the Pennsylvania Legislature Correspondent's association visited the World's Fair grounds today as the guests of Messrs William F. Snyder and E. B. Hardenbergh, of the Pennsylvania World's Fair commission. They called on President Francis and Secretary Stevens and invited them to attend a dinner to be given November 28 by the Fellowship club of Philadelphia, and assist the club in securing the loan of the Liberty bell for the World's Fair, many residents of the city opposing the removal of the bell from Philadelphia.

Will Sue Massachusetts Lodge.

BOSTON, Nov. 18.—A suit in equity is being prepared by the supreme lodge, A. O. U. W., against the grand lodge of Massachusetts to prevent the latter body in withdrawing from the supreme lodge. This action was taken at a meeting of the Massachusetts lodge yesterday.

SEEK TO OUST JAMES SMITH AS SHIPYARDS RECEIVER

Concern Holding a Sixteen Million Dollar Mortgage Asks Court to Remove Incumbent and Name Man of Their Selection.

[Special Telegram to The Gazette.]

TRENTON, N. J., Nov. 18.—The ousting of James Smith, Jr., from the receivership of the United States Shipbuilding Company is sought, in the rule to show cause, granted in the United States circuit court here today by Judge Kirkpatrick. The rule, which is returnable November 24, is one to show cause why a receiver should not be appointed for all the properties of the United States Shipbuilding Company subject to the terms of the $16,000,000 mortgage held by the Mercantile Trust Company of New York as trustee.

The petitioner in the action of today is the Mercantile Trust Company, which declares in its bill that on July 1, 1903, there was default in interest on bonds amounting to $400,000, and that there was a further default of $200,000 on the same day for the sinking fund created by the mortgage to retire the bonds. The contention is made that under the terms of the deed of trust the petitioner's right to foreclose has become absolute.

The petition further cites the appointment of James Smith, Jr., as receiver of the United States Shipbuilding Company and contends that the petitioner's right to foreclose became on that moment absolute. The petitioner continuing, avers that in the terms of the mortgage and deed of trust it was provided that in the event the trustee, the Mercantile Trust Company, should commence any appropriate proceedings in law or equity for the purpose of foreclosing this mortgage, this trustee should as a matter of right, be entitled to the appointment of a receiver.

The petitioner states the fact of James Smith, Jr., coming into possession of all the property of the United States Shipbuilding Company and contends they have the right to name a receiver under their mortgage who could take possession of the properties of the United States Shipbuilding Company now in the hands of Receiver Smith.

After citing the fact that Receiver Smith in his recent report alleges that the $16,000,000 bonds issued under and secured by the mortgage or deed of trust sought to be foreclosed were issued without consideration and were illegal, the petitioner says, the bonds were legally issued, and are now a lien on the property. The petitioner prays that a receiver other than James Smith, Jr., be appointed.

NEW YORK, Nov. 18.—The World tomorrow will say that it has verified the report that negotiations are in progress for a settlement of the United States Shipbuilding Company controversy and that a settlement was virtually reached today. The terms of the settlement are as follows:

First, that William B. Guthrie, counsel for Charles M. Schwab, Max Pam, and the Shipbuilding Company will confess judgment in the case. Second, that the legal fees and other expenses attendant upon the enormous amount of litigation, which the complaining first mortgage bondholders were put to will be paid by the Schwab party. These expenses are said to amount to perhaps $150,000. Third, that the holdings of the complaining bondholders who wish to sell their bonds will be purchased on a basis of 90. These bonds have recently sold in the market at 14.

Served Under Four Presidents.

WASHINGTON, Nov. 18.—Samuel F. Phillips, solicitor general of the United States under Presidents Grant, Hayes, Garfield and Arthur, died here today, aged 79. He was a native of New York city. He was a prominent union man throughout the war. Judge Phillips was a member of the United States and Venezuelan mixed claims commissions of 1888 and 1891.

TROLLEY SYSTEM FROM PITTSBURGH TO BEAVER

Route Will Be Through West End and Coraopolis. Big Traction Syndicate Is Mortgaged for $3,000,000.

[Special Telegram to The Gazette.]

BEAVER, PA., Nov. 18.—The Beaver Valley Traction Company, which operates 15 miles of street car lines in the Beaver valley, has mortgaged its entire holdings to the Northern Trust Company of Philadelphia for $3,000,000, and will use the money to extend the lines to meet the West End road at Coraopolis and the New Castle street railway at Nashoningtown.

This will make direct street car communication between Pittsburgh, the Beaver valley towns, New Castle, Youngstown, Warren, South Sharon, Sharon and Sharpsburg, and will hasten the connection of the lines extending out from Cleveland and Erie. Street car lines to connect the Beaver valley with Pittsburgh have been talked of for several years, but this is the first definite step toward the building of a line.

For many years it was thought that the only feasible route would be up the Sewickley side of the Ohio river, and, as the Pennsylvania Railroad Company interests in that borough always have been great enough to prevent a company obtaining a franchise for a street car line through Sewickley, it remained for the Beaver Valley Traction Company to devise a route through the hilly country on the other side of the river. It has just developed that a survey has been made from the end of the Monaca branch of the Beaver Valley Traction Company's line as far as Aliquippa for a double track trolley line, and the survey will be extended to Coraopolis.

Estimates have been made and it has been found that it will cost as much to build the road as it did to build the Pittsburgh & Lake Erie railroad, which the proposed line will parallel. Several deep cuts, long fills and expensive bridges will have to be built, but the company is said not to be daunted by this and will begin the construction in the early spring. In the other direction, toward New Castle, the company's line extends to Morado, two miles above Beaver Falls. From here a survey has been completed to Wampum and the construction will be comparatively easy. No survey has yet been made from Wampum to Mahoningtown, the southern end of the New Castle line, but the distance is only four miles. It is rumored that the New Castle company will extend down to meet the Beaver valley line.

The big mortgage which was put on record today at the court house is prefaced by the resolutions of the company which authorize the increasing of the company's indebtedness to $3,000,000 by a bond issue of 3,000 bonds, each of a face value of $1,000, payable in 50 years with interest at 5 per cent annually. Fifteen franchises and as many once separate street car lines are included. Among these are the Rochester and Freedom line, the Monaca line, the Vanport line, the line from Sharon bridge to Beaver, the line from Beaver Falls to New Brighton, the Riverview line and the Conway line.

EASY VICTORY IS AWAITING REPUBLICANS NEXT YEAR

Gen. Grosvenor Produces Figures in Speech in House of Representatives.

ENOUGH WITHOUT NEW YORK

Ohio Prophet Replies to Champ Clark and Points Out the Small Minority the Democrats Can Hope to Get in the Electoral College.

THE PITTSBURGH GAZETTE BUREAU,
Room 10, Postal Building.
WASHINGTON, D. C., Nov. 18.

Gen. Grosvenor of Ohio, the Republican prophet, in his speech in the house today on the Cuban reciprocity bill, replied to the threats of the Hon. Champ Clark of Missouri, who yesterday predicted the defeat of the Republican party next year and the election of a Democratic congress. Mr. Clark's statements were glittering generalities from which the glitter was removed today by Gen. Grosvenor, who gave facts and figures in support of his argument. In replying to Mr. Clark's assertions Gen. Grosvenor said:

"The gentleman would do well to be a little more conservative in his assertions. He would do well to change his 'probabilities' to 'possibilities,' for that is as much as they amount to."

Then he proceeded to show the fallacy of the Missourian's statements. He reminded the members that in the next electoral college there would be 476 votes, an increase over the last one of 29, due to the increase in the membership of congress, under the re-apportionment. He conceded to the Democrats Arkansas, Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas and Virginia, having a total of 151 votes. The following states he classed as good fighting ground: Delaware, Idaho, Maryland, Montana, Nevada, New York and Utah. They have a total of 62 votes. Thus with the sure Democratic states and the doubtful ones there are but 213 votes, far from enough to elect.

The following states are classed by Gen. Grosvenor in the certain Republican column: California, Colorado, Connecticut, Iowa, Indiana, Illinois, Kansas, Maine, Massachusetts, Michigan, Minnesota, Nebraska, New Jersey, North Dakota, South Dakota, New Hampshire, Ohio, Oregon, Pennsylvania, Rhode Island, Washington, West Virginia, Wisconsin, Vermont, Wyoming. They have a total of 268 votes, or 24 more than enough to elect.

"So where do you Democrats come in?" he asked.

When Gen. Grosvenor classed New York among the doubtful states, Representative Sulzer from that state, remarked:

"You might have added New York to the Democratic column."

"Yes," replied the general, "I might have added Ohio, but I won't."

At this point Representative Robert Baker of Brooklyn, who has already won fame by refusing railroad passes, jumped up and exclaimed:

"The gentleman from Ohio is inclined to gloat by inference over his party's vote in Ohio. Does the gentleman know that the man who was recently elected governor of Rhode Island is the same kind of a single tax Democrat as Tom L. Johnson of Ohio?"

"How's help Rhode Island?" said Gen. Grosvenor, as the house broke into laughter.

Hearsay Will Not Count.

Senator Proctor, chairman of the committee on military affairs, has notified Senators Hanna and Teller that he will expect them to have substantial proof of the charges that will be presented before the committee at the hearing tomorrow on the confirmation of Gen. Wood to be major general. Hearsay evidence and general accusations will not be considered. Facts must be produced to back up the charges.

Senator Hanna and Senator Teller have accepted the terms and it is said that the evidence is being prepared in due form for the committee's consideration. One of the charges will be based upon an article which appeared in the North American Review, in which Gen. Wood was placed in the attitude of criticising the administration of Gen. Brooke in Cuba. This charge is considered very serious by the committee, but it is said that it will resolve itself into a question of veracity between Gen. Wood and Major Runcie, who is said to have written the article at the instance of Gen. Wood. Major Rathbone will be present to support his charges and altogether the hearing promises to be very interesting.

Penrose Will Hear Dispute.

Senator Penrose, Republican state chairman of Pennsylvania, has set November 30, at 10:30 a. m., as the time for hearing the arguments of interested parties in the dispute as to the mode of nominating candidates for congress in the Twenty-fourth district. Secretary W. R. Andrews has sent notices to the county chairmen of Washington, Beaver and Lawrence counties and to the members of the conference committee, asking them to be present in Washington at that time. The dispute is as to whether the primary or conference plan shall be adopted. Representative Acheson and his friends favor the primaries. According to the party rules, when an agreement cannot be reached, the dispute is adjudicated by the state committee, and Chairman Penrose, after a hearing, will decide the case. The general opinion here is that the primary system will be adopted.

Vote on Cuban Treaty Today.

The Cuban treaty bill will come to a vote in the house tomorrow afternoon at 4 o'clock and will be reported to the senate on Friday. It is difficult to predict how long it will take the senate to get through discussing it, in view of the long speeches that some of the senators have announced that they have prepared on it. Senator Platt of Connecticut, who would scarcely be classed as a humorist, possesses a good deal of dry wit. Today he was asked how long he thought it would take the senate to pass the bill. After studying a long time he solemnly asked in reply: "How much is a horse worth?"

This was a characteristic Yankee answer to an impossible question. It is just about as easy to guess the value of a horse blindly as it is to predict how long it will take the senate to get through debating the Cuban reciprocity bill.

Vice Presidential Timber.

The recent visit of Gov. Durbin of Indiana to Washington has caused a boom in his stock as a vice presidential candidate. It is said the Indiana delegation in congress will insist that the second place on the Republican ticket go to that state. Senator Fairbanks has assumed a passive attitude towards the nomination and the impression is that if he does not speak soon, it will be too late for him. If he wants it the entire delegation and Gov. Durbin besides, will no doubt be for him, but he must make his position clear and do it soon. In the meantime the talk of Gov. Durbin in connection with the nomination has been spreading and sentiment in his favor is growing strong. Indiana politicians realize that if they want the place they must soon unite upon a candidate and all pull together for him. A divided delegation in the convention will likely cause them to lose.

Prince Cupid Sees President.

Jonah Kuhio Kalanianaole, otherwise known as Prince Cupid, delegate to congress from Hawaii, paid his respects to the president today. It was the first call at the White House. The prince was educated in Hawaii, the United States and England, and is a good English scholar. He was created a prince of the royal house of Hawaii in 1884, being a cousin of the late King Kalakaua and Queen Liliuokalani.

Pittsburgh Banks Approved.

The following Pittsburgh national banks were approved as reserve agents for Pennsylvania banks: The Farmers Deposit National and the Mellon National, for the National Bank of Claysville; the Colonial National for the Farmers and Merchants National of Mount Morris.

Berger Got a Passport.

About one month ago Henry Berger of Roscoe, Washington county, Pa., disappeared and has not since been heard from. He was treasurer of several lodges in his town and had in his possession, it is alleged, $10,000 of lodge funds. He had come to this country from Germany and Representative Acheson was asked to ascertain if he had secured a passport to return to that country. Today Mr. Acheson received notice from Assistant Secretary of State Loomis, saying that on October 17 passport 79,032 was issued to Berger.

To Decide on McKinley Memorial.

The trustees of the McKinley Memorial association will hold a meeting at the Arlington hotel, in this city, tomorrow, at which the nature of the memorial to be erected at Canton will be decided upon as well as a general idea of the design. It is not yet determined whether it will be a monument or a mausoleum. Justice Day is chairman of the association and Governor-elect Herrick of Ohio will be present.

Acheson Recommends Postoffice.

Representative Acheson today recommended that a postoffice be established at Van Voorhis, Washington county, Pa. He also presented to the house a resolution passed by the Pittsburgh grain and flour exchange asking for amendments to the Elkins interstate law.

Smith Introduces Pension Bill.

Representative Smith of Punxsutawney has introduced a bill granting pensions to all widows of soldiers and sailors who served not less than 90 days in the civil war. They are to be pensioned at the rate of $8 a month, regardless of subsequent marriages, providing they are dependent upon their own resources and have an income of less than $25 a year.

Wants More Money for Building.

Representative Hughes of West Virginia has introduced a bill appropriating $10,000 for a public building at Bluefields, W. Va. The town already has an appropriation of $10,000 for a site. Mr. Hughes has also recommended the appointment of Lewis Toney as postmaster at North Fork, McDowell county, W. Va.

Dined Congressman Burton.

Representative T. E. Burton of Cleveland was given a dinner at the Shoreham this evening by the members of the river and harbor committee of the last congress, of which Mr. Burton was chairman.

Wants Ohio Man in Command.

Representative Beidler of Ohio wants to get an Ohio man in command of the battleship Ohio. The battleship will be ready for duty next spring and Mr. Beidler has asked the navy department that Capt. Leavitt C. Logan of Medina county, O., be given command of her. Capt. Logan is on shore duty and has been assigned to command the Oregon.

PANAMA CANAL SIGNED OVER TO UNCLE SAM

Continued from First Page.

wait for the return here of Minister Beaupre, but will shortly leave this country.

According to today's dispatches from Mr. Beaupre Colombia wanted a categorical answer as to the intentions of the United States toward Panama, the Colombians not yet believing that the United States would go to the length it is known here it has done. The state department sent a sharp reply to the effect that the independence of Panama had been recognized in the interest of humanity.

Still more important news was received here in a "private letter" to the state department to the effect that the departments of Cauca and Antioquia, which are the buffer departments between Panama and Colombia, were about to revolt. As the invasion of the republic of Panama is to be by land there is every indication that the revolution in the Cauca and Antioquia departments is being stirred up by the pro-Panama interests.

It would not be surprising if Venezuela were now stirred up to attack Colombia on the east and seize some of Colombia's territory so as to practically wipe her off the map.

Rear Admiral Walker reports to the state department today that the peace mission of the Colombian commissioner to the republic of Panama has failed. The United States authorities yesterday intimated that there would be a failure.

The war department was informed of the news from Consul General Gudger as to Colombia's intentions and there was renewed consideration of having parts of the army ready in case of necessity.

In talking over the new situation this afternoon war department officials considered sending to Panama the Ninth and Sixteenth infantry, also a light battery from Ft. Leavenworth, Kas. It is now said that Gen. J. Franklin Bell, president of the general service and staff college at Ft. Leavenworth, is under consideration as the officer to command the troops.

MUSSULMANS BURNED VILLAGES FOR REVENGE

Bulgarian Towns Are Destroyed. Turkish Troops Are Twice Defeated.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

CONSTANTINOPLE, Nov. 18.—The Mussulmans in the district of Kirk-Kilissch have burned five Bulgarian villages in revenge for an attack made by the Bulgarians on the Mussulman village of Zarasa.

The revolt in the vilayet of Yemen, Arabia, is extending southward. The Ottoman troops advancing on Hodaida were determinedly opposed by the revolting tribes and were forced to retreat. Another attempt to advance from Mokha failed, the Turkish troops being defeated.

It is understood here that unless the Turkish reply to the Russian-Austrian reform scheme is received by November 20, Baron Von Calice, the Austrian-Hungarian ambassador, and M. Zinovieff, the Russian ambassador, will demand an audience of the sultan, with the view of insisting on its acceptance.

MUST FUMIGATE TRACTION CARS

Allegheny Select Council Unanimously Adopts Resolution to This Effect.

COMPANY TO BE NOTIFIED

Appeal of Chamber of Commerce for $5,000 for World's Fair Exhibit Is Agreed To—Lively Discussion Over Delinquent Tax Collector's Ordinance.

The Pittsburgh railways company is to be compelled to fumigate its cars in Allegheny. This was decided yesterday afternoon by the select branch of councils. A resolution to this effect, introduced by Morris Einstein, was passed unanimously under a suspension of the rules. Director Thomas B. Scandrett will inform the officials of the company of this action today.

Col. A. J. Logan and George H. Anderson, president and secretary, respectively, of the Pittsburgh chamber of commerce, spoke to the members in favor of an ordinance providing for the appropriation of $5,000 as Allegheny's share of the expense of preparing a relief map of the Pittsburgh and Allegheny districts to be exhibited at the Louisiana purchase exposition. The measure was passed unanimously.

The ordinance for the issue of $20,607 Chester avenue bonds was passed finally. A number of ordinances for the transfer of money from one appropriation to another, introduced by Director McIlvain, were held over. Dr. Easton declared that "this juggling system of transferring sums from one appropriation to another has every member of this branch confused."

Councilman Robert L. Henderson's measure, asking that the city be relieved of the expense of providing the delinquent tax collector with an office, stationery and stamps was passed, and the ordinance providing that the city get 2½ per cent of the collections of the delinquent tax collected was defeated by a vote of 7 to 7. President Torrance ruled that the measure was lost for a lack of a legal majority. The vote was as follows:

Ayes—Bealor, Beatty, Deverts, Kirschler, Lecky, Oliver and Torrance.

Noes—Borr, Brown, Easton, Einstein, Hock, Robinson and Tschume.

Mr. Einstein wanted the ordinance sent back to the finance committee, but Mr. Kirschler declared this was useless, as the finance committee had already acted on it and could do nothing more. Mr. Beatty, Citizens member from the Sixth ward, declared that the ordinance had been put into councils by the friends of Delinquent Tax Collector Davidson simply to deceive the public.

"I want this ordinance brought to a vote," he said, "to have it demonstrated whether or not there is any honesty in the Citizens party members. They killed the ordinance to abolish the delinquent tax collector's office and declared they would favor a measure giving the city half the collections."

It was brought out in the discussion that during the past four years the Allegheny delinquent tax collector has received yearly in fees more than $22,000.

The ordinances for the grading, paving and curbing of Petrel and Refuge streets in the Ninth ward, were defeated by a unanimous vote.

These measures were introduced: Ordinances for the grading, paving and curbing of Nachelman street and a sewer on the same; for the erection of a pumping station in the Fifteenth ward, for the issue of $21,487 worth of bonds for the grading, paving and curbing of Superior avenue, and $48,000 of temporary loan to meet the expenses of the bureau of public lighting. Resolutions were introduced and referred to pay $405 to William Hannah of the bureau of highways and sewers, and $210 to William Huchenstein of the bureau of public lighting for injuries received while on duty.

EMPLOYES BANQUET.

Third Annual Meeting of J. C. Buffum Company's Men Proves Big Success.

The third annual banquet of the officials and employes of the J. C. Buffum Company was held last evening at the Colonial hotel. Over 50 men connected with the company were in attendance and in addition there were about 25 invited guests. Mr. Buffum, who is with his wife on a ranch at Fair Oaks, Cal., was unable to attend, but sent a letter of congratulations and good wishes.

J. C. BUFFUM.
Founder of the Company.

Leon J. Long, Esq., counsel for the company and a stockholder, was master of ceremonies. J. E. Baylor was toastmaster. Speeches were made by William M. Schwartz, treasurer of the company; W. P. Ifft, Z. B. Swearingen, who delivered to Mr. Long a silver mounted umbrella for Mr. Buffum; Secretary George C. Boes, Vice President Wayne Gilland and Edward McDugall.

POPE CONFERS HONORS ON MERRY DEL VAL

ROME, Nov. 18.—The pope today appointed Cardinal Merry del Val, the papal secretary of state to be prefect of the sacred palaces, a position which under the late Pope Leo had been made distinct from the secretaryship of state and has been intrusted to Cardinal Mocenni who held it until now. It makes Cardinal del Val head of the ministration of the vatican and the centering in his hands the highest powers of the papal government.

COUNCILMAN J. W. PIATT SENT IN RESIGNATION

City Clerk's Contention That the Majority in Select Council Shall Continue to Be 20 Votes Is Combatted by Lawyers.

James W. Piatt, whom the courts decided had no right to hold a seat in select council as the representative of the Second ward, because he had been a resident of the Third ward, has resigned from the body. In his letter of resignation Mr. Piatt, however, states that he has resigned because he has removed to the Twentieth ward. Mr. Piatt has been living in the Twentieth ward for about two months.

His letter of resignation was handed to Thomas E. Perry, who has presided as president pro. tem. at the recent meetings of select council, and will be presented to that body at its next regular meeting.

The writ ousting P. J. Donahoe has not been served upon the municipal officers and City Clerk E. W. Hessler stated yesterday that Mr. Donahoe's name would remain on the roll of select council until he received a copy of the writ.

W. E. Sankey, who announced that he had given up his seat in select council because of his removal from the city to Baldwin township, has not yet handed in his resignation, and until he does he will be counted as a member.

The city clerk stated yesterday that until select council took some action in the Piatt and Donahoe cases there would continue to be 36 members of that body, the membership having been reduced from 38 by the deaths of President John S. Lamble and William J. Rothweiler. He said he recognized no other vacancies at present.

The contention of the city clerk that the majority of select council shall continue to be 20 votes, regardless of the ouster of Messrs. Piatt and Donahoe, is combatted by some lawyers, who declare that Piatt and Donahoe cannot be considered as members because they were not legally elected.

However, it is a fact that the Citizens will be able to command a legal majority if they obtain their full strength. John A. Murphy, a Republican, is willing to vote with them to abolish all rump committees and to pass the Baltimore & Ohio railroad ordinances, and his vote will give them the requisite 20 votes.

HORSE SHOW GROWING IN CROWDS AND INTEREST

Parade and Awarding of Prizes Were Features of the Day.

[BY PRIVATE WIRE TO THE GAZETTE.]

NEW YORK, Nov. 18.—Improved weather conditions and mid-week, always the most attractive period for the horse show, combined to decidedly change the social atmosphere in the Garden today. It was evident early that the attendance and interest would be greater than on the first two days of the show and as the day wore on, with cooler and crisper air and brighter skies, a constantly increasing throng made its way to the show.

The exercising of the horses coupled the morning hours and there were many pretty children in the boxes who followed with amused interest the movement of the horses and riders in the ring.

The parade and judging of the Shetland ponies greatly excited the little men and women in particular.

Mrs. James Grosvenor as usual rode her fine Petroleum and Mrs. William Blackwell and Mrs. Hollister showed their brown mare Beauty and chestnut gelding Fascination respectively. The children applauded when the blue ribbon for ponies went to Mrs. Gerkens' Donaster Model, although there were some sighs over the defeat of Spider, owned by little Miss Lorena Carroll, the pony with a romantic history.

SOLD WELL AT 4 PER CENT.

Good Premium Paid for $550,000 Worth of County Road Bonds.

At 4 per cent the county commissioners were able to get a good price for $550,000 worth of bonds issued for building county roads. The bonds run for 30 years, but may be bought in at any time after 20 years. N. W. Harris & Co., of New York, offered a premium of $18,893.50, almost equal to one year's interest, and were awarded the bonds.

Under the new road law the commissioners are empowered to issue $550,000 worth of bonds each year to pay for road building. They attempted to float a 3½ per cent issue, but failed after advertising several times. Then they raised the interest to 4 per cent.

Other bidders and the premiums they offered yesterday were: N. Holmes & Sons, Pittsburgh, $12,485; Farson, Leech & Co., New York, $1,375; R. Kleybolte, New York, $16,939; Lampatch Bros. & Co., Cleveland, $19,255; Dennison, Pryor & Co., Cleveland, $9,465; W. J. Hays & Sons, Cleveland, $11,000; Seasongood & Mayer, Cincinnati, $1,483; Dick & Robinson, New York, $12,617.50; Granam & Co., Philadelphia, $6,650.

STEADMAN—ROSE WEDDING.

Pittsburgh Steel Man Takes a Bride in Cincinnati.

CINCINNATI, Nov. 18.—(Special.)—The marriage of Miss Rose Gertrude Steadman, daughter of Mr. and Mrs. R. W. Steadman, to Floyd Rose of Pittsburgh, was celebrated tonight at the home of the bride's parents. It was a white chrysanthemum affair, with great bunches of snowy blossoms everywhere. The bridesmaids were the Misses Bussey of Urbana, O., and Miss Moberley of Richmond, Ky. George Rose of Pittsburgh was best man and A. B. Montgomery of Pittsburgh and Robert Humphries of Cincinnati were the ribbon bearers. The Rev. Charles Frederick Goss and the Rev. Mr. McKibben were the officiating clergymen.

Those joining the bridal party at the supper table were Mr. and Mrs. William Todd, Mr. and Mrs. Magley, Mr. and Mrs. R. W. Anderson, Mr. and Mrs. Charles Cobb, all of Pittsburgh. Mr. and Mrs. Rose will spend their honeymoon in the east and will return to Cincinnati for a few days before going to Pittsburgh, where Mr. Rose is a steel man.

MONEY FOR MISSIONS.

Appropriation for Chapel for the Anglo-Japanese College.

Over $6,000 was appropriated for new buildings and the transfer of missionaries at a meeting of the board of foreign missions of the Methodist church, at the Methodist Publication building, Fifth avenue, yesterday.

An appropriation of $2,000 was made for the construction of a chapel for the Anglo-Japanese college, located at Nagoyo, Japan. Religious services have been held in the college building heretofore. Under a new Japanese law, such services must be held in a separate building. The new law makes a similar provision for physical and chemical laboratories, but the board took no action yesterday regarding the removal of these departments to separate buildings.

The Rev. C. D. Murphy, a missionary from Japan, was present. F. H. Lewis, president of Oberlin college, presided.

Eva Booth Seriously Ill.

NEW YORK, Nov. 18.—(Special.)—Commissioner Eva Booth, the Canadian commander of the Salvation Army, is seriously ill here with nervous prostration, owing to the death of her sister, Mrs. Booth-Tucker. Dr. Graham Chambers, the commander's physician in Toronto, is on his way here. Miss Booth was better today and it was hoped Dr. Chambers could take her home.

First President Inaugurated.

NEW YORK, Nov. 18.—(Special.)—Dr. Josiah Strong was today inaugurated as the first president of the American Institute of Social Service. The inaugural was presided over by Dr. Lyman Abbott. After an invocation by Dr. Lyman Abbott, brief addresses were made by Mrs. Catherine Hazard, president of Wellesley college, and Miss Mary Woolley, president of Mt. Holyoke college.

William Metcalf to Lecture.

William Metcalf, a former president of the Engineers' Society of Western Pennsylvania, and one of the most prominent iron and steel manufacturers in Pittsburgh, will give a free lecture before the Academy of Science and Art in the Carnegie lecture room this evening. Mr. Metcalf will speak on "Technical Education and Some Post-Graduate Courses."

New Officers Elected.

At a meeting of the Homestead Realty Company stockholders the following officers were elected: J. M. Motamaugh, president; C. M. Cubbison, secretary; J. P. Miller, treasurer, and J. Merril Wright, solicitor. These changes in the officers of the company were brought about by the resignation of P. O. Boyd from the president of the company and R. M. Fry from the secretaryship.

KILLED BY CAR ON HIS BIRTHDAY

Boy Had Received Pennies and Was Returning Home With Arms Full of Sweetmeats.

SAD SIGHT FOR THE MOTHER

Death of Italian Youth Who Had Been Wounded Mysteriously at Canonsburg. Other Cases for the Coroner for One Day.

Nine years old to the day and a lad the pride of his father, Heinrich Schaffer left his home at No. 109 South Beatty street, East End, yesterday morning for school with the promise that when he returned a handful of jingling pennies might be his for his birthday. Shortly after 3 o'clock he rushed triumphantly into his mother's presence to claim his own, and, pushing aside his dinner, little Heinrich ran as swift as his legs could carry him to a baker shop on Penn avenue.

Loaded down with sweetmeats he was making for home when, as he was about to cross the tracks, a trolley car struck him, and before the motorman could check the speed of the car the front wheels had hit the boy's head and breast and he was instantly killed.

Screaming at the top of his voice a companion carried the news to Mrs. Schaffer who hurried to the scene with a nursing baby in her arms. Too frantic to be quieted, she was forced from the crowd and led home. The crew of the car attempted to remove the body by means of jacks, but it was so near the wheels that a call had to be sent for an emergency wagon. The police meanwhile placed the motorman, W. H. Bergstresser, under arrest. Bail was given before Alderman Nagley by officials of the Pittsburgh Railways company. The car, No. 3178, was bound for Wilkinsburg.

After removing the remains of the body they were taken to the undertaking rooms of T. B. Moreland, nearby, and later transferred to the home. The funeral services will be held Friday afternoon at 2 o'clock. The pallbearers will be a number of boys of the Sunday school class of St. Peter's German Lutheran church, Collins avenue and Station street, where Heinrich attended. The interment will be at the German cemetery, Lemington avenue.

John Guiseppa an Italian, 15 years old, who was shot in the thigh in a mysterious manner at Canonsburg on November 11, died at the West Penn hospital last night. The investigation made by Deputy Coroner Limber brought out three stories the boy had told of how he received his injuries.

One story was that a contractor had shot him and Antonio Marimalla, a boy who lived with him, witnessed the shooting. Another story was that he was hurt in a blast. The third account was that he had been walking along the railroad with a rifle on his shoulder. He was frightened by the approaching train and in springing from the track dropped the rifle. The weapon exploded and the ball struck him. Deputy Coroner Limber was told the boy's name was John Di Secco. The case will be investigated further today.

Joseph Cegelski, 35 years old, of No. 2735 Penn avenue, was killed by a train on the Pennsylvania railroad at Thirty-second street crossing yesterday. He was a laborer and was on his way home when killed.

The man who was killed on the Pittsburgh & Western railroad at the Etna crossing, Monday, was identified last night as John Koch, a farmer, 38 years old, of Shaler township.

Mike Mucha was killed yesterday noon at the Homestead steel works by falling from a scaffold in the new 140-inch mill being erected there. He was 27 years old and leaves a widow and four children in the old country.

The inquest in the death of Adolph Bergele, who was found dead at Glenfield, November 11, with a bullet in his heart, was postponed yesterday by Coroner Jesse M. McGeary until November 23, on account of the absence of three witnesses.

DISCUSSED THIRD TRACK.

Tarentum Councilmanic Committee Met Representatives of West Penn Road.

The proposed laying of a third track was the object of a conference yesterday between Superintendent F. F. Robb of the West Penn division of the Pennsylvania railroad and a committee of Tarentum council. The town authorities object to the additional track because they say it would render impossible the approach to their principal street. Mr. Robb assured the committee that Wood street will be kept open, though the railroad owns sufficient land to close up the highway. The Tarentum council will now make their wants known in writing. It is possible that the company may make an elevation and put in four tracks.

The railroad company may some day consider a proposition made by the council to donate a tract on West Sixth avenue for a freight yard in exchange for the present depot site, which the town wants for a park, according to Mr. Robb. The committee consisted of Justus Hess, T. Ross, C. N. Reed, W. A. Marvin and John Duster.

HARDWARE ASSOCIATION MEETS AT ATLANTIC CITY

ATLANTIC CITY, Nov. 18.—(Special.)—The ninth annual convention of the National Hardware Association of the United States began this morning at the Hotel Rudolf, with President R. A. Kirk of St. Paul in the chair. About 1,000 delegates, from nearly every state in the union, were present. The annual address of the president was read. It was a most interesting paper to the trade. T. James Fernley of Philadelphia, the secretary-treasurer, also delivered his report. W. P. Bogardus, president of the National Retail Hardware Dealers' association, and Secretary M. L. Corry addressed the convention.

WILKINSBURG OFFICER HAS NARROW ESCAPE

While going through the residence district in Wilkinsburg last night Chief of Police Harry Irvin discovered a man at work on a rear window in the home of James Houck, North avenue and Mulberry street. When commanded to surrender the burglar fired his revolver at Chief Irvin and the bullet tore away a portion of the chief's cap. Officer Frank Logue was attracted by the shot and with the chief followed the burglar, but he escaped in the darkness.

Coming Home to Present Church.

Charles M. Schwab has notified relatives that he will arrive in Braddock on Saturday morning to attend the exercises and consecration of the new St. Thomas' Roman Catholic church in Braddock avenue, Rev. Braddock, which he donated to the congregation, of which the Very Rev. John Hickey is the pastor. On Saturday evening Mr. Schwab will formally present the new building to the congregation and the Pittsburgh diocese. The church cost $125,000.

Deaths from Smallpox.

Death from smallpox yesterday were: George Rounds, colored, 60 years old, No. 187 Fourtieth street; John Moody, colored, 51 years old, year of No. 4 Kirkpatrick street; Florence Albern, white, four months, No. 2299 Fifth avenue. The new cases reported were: John Flinn of Altoona, found in Grant street; J. B. Big Fire at Latrobe.

LATROBE, PA., Nov. 18.—(Special.)—Fire at 10:30 tonight destroyed the store of Halow & Son, in West Depot street. The fire resulted from a defective flue and the damage will amount to $12,000, with $8,000 insurance. The building and contents were entirely destroyed. The building was used as a general store. The old Latrobe house, nearby, was threatened by the flames, but was saved.

PEACE BLOCKED IN MOTOR STRIKE

Chances for Arbitration of Chicago Trouble Not Favorable Now.

THE COMPANY IS OBDURATE

Long Day of Conferences Between Company, the Mayor and Men Finds the Principals Far Apart—Company to Start Another Line.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

CHICAGO, Nov. 18.—"The prospects for a speedy settlement of the strike of the employes of the Chicago City railway are not as hopeful as they were yesterday."

This statement was made by Mayor Carter H. Harrison tonight, after a day of conferences between the city council peace commission, delegates of the strikers' union, and representatives of the Chicago City Railway Company.

"Whether the difficulty will finally be adjusted by arbitration I am unable to say," continued the mayor. "Every effort possible was made today to have both sides to the controversy adopt this means of settlement, but without satisfactory results. The officials of the company however, promised to send me tomorrow morning, a more complete statement of their position than they were able to give tonight, but from today's developments I am not so sanguine as I was yesterday that they will agree to the proposition of arbitration as submitted by the strikers."

The meeting which terminated just before Mayor Harrison made his declaration regarding the dubious prospects of settling the strike was held between the mayor, President Hamilton and Col. E. R. Bliss, attorney for the railway company. President Mahon, of the union, was also invited, but declined to attend. The meeting lasted until 11 o'clock, and the entire ground was gone over.

None of the parties would say what was done, but it is generally understood that the company stood willing to arbitrate wages, but unwilling to arbitrate the right of the union to control the discharge of employes, a claim of the union to the right of arranging the time and manner of "routing" cars.

It was decided tonight to start cars tomorrow on the Halsted street line. This will make the fourth line in operation. The day was the most quiet of the strike. Cars came and went on Wentworth avenue, Cottage Grove avenue and Indian avenue with very little trouble. All of them were under the protection of the police and they carried very few passengers, but they were not interfered with in any serious manner.

The teamsters' union took action tonight that may result in one of the most serious labor situations ever seen in this city. At a general meeting of the organization it was decided to order all members of the teamsters' union to refuse to deliver any articles to the Chicago Railway Company during the existence of the present strike. It was also decided that if any of the teamsters were discharged by the employers for refusing to deliver goods to the railway company a general strike would at once be ordered against the Chicago Employers association.

Everybody Is Talking About The Angelus Piano Player

The new Angelus, just perfected during the past summer, is the one Piano Player that people are marveling at today. It is the Piano Player of progress.

The splendid improvements in the late models show the activity of the musical genius back of the Angelus.

The Piano Player was invented by Mr. White. The first Angelus was produced in 1897. A year later the first imitation appeared. But the vital patents, that stand for so much in the Angelus, were secured.

The marvelous results of the Angelus had to be reached by imitators in round-about methods. Today the country is full of imitations. But hear what Mr. W. W. Woodruff of Oakmont, Pa., said in a letter on the subject of the Angelus and its imitators:

"It always is a pleasure to speak highly of anything worthy of praise, therefore I am kept busy thinking up words fully to make my friends understand what a glorious masterpiece the Angelus is. Personally I would rather be without butter for my bread than without an Angelus for my piano. Speaking of butter, I have tried oleomar-

As the Angelus was first, in the beginning, so it is today. The Messrs. White possess the musical genius that originates and invents. And never was an imitator so far behind as are Angelus imitators today, when the superb new model—human and sensitive as the fingers on the harp strings—is compared with its foremost rival.

These are the reasons why everybody is talking about the Angelus.

ORPHANS ARE TO OPERATE BUS LINE

Will Convey the 15 Original Political Waifs to All the Ward Meetings.

IS TO START IN JANUARY

Mayor Hays and Director Bigelow Have Apparently Patched Up a Truce in the Removal of Nicewaner—Washington Men to See Pennypacker.

Something new to Pittsburgh in the way of campaigning is to be inaugurated by the Orphans. A bus large enough to hold the 15 original political waifs is to be put into commission about the first of January and used nightly until election day in February.

The bus will carry the Orphans to the various ward meetings. Each Orphan is to make a one or two-minute speech and then the whole crowd is to be hurried to the next rally of the faithful. By this method Controller John B. Larkin expects that the Orphan gospel can be carried to all parts of the city in a way which will attract attention.

The Orphans' central committee held a meeting somewhere last night. These gatherings are secret, even the rendezvous of the waifs being withheld. A resolution was adopted requesting the various Independent voters' ward associations to accept Orphans as their party name. The committee also decided that it would not interfere in councilmanic nominations, leaving each ward to make its selections. This rule will be suspended if the central committee is of the impression that any ward has named an "objectionable" candidate. Treasurer G. W. McNeil announced the receipt of several substantial campaign contributions.

Mayor Hays has asked for the resignation of E. G. Nicewaner, superintendent of the bureau of highways and sewers in the department of public works. He suggested to Director E. M. Bigelow that Nicewaner should be removed, but the suggestion has not been acted upon.

The mayor and Bigelow were together for a long time yesterday afternoon. It is possible that the director has convinced Hays that Nicewaner should be retained, but it is the general impression at City hall that Bigelow has just secured a delay until the mayor returns from his southern trip. Hays would not discuss the matter yesterday afternoon. Bigelow says that he has not asked for Nicewaner's resignation and can see no reason for his removal, claiming that the superintendent has been doing good work.

Thirty-second ward Republicans are urging John Haworth, a retired contractor, to become a candidate for common councilman. James Reed will be named for select councilman.

A committee of Washington county lawyers will go to Harrisburg tonight to see Gov. S. W. Pennypacker in the interest of the candidacy of Judge J. Add. McIlvaine for supreme court justice. The committee will be composed of Boyd Crumrine, W. S. Parker, R. W. Irwin and H. Russell Myers.

JOHN GLENN IS SOON TO BE GUILLOTINED

Assistant Superintendent of Allegheny Police Bureau Said to Be Slated for Removal.

Assistant Superintendent John Glenn may soon be removed from his position in the police bureau of Allegheny. His long connection with the old Republican organization has been used as an argument against him. Neither Mayor Wyman

JOHN GLENN.
Assistant Superintendent of the Allegheny Police Bureau.

nor Director Scandrett will talk regarding the contemplated removal but Glenn has confided to some of his close friends that he does not expect to remain in his position another week.

M. H. Campbell superintendent of police, said last night that he had not heard of Glenn's possible removal, but knew that some politicians had been working against his assistant for months. Campbell is strongly in favor of retaining his associate. Some are of the opinion that Glenn was retained only long enough to initiate Campbell into the workings of the bureau, and now that the superintendent is pretty familiar with his work Glenn's usefulness to the administration is ended.

The following were removed from the bureau of highways and sewers yesterday: O. Heldenrich, Walter Hague, J. C. Myers, Dan Fonks, Albert Pallot, John Law, John Downey, S. Sye, J. C. Anderson, John Rowe, George Herron, Dan Crowley, Christ Eisenbrug, J. Slifer, C. Albrecht, Jacob Fisher and M. Fielding.

ROBBERIES CONTINUE IN M'KEESPORT

Two robberies were reported to the McKeesport police yesterday. Two Austrians were held up by unknown negroes at Seventh street and Muiberry alley. The negroes gave the Austrians a beating and then rifled their pockets, leaving them without a cent. The meat market of Hampson & Wairath, at Seventh avenue and Walnut street, was broken into and the contents of the cash drawer, $3.50, were stolen.

Actress Attacked With Illness.

Miss Mary Norman went through her act as entertainer at the Avenue theater last evening in spite of illness in the nature of a nervous chill. She was assisted from the dressing room to the stage, and later in the evening her condition was sufficiently serious to necessitate the services of a physician. FATE AND DEMOCRACY DID NOT WORST LAWLEY

Despite the Fact That Their Combination Was Against Him the Twenty-First Ward Man Won Assessorship Appointment.

With fate and a part of the Democratic party against him, John Lawley was yesterday appointed and sworn in as city assessor to succeed the late D. O. Barr. Had he been five minutes later, he would have probably lost the job.

Lawley lives in the Twenty-first ward and is a follower of County Commissioner James A. Clark. When the municipal pie was cut in April, Clark tried to land a police magistracy for Lawley, but Charles A. Fagan and W. J. Brennen secured the two places allotted to the Democrats for friends of theirs.

When Assessor Barr died, Clark started a campaign for Lawley. The county fight was then on and the Citizens leaders suggested that no appointment be made until after the election. In the meantime a number of Democrats came to the front willing to assess real estate. Mayor W. B. Hays said that the Democrats had to agree on a man.

Late yesterday afternoon the mayor decided that Lawley would do and so informed Clark. The commissioner was told that the mayor was leaving for North Carolina at 6:30 o'clock last evening and that if Lawley was produced before 6 o'clock he would be appointed and sworn into office.

Clark knew that if the appointment was delayed until Hays returned from the south, Lawley might be forced out of the race, so he set to work to get his man to city hall. The new assessor is a clerk for the United States Steel Corporation at Braddock. Under the office rules in force at the Edgar Thomson plant telephone communication with the clerks is impossible. Effort to get Lawley to the telephone failed and a messenger had to be sent for him.

Clark figured that Lawley could get a train at Braddock that would land him at Union station at 5:15 o'clock. Ten minutes later he was expected at city hall. Clark was waiting in the rotunda with John Long, superintendent of the bureau of public properties. The mayor was supposed to be in his office. At 5 o'clock the commissioner discovered that Hays had escaped.

About this time Clark learned that John F. Ennis had been busy with the mayor about 4 o'clock and there was reason for suspecting that the city gauger had succeeded in having Hays agree to hold up the appointment until he returned from the southern trip. Clark grew busy. He hired a cab and told the driver to have his vehicle ready for a hurried trip to the home of the mayor.

Clark and Long stood on city hall steps with watches in hands. At 5:25 Lawley was not in sight. Five minutes later the commissioner was nervous and remarked that if the appointment was not secured before Hays left town, it would be lost. At 5:35 Lawley was seen pushing his way through the crowd in Smithfield street. Clark shoved him into the cab and yelled to the driver to make time.

The mayor was just starting for the train when Lawley and Clark reached his home. Hays was induced to drop his traveling bag and appoint and swear in the new assessor. At 6 o'clock Lawley was back at city hall. He said that he had missed the train at Braddock by one minute and had to come to Pittsburgh by the way of Homestead in a trolley car. He will assume the duties of his office this morning.

Fits 17 Years Cured

When All Other Methods and Doctors Failed.

Epilepsy is one of the most alarming diseases that anyone can be afflicted with. It is also the least understood by physicians and most difficult for them to treat. Thus those who have tried doctors for years are likely to have become discouraged and believe themselves incurable. Yet they can be cured, for Wheeler's Nerve Vitalizer has cured hundreds of cases that had been declared hopelessly incurable.

"My daughter was afflicted with fits for four years, occurring as often as seven or eight in a day. We spared no expense in seeking relief for her. Wherever we could learn of a physician noted for superior knowledge in treatment of fits his advice was secured, but invariably she was pronounced incurable. Finally I took her to Ann Arbor for treatment, believing if there was any possibility of a cure we would find it there, but they, too, failed and we were completely discouraged and made up our minds there was no hope. Some of our friends urged us to use Wheeler's Nerve Vitalizer, and a decided change for the better was noticed after the first dose. In less than two months she was cured and has not had a fit since." Peter Phillips, Shabbona, Mich.

Wheeler's Nerve Vitalizer is for sale by all druggists at $1.00 a bottle, or is sent, express paid, on receipt of price. J. W. Brant Co., Ltd., Albion, Mich.

The Electric Loom Is Weaving "Moneybak" Black Silks Daily in the Basement, East Store.

Most interesting process to anyone interested in silk fabrics. Shows perfection of weaving by combination of skilled labor and a machine almost endowed with human intelligence. This combination, using a perfectly pure silk thread, produces a thoroughly reliable silk, viz: either "Moneybak" Black Taffeta or "Moneybak" Black Peau de Soie.

Every woman who has seen this loom in operation was deeply interested, particularly those who have worn and know what high grade black silks mean. *These "Moneybak" black silks are the kind that wear long and wear well.*

This is the first time this silk weaving process has been exhibited in either city, and as the stay of the loom is short, women in particular should *make it a point to see it in operation.*

"Moneybak" Black Silks are on sale at our silk counter, main floor, West Store. They are not expensive considering their high quality—$1.00 to $2.50 *a yard.*

Slippers in Every Style.

Our enlarged Shoe Department has taken possession of its new and permanent quarters, first floor, main aisle, East Store. While a few of the finishing touches are yet to be applied, the vast improvement over the conditions of things as heretofore is everywhere apparent. More room, more light, more comfort, more general shoe store necessities and luxuries.

Today we'll tell you exclusively of Slippers. Our line of Slippers deserves the most glowing word-picture we can paint of it. You'll agree with us after you've inspected the showing. Here are Slippers of every description, a line broad in the broadest sense of the term. Embracing everything that is new, everything that is dainty, everything styleful. Another thing, solid comfort is an element we don't lose sight of, no matter to what purpose the slipper is destined.

Note the examples:

Women's Patent Leather Vassar Ties—elaborately trimmed in jet beadwork—handsome in every way—$5.00.

Women's all-patent leather 3-strap Slippers. Two styles, one with French heels, the other with full Louis XV. heel. $3.50 and $4.50 respectively.

Women's all-patent leather Victoria Ties—trimmed with steel beadwork—Louis XV. heel, $5.00. Permit us to inform you, ladies, that this is the newest thing in slippers.

Women's Vassar Ties—patent leather vamp, braided and dull quarter. A very striking number, we assure you. $4.00.

Women's Cross Strap Slippers—in dull kid, jet beaded—both new and stylish. $3.50.

Women's Vassar Ties—of dull kid, trimmed in jet beadwork—a rare combination of style with comfort. $3.50.

Women's Dongola Kid Slippers—in double strap style—Louis XV. heel—prettily trimmed in beads. $2.00.

Women's Dongola Kid Slippers in one strap style—Louis XV. heel. Something very neat, and the price is only $1.75.

Women's House Slippers—of Dongola kid, one strap, flat heel. A most comfortable shoe. $1.50.

Women's Suede Slippers in the popular braided style, and a most dressy evening shoe it is for the price—$3.00.

Women's Black Satin Vassar Ties—something that is both new and pretty and moderately priced, as well. $3.50.

Women's Felt Juliets, in black and trimmed with fur—very neat covered heel. $2.00. For house wear, of course.

Women's Juliets in black, green and red, prettily trimmed with fur. $1.50.

The French Flannels at 30c a yard for 65c grade, at 40c for 75c grade, at 45c for 85c grade.

The sale started yesterday morning, and you may be sure there was a rush. Don't presume to say you rushed for them because you happen to see it in print. The weather was on our side. It isn't every day French Flannels are offered for such underprices. As the lot comprises some 6,800 yards in more pretty color combinations than we can describe in a limited space, we'll leave you to surmise the broad color arrangement. Splendid choice today.

Heavyweight Underwear for Men.

The weather decrees it, therefore you must have recourse to large varieties if you are at all particular. By the way, d'ye know that we like to sell to particular men? Truth to tell, there is not much satisfaction in selling to a man who is ready to take the first thing thrown out to him. But whether you belong to the easy set or the hard-to-please set we'll undertake to fix you up satisfactorily in heavyweight underclothing.

Gray Merino, $1.00 and $1.50 a garment.
Drab Merino, $1.75 a garment.

DIRECTOR AND LARKIN CLASH

Controller Says Bigelow's Statement of Expenses for Nine Months Is Incorrect.

THE PAYROLL WAS RETURNED

Contracts for Bureau of Highways and Sewers Rescinded Because of Lack of Funds—No Money in Sight to Meet the Deficiency.

Director E. M. Bigelow has rescinded some contracts for the bureau of highways and sewers. Controller John B. Larkin having returned to him the payroll with the notice that there is no money in the appropriation to meet the bills. The controller has also notified the director that there is no money on hand to meet the pay-roll for the present month, more than one-half of the month having already gone. There are about 500 employes of the bureau who have given their labor from the first of November for which they will not be paid unless councils obtain a loan or Director Bigelow goes down into his own pocket to pay them.

Director Bigelow said yesterday that $30,000 would be required for the bureau for the remaining months of November, December and January. The director said he would get this money by transfers from the judgment fund and from other bureaus. Controller Larkin said there was not $50,000 available in any fund and he did not see where the director was going to get it. The controller said $50,000 would not be sufficient for three months. He said the pay roll for each month amounted to about $40,000.

Says Bigelow Should Pay It.

The controller laughed when he heard that the director expected to get $50,000 from other funds. "Mr. Bigelow is a rich man," said he; "let him go down into his own pocket and get it. That is the only place I know of."

Director Bigelow endeavored to show by figures that he had run his department at less expense for the first nine months of the present year than it had been run for the corresponding period last year. Controller Larkin disputed the accuracy of Director Bigelow's figures. Mr. Bigelow claimed that his expenses for the bureau of highways and sewers for the first nine months of 1903 had amounted to $369,289.

The controller stated that his books showed that the expenses of highways and sewers for the first nine months of this year amounted to $388,995, about the same as for the same period of last year, notwithstanding the fact that the appropriation for the bureau was $100,000 less this year than last, and consequently the expenses were expected to be less.

The controller also denied the accuracy of figures for other bureaus of the public works department. He said the director's figures and his books did not agree. The table given out by Director Bigelow states that the net expenses of the department for the first nine months of 1903 were $1,083,369, against $1,072,459 for last year, a difference of $9,090.

Bigelow Says He Economized.

The director said that the wages of the employes of the bureau of highways and sewers had been increased 16 2-3 per cent, amounting to $32,004, and that he had to take the payroll for bridges, which amounted to $4,800, out of the appropriation for highways and sewers. He said he should have credit for this amount, which would reduce his actual expenditures for the bureau for the nine months to $832,463. He said that all his bureaus showed a decrease in expenditures, excepting the water bureau, which was about $17,000 greater. He said this was due to the fact that the former administration had increased the price of fuel for pumping stations $18,372 and had raised the wages of the laborers, the increase amounting to $5,245.

Controller Larkin said the increase of wages had all been provided for in the appropriations, and also the increase in the price of fuel for the pumping stations. He repeated that Director Bigelow himself had fixed the appropriation for the bureau of highways and sewers, and was, therefore, responsible for the present deficiency.

Director Bigelow's comparative statement of the expenses of the department of public works for the nine months of the two years is as follows:

Bigelow's List of Expenses.

Dr. Schaff's Installation Delayed.

Owing to a technicality, the Rev. Dr. David Schaff, recently elected professor of Old Testament literature by the Western Theological seminary, cannot be installed until next May. He was to have been installed this winter, but at the annual meeting of the seminary board of directors it was discovered that a law of the Presbyterian church forbids the installation of a new professor until the general assembly passes on his qualifications.

Services for Smallpox Victim.

Funeral services were held last evening in the First Methodist Episcopal church of Braddock in memory of Miss Susie Leslie of North Braddock, who died last Friday morning at the home of her sister in Rebecca street of smallpox. Miss Leslie had been a member of the church for a long time.

Hotel Dynamiter Arrested.

CHICAGO, Nov. 18.—(Special.)—Charles Wright, 19 years old, has confessed that he wrote the letters threatening to blow up the Plaza hotel if $500 was not sent to a certain saloon. He was arrested while getting a decoy package. He says he was employed to write the letters by an unknown man.

FRIGID SNAP IS PASSING, BUT SNOW WILL FOLLOW

First Cold Wave of the Winter Is Moving to the East—Temperature Is Rising—Plea Made for Coal for the Poor.

Reports at the weather bureau last night indicated that the first cold wave of the winter season is to move on as suddenly as it came. With its departure, however, there is likely to be snow as a reminder that pleasant fall weather is a thing of the past.

Although zero weather was thought to be quite probable during the cold wave's visit, 21 degrees above was the lowest temperature. This was registered yesterday at 9 a. m. The thermometer went up gradually during the afternoon. At 1 o'clock the temperature was 25 and at 4 and 5 o'clock 24 degrees were registered. At 8 o'clock last night there had been practially no change.

The thermometer stood at 30 last evening in New York city and at 26 degrees in Buffalo. The cold wave is to reach the Atlantic coast today. There was snow at Cleveland last evening. The temperature there was practically the same as here.

With the rise in temperature there is likely to be clear weather today, and if snow comes it will be tomorrow or the next day. At all events there is to be no colder weather than that of yesterday morning, for a while at least.

The cold weather so far this week was felt severely at the headquarters of the Pittsburgh Association for the Improvement of the Poor. "Demands for coal came in fast," said Mrs. S. E. Lippencott, secretary of the association at central headquarters yesterday. "The present funds are insufficient to come any way near supplying the wants of the deserving."

Circular letters are being printed, calling attention to the work of the organization and asking for contributions. These circulars will be sent out over Allegheny and Pittsburgh next week and it is expected that the petitions will be liberally responded to. Mrs. Lippencott said further:

"There are many people out of work now and the price of coal has gone up. Many houses are so built that they furnish little protection from cold and, judging from the demands that have been made upon us so far, this winter will be a hard one for the needy. We could once get coal for 13 cents a bushel, now it is 15 cents. We can get it at 14 cents if we buy 25 bushels. We have as many as 100 demands for coal where we have funds to take care of no more than one-fourth of that number."

Mrs. Peacock's at Home.

Mrs. Alexander R. Peacock will hold her first reception this season from 3 to 6 o'clock at her home, "Rowanlea," North Highland avenue, tomorrow, after which she will be at home the first and third Friday of each month.

Select Councilman Robinson of Allegheny Tries to Amend Vacation Ordinance.

WANTS TO LET IN WABASH

Amendment is Rejected and Ordinance Passed Finally Giving the Baltimore & Ohio School Street and Allowing the Use of Property for Yards.

John W. Robinson, Citizens' member from the Fourth ward, sprung a sensation in Allegheny select council yesterday afternoon when he offered an amendment to the Pittsburgh & Western ordinance vacating School street, so changing that franchise as to allow the Wabash railroad to use a portion of the right of way. In a speech defending the amendment he charged that the Baltimore & Ohio was trying by "gum-shoe" methods to prevent the Wabash from entering Allegheny. The fact that he introduced the original ordinance himself was brought up, and he acknowledged that he was cognisant of the purpose at that time. He was then in the employ of the Baltimore & Ohio railroad, which owns the Pittsburgh & Western. A week ago he resigned. It was denied last night that he is in the employ of the Wabash. The amendment was voted down and the ordinance passed finally.

The amendment provides that a strip 60 feet wide, extending from School street west along the north line of the Pittsburgh & Western's property to the west line, shall be subject to joint use with the Pittsburgh & Western by other railroad companies seeking entrance to Allegheny. It provides further for a reasonable compensation from other roads to the Pittsburgh & Western for this use and require the Pittsburgh & Western formally to accept the conditions. In offering the amendment he said:

"In Pittsburgh the Baltimore & Ohio railroad has put up a bitter fight against that much-afflicted corporation, the Wabash. In Allegheny no open fight is to be waged by the Baltimore & Ohio. It is using 'gum-shoe' and 'dark-lantern' methods to prevent the entrance of the Wabash into our city. The Pittsburgh & Western is contemplating filling up the baseball park. This can be done only if it gets School street. Should we give it this street it will complete the system of trackage in Allegheny and will cut off the only means of entering our city that is offered the Wabash at present. The Wabash is about to knock at our door. It will spend hundreds of thousands of dollars here. I know what I am talking about, for I have a copy of its proposed Allegheny plans in my hand. I am not antagonizing the Baltimore & Ohio. My purpose in councils is not to work for myself or any corporation, but for the interests of the city. This ordinance is intended to keep the Wabash out of Allegheny."

"Do you know that to be true?" asked President Torrance.

"Yes, sir. I was given to understand when that ordinance was prepared that it was for the purpose of shutting out the Wabash."

"And yet you presented it?" replied Mr. Torrance.

"Yes, sir; I did," replied Mr. Robinson.

John T. Bealor of the Tenth ward was on his feet in a moment.

"Mr. Chairman, this is about the richest thing I ever heard," he said. "The member from the Fourth ward declares he is working for the interest of the city, and a moment later says that he knew this ordinance was directed at the Wabash by the Baltimore & Ohio officials. This seems to me ridiculous, and Mr. Robinson's recent actions are certainly very inconsistent with his former professions. He introduced that ordinance and a number of times came to me and told me what he declared were excellent reasons why Allegheny should give that street to the Pittsburgh & Western. He used his influence to have it passed in the common branch last month and has done all in his power until the past week to get votes for it in this branch. I think, under the circumstances, there is an explanation due us."

To this Mr. Robinson replied: "There are but two kinds of people that never change their minds—fools and crazy people. I am neither. I have changed my mind."

This brought forth a chorus of comments from all parts of the house, and President Torrance was compelled to restore order. Mr. Torrance then took the floor and asked Mr. Robinson to take the chair. Mr. Torrance said:

"Although I confess that the events of the past few minutes have seemed remarkable to me, I will not impugn the motives of Mr. Robinson. Any man has a right to change his mind. But I cannot see that the passage of this ordinance will jeopardize the interests of the Wabash. If I did I should certainly antagonize it and I think if the interests of the Wabash were endangered I would have heard about it.

"I have valuable interests in the Gould system myself. Mr. Gould and Mr. Ramsey know exactly my position in this body, and I feel sure that if they thought the granting of School street would militate against them they would have communicated with me and endeavored to enlist my support in the defeat of the measure. But I have heard nothing from them. I remember when the Pittsburgh & Western first came into our city and, like hundreds of others, who were in the shipping business then, I have always felt grateful to the Pittsburgh & Western for what it has done for us.

"Gentlemen, the Pittsburgh & Western has done more for the growth of our city than any other commercial institution in this vicinity. Some persons take the stand that because a corporation is asking for this grant that the city should get a big slice of money in return. This does not seem just to me. The railroad pays taxes to this city now and has done so for years. That is remuneration enough. Knowing the value of competition as I do, do you suppose I would support this measure if I thought it would injure any other road that may want to enter the city?"

In further defending his position Mr. Robinson declared the city should give the Pittsburgh & Western no further favors, as it will not rebuild its lines in Allegheny, but will remove them to Glenwood.

"Mr. Robinson, unless you can prove that, you must go no further, for that is not an honest method of giving weight to your statements," said Mr. Torrance.

"I consider that a very arbitrary ruling," said Mr. Robinson, as he sat down.

The amendment offered by Mr. Robinson was put to a vote, and Robinson was the only one who voted for it. The original ordinance granting School street to the Pittsburgh & Western, passed with only three dissenting votes.

President J. W. Patterson of the Pittsburgh, Carnegie & Western, the Wabash extension, to whom the amendment was read last evening, said that it was news to him. "I do not believe I have ever seen Mr. Robinson," he said. "He is not in the employ of the Wabash. He is right, however, in his contention that railroad franchises granted by a city should be open to all lines. I think his employer is the people of Allegheny."

The ordinance under which the Pittsburgh & Western now operates in Allegheny was passed 25 years ago. At that time Joseph Ramsey, Jr., now president of the Wabash railroad, was chief engineer and superintendent of the New Castle & Lake Erie railroad, out of which grew the Pittsburgh & Western. The ordinance granting rights along the Allegheny wharf specifically provided that other roads, on payment of a just compensation, should have the right to use the tracks jointly with the owner. Mr. Robinson's amendment was based on the assumption that the same right would not apply to the new tracks to be built under this additional franchise.

Mr. Robinson was for 25 years in the service of the Pittsburgh & Western, having been its first freight agent in Allegheny. For some time he had been claim agent, resigning that position a week ago. He has been active in the Citizens party municipal and county fights. He said that his relations with the Baltimore & Ohio officials have always been friendly and that his purpose is not to antagonize that company.

SILVER WEDDING GIFTS ARE LEFT TO MRS. LAMBIE

Will of the Dead President of Select Council Full of Connubial and Parental Sentiment—He Leaves But a Modest Estate.

The sentimental side of John S. Lambie, the late president of Pittsburgh select council, was disclosed yesterday when his will was filed for probate.

All the silverware and other articles presented by friends on the twenty-fifth anniversary of their marriage is left to his widow, Mrs. Annie S. Lambie, who is also made executrix. Mr. Lambie writes that these gifts should belong to his wife.

To his daughter Bessie, now Mrs. Wiggins, who is the daughter of his first wife, is left her mother's portrait, her Bible and all other articles that formerly belonged to her mother.

As he had already given his daughter Jean portraits of himself and wife, a watch and diamond ring, he directs that a portrait of his daughter Annie, deceased, be made and given her.

To his daughter Annie, to whom he had already given a watch and other articles, he leaves the portraits of his father and mother.

To his son Charles, to whom he had given a watch and chain, he left his sapphire stud.

To his son John S. Lambie, Jr., he gives his diamond stud, the silver watch that belonged to his grandfather Siousa, his Grand Army badges, his discharge from the army and some articles of jewelry.

To his daughter Marguerite, who had been given her sister Annie's watch, etc., he gives portraits of himself and wife.

He directs that $100 be placed in bank and if his grandson, John Lambie Ross, shall arrive at the age of 21 years, a gold watch shall be purchased for him from the interest and the balance paid to him.

All the rest of the estate is left to his wife for the term of her natural life for the support of herself and such of the children as shall continue to make a home with her; she is given the right to apply the interest and principal for this purpose with power to dispose of what may remain at her death by will. His law books, he suggests, shall be sold, and that the children be allowed to take such books as they desire from the library. He also suggests to his wife that in making her will it would be right to treat Bessie like the other children, giving her an equal share with the rest of them. The estate is said to be worth $45,000.

SHAKE-UP AMONG THE POLICE ON SOUTH SIDE

Charges Are Made by Director Moore—Assistant Superintendent Malone to Resign.

The South Side police force was reorganized to a certain extent yesterday by Director Harry Moore of the department of public safety. Inspector Patrick F. Kelly of that district was reduced to a sergeant. Lieut. Edward Kennelly of the First district was appointed to succeed Kelly. Patrolman Lawrence Bartley of the First district was appointed to succeed Inspector Kennelly. Lieut. Thomas Morley of the South Side force was made a sergeant and Policeman Thomas B. Werner was made lieutenant to succeed Morley. Sergt. George Crawford was recommended by Director Moore for retirement, as he is incapacitated for work.

Director Moore said the changes were made for the good of the service. The case of Capt. Fredericks was not considered. He said it was his intention to give Capt. Fredericks another trial.

The police trial board yesterday recommended the dismissal of Policeman Harry Hinchcliffe, No. 2 police station, for conduct unbecoming an officer, and Matthew Bowman, No. 2 police station, for alleged cowardice.

George Gearing, No. 7 police station; John Fitzgerald, No. 8 police station and Edward Woods of No. 4 police station, were all dismissed on charges of neglect of duty. The findings of the police board will be submitted to Mayor William B. Hays for approval.

Assistant Superintendent of Police Thomas D. Malone will tender his resignation to Director Moore on December 1. Director Moore will fill this vacancy with an old tried officer now in the service. It is said Robert Donnithon, formerly police inspector, captain and city detective, will be given the place.

BUILDERS' COMMITTEE MEETS.

More Contractors Join and Agree to Support the Lockout Order.

The special committee appointed by the Builders' Exchange league to assume charge of the lockout of the building trades held a meeting yesterday afternoon. Reports were received from all parts of the city showing that building operations were practically at a standstill. No overtures have so far been made by either side and none is likely to be made by the league until the Building Trades' council calls off all sympathy strikes.

A feature favorable for the contractors occurred yesterday when about a dozen applications were filed for membership with the league.

The members of the Building Trades' council are still confident that not over 1,000 men are idle. They claim many of their members have left the city and some are going every day.

Runaway Orphans Captured.

CONNELLSVILLE, PA., Nov. 18.—(Special.)—Magistrate A. C. Duncan of Dunbar today captured six boys who ran away from the orphans home at Jumonville, and were making for their home towns. They are Beverley Adams, Russell, Pa.; Clarence McPherson, Oakmont, Pa.; Oscar Owens, Allegheny; John Grim, Connellsville; James Regar and John Ray, Johnstown. They were sent back to the home.

"I FEEL BETTER AND STRONGER THAN I HAVE FOR YEARS,"

Writes Police Clerk Thomas J. Gaule, of Jacksonville, Fla.

PE-RU-NA CURED HIM.

Catarrh of the Respiratory Organs is One of the Most Common Diseases of Winter.

Pe-ru-na is a Specific for Such Cases.

Thomas J. Gaule, Clerk Police Department, Jacksonville, Fla., writes:

"I suffered with catarrh of the respiratory organs for four years causing a serious cough and distress to my vocal organs. I doctored for it without getting any permanent relief until I was induced by a brother officer to try Peruna. I found that several of my associates had taken it and been cured and I discarded all other medicines when I started on it. Within a week I found a change had taken place, my general health was much improved and the cough was easier. I kept up the treatment for five weeks and seemed then better and stronger than I had been for years. For the past three years I have enjoyed perfect health and am glad that I gave your medicine a trial. You deserve success."—Thomas J. Gaule.

THERE are two things that the whole medical profession agree about concerning catarrh. The first is that catarrh is the most prevalent and omnipresent disease to which the people in the United States are subject. All classes of people have it. Those who stay indoors much and those who go outdoors much. Working classes have it and sedentary classes have it.

The doctor finds catarrh to be his constant and ever-present foe. It complicates nearly every disease he is called upon to treat.

The second thing about catarrh on which all doctors agree, is that it is difficult to cure. Local remedies may give relief but they fail to cure permanently. Sprays or snuffs amount to little or nothing except to give temporary relief.

Catarrh is frequently located in internal organs which cannot be reached by any sort of local treatment. All this is known by every physician.

To devise some systemic internal remedy which would reach catarrh at its source, to eradicate it permanently from the system—this has been the desire of the medical profession for a long time. Forty years ago Dr. Hartman confronted this problem. He believed then that he had solved it. He still believes he has solved it. He cures thousands of people annually. During all these years Peruna has been the remedy upon which he has relied.

It was at first a private prescription, afterwards manufactured expressly for him in large quantities. This remedy, Peruna, is now to be found in every drug store and nearly every home in the land. It is the only reliable internal remedy ever devised to cure any case of catarrh, however, long the case may have been standing.

A U. S. Senator's Letter.

Ex-Senator John M. Thurston, of Omaha, Nebraska, is one of the most prominent and influential men in the country. He has used Peruna as so many other men of national fame have done and recently wrote the following letter to the Peruna Medicine Co., of Columbus, Ohio:

Washington, D. C., April 6, 1901.

"I have used Peruna at various times during the past year or two with most satisfactory results.

"It entirely relieved me from an irritating cough—the result of excessive effort in the presidential campaign, and I am a firm believer in its efficacy for any such trouble."—Jno. M. Thurston.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

PRISON CELL ROOM DOUBLED

Plans Are Being Prepared for Big Additions to the Present Jail.

THE COST IS NOT ESTIMATED

Work Will Begin Early in the New Year. Finished Structure Will Occupy Square Bounded by Ross Street, Fifth, Sixth and Old Avenues.

Plans are being prepared for the enlargement of the jail. All of the ground surrounding the prison, recently acquired by the county, is to be utilized, and the cell room is to be doubled. Work on the addition is to be started soon after the first of the year.

The present jail was completed in 1886 and it was thought that the 310 cells would be sufficient for years to come. It was not many years until it was found necessary to reconvene the grand jury at every session of court in order to make room for the persons being committed to the prison. Of late this plan has failed and most of the time there are over 400 men and women waiting trial. In some instances three men have had to be put in one cell.

The prison board appointed Judges Macfarlane and Rodgers and County Commissioner J. Carson Mercer to devise a method of increasing the cell room. It was found impracticable to put another story on the jail, and additions to the present structure were decided upon.

Some time ago the county purchased nearly all of the property adjoining the jail in Fifth, Sixth and Old avenues. In the latter thoroughfare there is one lot 26x72, owned by Caroline Smith, which has not been secured. She wants $1,500 a foot front and the commissioners believe that $1,300 is sufficient consideration, this being the price paid Charles Friel for a similar lot at Sixth and Old avennes. Condemnation proceedings will be started if the offer of $1,300 is not accepted.

In the present jail there are three tiers of cells, known as the north, south and east wings. The eastern wing will be extended to the Sixth avenue line with a curve toward Old avenue. The northern tier will be run out to Fifth avenue. A new wing, starting at the center of the present jail and extending to the juncture of Fifth and Sixth avenues, is to be erected. New quarters are to be found for the female prisoners, who are now confined in a portion of the north wing. These extensions will about double the present capacity.

Frederick J. Osterling, the architect, has been commissioned to prepare plans for the proposed additions. His plans will also provide for a high stone wall around the new part of the jail. The cost of the improvements will not be known until Mr. Osterling has completed his drawings.

The county commissioners are also considering purchasing the square opposite the court house in Diamond street. The county now owns the old University building. The Third United Presbyterian and the Fourth Baptist churches own nearly all of the remaining property in the block. It is figured that the holdings of every one in the square could be bought for $500,000. Commissioner Mercer is of the opinion that it would be good policy to purchase the property and hold it until the ground is needed by the county for extensions of the court house.

An Unobtrusive Hall Rack

Although of generous proportions, handsome appearance and decidedly substantial character, this hall rack does not obtrude itself forcibly upon the notice.

The entire design is worked out in pleasing, simple curves, and the result will commend itself to persons of taste.

The hall rack is, of course, an important feature of the hall furnishment. But now-a-days when so much attention is given to securing striking and artistic effects in reception hall decoration and arrangement, it is not desirable that any one piece of furniture should monopolize the attention.

In selecting a hall rack one must be governed by the environment it shall have. The one here illustrated will accommodate itself to a variety of surroundings.

It is made of golden oak; height, 74 inches; width, 43 inches; bevel plate mirror 26 by 44 inches.

There is an immense variety of hall racks here to select from.

The designs are all exclusive with this house and every taste can be gratified.

Prices are consistently moderate, as they always are at

ROGER O'MARA TO BE REPAID

Will Get Back Money Secured Through Verdict by Washington Negress.

WAS CASE OF FALSE ARREST

Police and Detective Protective Association Decided to Reimburse the Former Chief of the Pittsburgh Front Office Force.

Roger O'Mara, former superintendent of the bureau of detectives, will be reimbursed by the Police and Detectives' association for money paid by him in the settlement of a suit for false arrest won two years ago by Dr. Belle Young, a negress of Washington, D. C. Action by the board granting O'Hara $2,300 from the protective fund was taken at a meeting of the directors of the association on Tuesday night. John H. Toole, a patrolman in the Oakland district and secretary of the organization, cast the only dissenting vote.

The woman won a verdict against O'Mara and Detectives Kelly and Charles McGovern, the three being implicated in her arrest. With the costs the damages assessed on the officers amounted to $2,300. O'Mara paid this entire amount, shouldering the debt of his fellow-police and detectives for the payment of damages in just such cases, but the political upheaval that followed resulted in the "ripping" of O'Mara out of office. When he made his claim for the money that he had paid he was ignored in his appeals.

John McAleese, at that time head of the bureau of police, declared that O'Mara was entitled to the money. J. O. Brown, then director of the department of public safety, decided that half the amount expended by O'Mara should be returned.

"If it is just for the city to pay half, why should it not pay all?" queried O'Mara.

Thus the case stood when the present administration came into power last spring. O'Mara renewed his demands. In June a new board was organized for the management of the protective fund and decided at its meeting this week that the demand was just. Toole objected on the ground that the board had been in existence only a few months and that many of the new men should be exonerated from the payment of an obligation which was incurred more than a year ago. Toole has been on the force about eight months, and is one of the brightest young officers in the service.

"I want nothing except what is justly due," said Detective O'Mara yesterday. "If there is objection, I don't want the money. However, I shall expect my friends to stand by me, although I have been robbed by my political enemies. When the legislation was pending in Harrisburg regarding the establishment of the police pension fund I contributed my time and money to secure the passage of the bill. For 12 years this fund has been a boon to policemen of all ranks, and the new men as well as the old receive its full benefits."

Belle Young's arrest caused a sensation here. Late one night about two years ago a telegram was received at detective headquarters from Chief Sylvester of Washington, D. C., requesting the arrest of the woman, who, it was alleged, posed as a female physician. She was on her way to Pittsburgh and was arrested at the Baltimore & Ohio railroad station by Detectives Kelly and McGovern on a description furnished by the Washington authorities. When the woman was accosted as she left the train she was asked her name.

"Ask Mark Hanna," she replied.

She was held until morning and then released. In a suit for damages in common pleas court a non-suit was secured and the case was taken to the higher tribunal, where she was awarded a verdict for $1,200. A determined legal fight was made by the detectives.

CONSUMPTION CURE FOUND IN SIBERIA

Russian Mining Engineer Inherits Marvelous Specific Which Destroys Disease Germs.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

MOSCOW, Nov. 18.—Remarkable cures of consumption have recently been effected in Russia by Kisel Zagoranski, formerly a mining engineer and now specially licensed by the Russian medical department to practice medicine in cases of tuberculosis. Zagoranski has given an account of the origin of his consumption cure, from which it appears that 30 years ago he was sent to Siberia to superintend extensive mining works.

The medical facilities there were extremely limited, and Zagoranski himself attended to the medical wants of the workmen. An old foreman of the mine, however, always took care of the tuberculosis cases and almost invariably cured them. The foreman died some years ago, confiding his tuberculosis specific to Zagoranski, who continued to use it.

Hearing a rumor that John D. Rockefeller of the United States had offered an immense price for the discovery of a consumption cure, he consulted American Consul Smith, who, with his brother, W. E. Smith, began a systematic observation of the cases of several patients, especially that of an English woman who had been given up by the doctors. She submitted to Zagoranski's treatment, which was given under professional medical observation.

At the end of a week the proportion of tuberculosis bacilli in the saliva had been reduced 10 per cent, and at the end of six weeks the patient had gained 22 pounds and there was no trace of bacilli observed. From being unable to walk across the room the patient regained her normal strength. This occurred last spring and the cure appears to be permanent.

Zagoranski's treatment, according to Mr. Smith, consists merely in the drinking of his specific in large quantities, together with life in the open air and the observance of a careful dietary.

Zagoranski says that, so far as he is able to observe, the treatment does not renew walked lung tissue, but arrests the disease. At whatever stage of the disease the treatment is begun it kills the tuberculosis germ, leaving the system clean, so that it may be built up by a careful diet.

ARRANGING THE BANQUET.

Settling Points About the Annual Function of Chamber of Commerce.

Following a meeting of the banquet committee of the chamber of commerce yesterday afternoon it was announced that arrangements for the banquet on November 24 are nearing completion. Judge Joseph Buffington will be toastmaster. The subject of Gov. Pennypacker's address will be "Pittsburgh: Its Achievements in the Past and Its Promise For the Future." Senator Foraker will speak on "Public Questions That Concern Business Men." The subject of Gen. Shaalenberger's address will be "The Pittsburgh Postal District." There will be a number of impromptu addresses.

The committee in charge has arranged for a special car to bring guests from Washington and Harrisburg. From present indications the entire seating capacity of the banquet hall in the Schenley will be sold before the close of the week.

Secured More Gold in London.

NEW YORK, Nov. 18.—(Special.)—The National City bank secured $100,000 more gold in London today for import to this city, making the total amount engaged by the City bank on this movement $4,085,000 and for all to date engaged to arrive and on the way, $8,925,000. The City bank deposited nearly $500,000 in foreign gold bars at the assay office today which were received from London.

CONTRACT LET FOR PART OF INSTITUTE EXTENSION

A. & S. Wilson Company Will Do Excavating, Etc., and Dump Material in Park Hollow.

Announcement was made yesterday by President W. N. Frew of the Carnegie institute board of directors, that the contract for the start of work on the institute addition has been awarded to the A. & S. Wilson Company of Pittsburgh. The contract covers excavating and putting in the footing courses and the steel beams which support the piers of the walls of the new building. The amount of the contract is $66,000.

It has been known for some days that this company had made the lowest bid and would receive the contract if the city authorities allowed the excavated material to be dumped in the hollow just west of the present institute building. Director E. M. Bigelow of the department of public works yesterday issued a permit for the contractors to do this. The material will be dumped at the south end of the first stone bridge at the entrance to the park, and permission was given also to run a track back of the institute building to this hollow to expedite the work.

The contract calls for the completion of the work by February 15, if the weather permits. It is the intention to rush work with all possible speed on the extension.

Work of Boys' Industrial Home.

A summary of the work of the Boys' Industrial home for the fiscal year just closed, shows that 30 boys were furnished with positions and homes; 45 were returned to friends, and eight were transferred to other institutions. There are now 125 boys at the institution. They are received from all over Western Pennsylvania from the Humane society, the Association for the Improvement of the Poor, from the courts and from the Orphanage. Many are also brought by widowed mothers. The home's receipts were $10,983 88 and disbursements $10,716 27, leaving a balance of $267 61 in the treasury.

A Sweet Breath

Like the fragrance of a rose comes a sweet breath from the healthy stomach. The breath is an index to the health. When the breath is bad the stomach is out of order. A disordered stomach strikes terror to the nervous system and weakens every tissue and muscle of the body. It weakens the brain, the heart and damages the kidneys. A disordered stomach starves the blood and weakens the system because it can not digest and assimilate sufficient food to keep up the health and strength.

Kodol
DYSPEPSIA CURE

corrects every disorder of the stomach. It is not recommended for any complaint except those arising from a disordered condition of the stomach. Kodol does for the stomach that which it is unable to do for itself, even when but slightly disordered or overloaded, relaxing the nervous tension, while the inflamed muscles of that organ are allowed to rest and heal. Kodol cleanses, purifies and sweetens the stomach. When you take Kodol everything you eat tastes good, and every bit of the nutriment that your food contains is digested, assimilated and appropriated by the blood and tissues.

Kodol Digests What You Eat—Makes the Stomach Sweet.

I kept it at my plate on my table, and I must say, found quick relief. In all, I have taken three small bottles, and for the past year have had no return attack." DEVER KING, Meridian, Wis.

"For a great many years I have been troubled with Dyspepsia. I have tried all the known remedies without obtaining any results. Kodol was recommended to me by my druggist and after taking a few bottles I am glad to say that I can eat anything I wish without suffering from indigestion. I recommend it to all sufferers from Dyspepsia, no matter how serious their case is." E. A. DECHER, Little Falls, N. Y.

IMMENSE CRIB CARRIED DOWN THE OHIO RIVER

Broke Away from Moorings at Glen Osborne and Traveled to Rochester.

[SPECIAL TELEGRAM TO THE GAZETTE.]

ROCHESTER, PA., Nov. 18.—The immense crib erected at the site of dam No. 3 by the Evansville Construction Company, preparatory to the construction of the lock, broke away early this morning and lodged at dam No. 5, just above Rochester. Dam No. 3 is being built at Glen Osborne and the crib had just been completed. It measured 250 feet in length and 70 feet in width. The crib is used in dam construction in place of the old style cofferdam. It was being sunk into position by ballast of rocks.

The men worked all night on the task and the crib was weighted so that it was just beginning to settle into position. The barge S. P. Gillespie had just left for another load of rocks when the ropes holding the crib snapped and the rising river swept it away. No one was on the crib at the time. The accident happened at 5:30 o'clock. The crib lodged for a time on a sand bar at Leetsdale, but the high water finally took it off and it was carried down to this point.

The crib moved slowly on account of its size and weight and did not strike the dam here with sufficient force to cause any damage. United States Engineer W. S. Chadburn of Beaver, and other engineers who examined the structure, reported the dam intact. The crib cost $15,000, and unless it can be taken back to dam No. 3 in sections, it will be a total loss to the construction company, as well as delaying the work on the dam for many weeks.

ON TRIAL FOR MURDER.

Three Men Are Accused of Killing Pennsylvania Railroad Operator.

GREENSBURG, PA., Nov. 18.—(Special.)—The trial of William Skinner, Daniel M. Stiffey and William Coon, for the murder of William Long at Bolivar on August 11, was begun this afternoon. Long was a Pennsylvania railroad operator and Skinner is charged with being directly responsible for his death, with Stiffey and Coon as abettors.

It was brought out by witnesses for the commonwealth that Long was followed by the three defendants and that he was struck a terrific blow by Skinner, from the result of which he died almost instantly. Alex Draga of Van Meter, who was tried for the murder of Mike Chomo, on August 6, was convicted. The jury found the defendant guilty of murder of the second degree. Joseph Menone, charged with the murder of Mike Paiff, at Whitney, on October 6, was acquitted.

SHOOTS HER BY ACCIDENT.

Young Man Wounds the Mother of His Intended Bride With a Revolver.

ALTOONA, PA., Nov. 18.—(Special.)—Mrs. Mollie McDonald was accidentally shot in the back by her prospective son-in-law, William Jones of Glassport, at her home here at 9 o'clock this morning. Jones, who came here yesterday to arrange with Mrs. McDonald for the wedding of her daughter, Miss Pearl McDonald, was playing with a 22-calibre revolver in the front room of the McDonald home. To demonstrate that it was not loaded, he pointed it at the woman and pulled the trigger. A bullet from the weapon penetrated Mrs. McDonald's back and lodged in her breast. She will recover. At her request, Jones was not detained by the police.

Salvation Army Weddings.

UNIONTOWN, PA., Nov. 18.—(Special.)—The Salvation army has announced a double wedding to take place in the Uniontown opera house next Wednesday night, when Robert M. F. Haught and Mary Elizabeth Livingston, and Charles Abraham and Gertrude Keller will be the principals in two weddings. A leading citizen of Uniontown recently contributed $5,000 to the Salvation Army, saying that his reason for doing so was the good the army had done in converting Haught.

To Celebrate Golden Wedding

Mrs. David McClelland. David McClelland.

NEW CASTLE, PA., Nov. 18.—(Special.)—The 50th anniversary of the marriage of Mr. and Mrs. David McClelland, prominent residents of this county, will be observed Saturday at their home in Union township, one-half mile from this city, in the homestead where they were married, November 21, 1853. The pleasing event will be made the occasion for a gathering of their immediate family and relatives and Mr. and Mrs. McClelland will receive between 10 o'clock in the morning and 5 o'clock in the afternoon, while at 6 o'clock the relatives will enjoy an elaborate dinner. David McClelland was born in 1833 at Schenectady, N. Y., but removed with his parents to Pittsburgh when he was but three years of age. He remained there until early in 1853, when he came to this city. His marriage occurred late that year to Miss Mary J. Stewart, daughter of William Stewart, one of the pioneers of Lawrence county. Their union was blessed with 11 children, of whom eight are living. They are: William A., John T., Stewart, Scott B., Gilbert and Miss Margaret McClelland, all of this city, Mrs. Anna Law and Miss Rebecca McClelland of Superior, Neb. The five sons are all in business in this city. A single great-grandchild has been born in the McClelland family. Mr. and Mrs. McClelland were married by Rev. William Hanna, a prominent Reformed Presbyterian minister in the early days, and they are both prominent and active members of that church.

FUNERAL AND WEDDING OCCUR ON SAME DAY

Brother Wedded in Morning at Church and Sister Buried in Afternoon.

[SPECIAL TELEGRAM TO THE GAZETTE.]

YORK, PA., Nov. 18.—In the family of Postmaster King at New Freedom, today, a marriage and a funeral took place. Marion Wayne King, the postmaster's son, was wedded to Miss Minnie Stinefelt in the Catholic church at 9 o'clock. In the afternoon the postmaster's daughter, Ada, the sister of the bridegroom, was buried from the Methodist church.

Miss King died suddenly last Saturday and as the wedding of her brother had been previously fixed for today, it was decided by both families concerned not to postpone the event. The wedding ceremony was performed by Father Hengel. The funeral rites were performed by Rev. Mr. Cliicote.

BIG GASSER IS STRUCK.

Lively Well Drilled on the Edge of Jeannette Causes Excitement.

JEANNETTE, PA., Nov. 18.—(Special.)—The announcement today of a new natural gas strike at the edge of the borough of Jeannette caused considerable excitement here. The strike was made by the Reliance Gas and Oil Company on the Byers farm.

The new well has 115 pounds pressure and the test has proved that it will produce 150,000 feet of gas daily. It has a depth of 2,760 feet. A string of about 60 feet of tools is now in the well. The Brown well, a quarter of a mile distant, was brought in 13 years ago with the same pressure, which has been maintained until this day. Dr. J. H. Ringer of Jeannette is president of the company which made the new strike.

Findlay Papers Consolidate.

FINDLAY, O., Nov. 18.—(Special.)—The Findlay Publishing Company, incorporated in New Jersey a week ago, has completed arrangements whereby the Morning Republican and the Evening Jeffersonian have consolidated. The capital stock of the company is $75,000.

GOT THE DROP AND SHOT HIS ASSAILANT DEAD

Westbrook Secured His Revolver by a Ruse and Turned the Tables.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CUMBERLAND, MD., Nov. 18.—William Westbrook shot and instantly killed John Jeems, better known as John James, this afternoon. Jeems was released from jail several days ago, after a trial for assault with intent to kill Levi Westbrook, during which William Westbrook and Jeems' fore upon with a knife. Today Jeems entered Clark's saloon on Window street, demanded money and a drink and was ordered out.

Before going he stole a revolver. Jeems went to Westbrook's place and demanded a pint of whiskey and $5. When Westbrook refused Jeems leveled his revolver at Westbrook and said:

"I don't care when I die, or where I die, but I've got your life in my hands and I'm going to kill you."

Westbrook then drew Jeems the whisky and going to his cash register secured his revolver, wheeled around and fired at Jeems, the bullet severing the jugular vein. Jeems noticed Westbrook lifting the revolver and tried to shoot first, but failed to lift the guard on his revolver. He fell to the floor, expiring almost immediately. The coroner's jury decided that Westbrook killed Jeems in self-defense. John Jeems was 27 years old and came here from Richmond, Va.

Irwin Plant to Resume.

IRWIN, PA., Nov. 18.—(Special.)—The Eleanor Steel Company, John Robensteen of Pittsburgh, president, is making arrangements to resume operations after a shut down of about six months. The concern has sold a large number of shares of preferred stock to Irwin citizens and the plant will be in operation within 30 days. A billet bill, pit-rail mill and two open hearth furnaces, will be added to the steel mill.

Gets First Husband's Name.

CONNELLSVILLE, PA., Nov. 18.—(Special.)—Word from Kingsley, Kan., today, is to the effect that Mrs. Hattie Beeler of Dawson, Pa., who brought an action in divorce against her husband, C. W. Beeler at that place, was given an absolute divorce, $10,000 in cash and permitted the use of her first husband's name.

KRUGER DEMANDS TO BE EXECUTED AT ONCE

Convicted Murderer Writes to Governor—Threatens to Cheat the Law.

[SPECIAL TELEGRAM TO THE GAZETTE.]

GREENSBURG, PA., Nov. 18.—(Special.)—Until the death warrant is received from Harrisburg, Charles E. Kruger, the murderer of Constable Henry F. Bierer, will not be told that his execution will take place on Thursday, January 14. Until late last night Kruger was busy writing a letter to the chief executive in Harrisburg. It is in part:

"I, Charles E. Kruger, tried and convicted of murder and sentenced to be hanged, ask you to set my execution for an early date. If you do not I will cheat the law. I am prepared to die, and hope this awful suspense will soon be at an end. I did not get a just trial and I had no money or friends. Let me die soon. Of a respite I have no hope."

Kruger is writing a book, which he styles "A History of the Life of Charles E. Kruger, and the Mysteries of His Crimes." He says it will be published by a New York company in about a month.

KILLED HER SISTER.

Top of Twelve-Year-Old Girl's Head Blown Off With Shotgun.

UHRICHSVILLE, O., Nov. 18.—(Special.)—Ruth, the 12-year-old daughter of M. C. Brenner of Port Washington, was accidentally shot and instantly killed by her sister, Fannie, aged 15. Fannie picked up a shotgun and playfully pointed it at her sister. There was a loud report and Ruth fell to the floor with the entire top of her head blown off. The elder sister is prostrated with grief.

Carrie Nation Writing a Play.

YORK, PA., Nov. 18.—(Special.)—While waiting here between trains, en route from Lancaster to Baltimore today, Mrs. Carrie Nation announced to a group of newspaper reporters that she is writing a play in which she will star. "There will be a joint-smashing scene, and temperance will triumph over rum," she said.

STATE AND NEIGHBORHOOD.

THE DEATH ROLL

William J. Rothweiler Buried.

The remains of William J. Rothweiler, member of select council from the Thirty-seventh ward, were buried yesterday afternoon in Homewood cemetery. The funeral services at his late home, No. 7616 Bennett street, Brushton, were attended by many friends of the family. The Rev. George Shorter, an evangelist of Detroit, Mich., conducted the services at the home and the Odd Fellows had charge of the services at the grave, Mr. Rothweiler having been a member of lodge No. 1167 of Brushton and encampment No. 289 of Wilkinsburg. Both branches of Pittsburgh councils also attended the funeral. Many handsome floral pieces were banked about the remains during the services, chief among these being offerings from the Pittsburgh councils, the Odd Fellows, Mr. Rothweiler's associates and the employes of the Duquesne Heating Company. The Citizens party of the Thirty-seventh ward, Republican friends of the ward, the Bank of Brushton, engine companies Nos. 29 and 23 of Brushton, the Republicans of the Thirty-seventh ward, residents of the Thirty-seventh ward. The pallbearers, who had been chosen by Mr. Rothweiler, were Capt. Evan Davis of engine company No. 29, Jacob Theobald, Thomas Dwyer, C. C. Jones, J. T. Colvin and John H. Gearing.

Thomas Lyden.

Thomas Lyden, 43 years old, of East Pittsburgh, died yesterday at his home in Bessemer terrace of pneumonia. He was born in Ireland and removed to Port Perry when a child. He lived there for 30 years and removed to East Pittsburgh six years ago. He was a millwright at the Edgar Thomson steel works, Braddock. He is survived by his widow and seven children. He was a member of St. Coleman's Roman Catholic church, Turtle Creek.

George Duncan Turner.

George Duncan Turner, aged 35, a former employe of the Pennsylvania railroad, died yesterday at the home of his father, John K. Turner, in Dalzell avenue, Ben Avon, after a long illness. Mr. Turner for the last 10 years had been engaged in fruit culture at Carona, Cal., but owing to ill health he was forced to return to his father's home, arriving here on May 3. Mr. Turner is survived by his widow and one child. He was a member of the Presbyterian church and of the Masons.

Mrs. Joseph Nossick.

Mrs. Katharine Nossick, aged 34, is dead at her home, No. 525 Spruce street, Millvale, of consumption. Mrs. Nossick was born in Germany and was the daughter of the late John Stegnace. She was a member of St. Anthony's Roman Catholic church, Millvale. Mrs. Nossick is survived by her husband, Joseph Nossick, and six children. Funeral services will be held at St. Anthony's church tomorrow morning at 9 o'clock.

Dr. Louis H. Dravo.

Dr. Louis H. Dravo, 50 years old, a well-known East End physician, died suddenly last night at his home, No. 5004 Howe street. He had been a sufferer from asthma for some years and this is thought to have caused his death. Dr. Dravo shortly before 9:30 o'clock complained of being ill, and Dr. E. W. Mitchell was summoned, but when he arrived he found Dr. Dravo was dead.

PERSONALS

Capt. John F. Dravo and wife of Beaver will celebrate the sixtieth anniversary of their marriage next Monday by keeping "open house." Capt. Dravo was born in Dravosburg and a couple of weeks ago passed his 84th birthday. He is hale and hearty and takes an active interest in the Pittsburgh coal exchange. Mrs. Dravo was Miss Eliza Clark before her marriage. She was born and raised in Dravosburg. She has suffered for the past year from the effects of a fall. The couple are well known and they have so many friends that no formal invitations were sent out. They have made it known that all their friends will be welcomed at the Dravo homestead on that day. Capt. Dravo is one of the best-known river coal men and has always been active in river interests.

Col. Henry H. Prettyman of London, O., has been in the city for the last few days engineering a deal. According to his statement, he is backed by a number of capitalists comprising the best known citizens of finance. He had been staying at the Lincoln, and left last night for his home, but will return to Pittsburgh Friday. Col. Prettyman was on the staff of Gov. Bushnell of Ohio for four years and he is well known in Ohio affairs, both politically and financially.

COAL FLEET STARTED.

Several Coal and Cand Barges Broke Loose from Their Moorings.

With alacrity and cleverness customary among rivermen, the fleet of 5,000,000 bushels of coal in tow of a score of steamers assisted by many pool boats swung into a majestic procession yesterday and filed past the Davis Island dam at stated intervals bearing the wealth of the Monongahela valley to the southern markets. The first steamer to get away was the Volunteer, which reached the waters below the Davis Island dam about 8:30 o'clock, followed shortly by other boats.

Nearly every boat in the harbor was in the procession. The pool boats will turn back from Safe Harbor after turning over their tows to the bigger steamers. The Cruiser and the Dave Wood are the only steamers left to take out tows today, unless some of the pool boats return in time to get small tows to deliver to bigger boats coming up. The first of the steamers that tied up to the bank too far down stream to get in to take tows out yesterday, is the Tom Rees, which will get in tonight.

About 10 o'clock in the morning while the steamers were hustling in the harbor to get away, the rising waters of the Allegheny proved too strong for the fastenings of a fleet of six loaded coal and sand barges and a coal boat bottom loaded with lumber. The fleet was carried from its moorings at Twenty-sixth street and after an exciting chase was captured below the Union bridge. The goods in the barges belonged to the James Jiles Coal & Sand Company. The fleet held together and was swept by the swift current under the Sixteenth street and Ft. Wayne railroad bridges without serious accident. The steamer Ft. Hullings was attracted by the signals sent up by many whistles. She set out from her moorings below the Sixth street bridge and attempted to stem the fast running fleet. The barges had struck the pier of the Point bridge before the steamer could stop them and the fleet parted, and one of the sand barges was sunk. The coal boat bottom with the lumber was demolished. The steamer Tide assisted in rounding up the run-away barges and tieing them at the foot of Chartiers street.

An advise from the contractors who are building the street railway bridge over the Ohio river at Steubenville, notified the pilots that a pier was being built in the Ohio at that point and to keep 150 feet from the Ohio shore at the Steubenville wharfboat.

The river reached nearly 13 feet at Davis Island dam at the crest of the rise. Good water is looked for for some days yet, and the shipments will continue as long as there are steamers to take out the tows. The boats tied up below Parkersburg are unable to move as the rise affected none of the streams below that point and they will have to wait for the water to reach them. This rise was purely a head-water rise, and rivermen think it is strange that none of the smaller streams farther down were affected by the heavy rains. The unfinished dams in the Allegheny river withstood the rising waters, but the damage to dams No. 3 and No. 5 in the Ohio is not known yet. It will probably be slight, as the water did not reach as high a point as was expected.

News of the Rivers.

The stage of water at Davis island dam at 9 o'clock last night was 12.5 feet, and the river was falling.

J. T. ackson, former purser of the steamer Columbia, who was operated on Sunday, November 8, at the West Penn hospital, is doing well.

Charles H. Bohmer, of Louisville, a salesman for the Monongahela River Consolidated Coal & Coke Company is on a business trip to Pittsburgh.

The Keystone State will be the first Cincinnati packet to arrive. She will leave Cincinnati tomorrow one day late, and arrive here Tuesday. The Ben Hur and Kanawha will arrive on Monday.

Monongahela river pilots are complaining about the way bridge keepers neglect keeping lights on their bridges. Pilots call it neglect because it happens regularly, and is not due to the lights being blown out occasionally.

The Steel Queen was blockaded at her landing in McKees Rocks yesterday morning by a steamer dropping barges around her when there was no crew aboard. The Elizabeth came down the river and answered the whistle of the Steel Queen by removing the barges.

Engineer J. W. Arras, who has charge of the Allegheny river improvements, said yesterday in speaking of the accident to the steamer Return: "Steamers must not go over Canoe-line wicket dams at full head of steam when they are going up stream. Warnings have been repeatedly made about this. Suction of a tow going up stream is sufficient to raise the wicket over which it is passing when the water is low, and when the towboat is under a full head of steam. This is what happened to the Return. Several accidents of this nature occurred after the Davis Island dam was completed, but is should be a well-known fact now."

Saloonkeepers Hold Insurance On Lives of Their Customers.

(By Private Wire to The Gazette.)

NEW YORK, Nov. 18.—That hundreds of insurance policies are held by the saloonkeepers of Bayonne on the lives of young men who frequent their places is a startling development of the investigation into the murder of Richard Gallvin. Galvin was a saloon frequenter. He had $15 when he went into "Bat" McSweeny's place in Avenue E Saturday night a week ago. After he was kept in the saloon over Sunday, he was carried home with empty pockets to die. His skull had been fractured and his pockets rifled.

The police have discovered that a Bayonne saloonkeeper held an insurance policy for $350 on Galvin's life. His family have refused an offer from the saloonkeeper to pay them part of the policy for their consent to collect it, instead they have filed a protest with the insurance company against payment of the money.

Last August Michael Connor was found dead in a lonely plank road leading to the tough saloons in Avenue E. His skull had been fractured. After his burial a brother learned that a saloonkeeper was trying to collect a policy on his life.

WOMEN FOUGHT TO GET INTO A CHURCH

NEWARK, N. J., Nov. 18.—(Special.)—Crowds of morbidly curious women, fighting with one another to get into the church or to see the church dignitaries, overrunning the police guards, marred the solemnity of the consecration of the Rev. Dr. Edwin S. Lines as bishop of the Episcopal diocese of Newark in Grace church today. The women fought with each other to be the first to get through the lines. The police, after admitting all for whom there was room in the church, had to force those remaining back from the church and clear the sidewalk.

Baseball Leagues' Consolidation Is Not Likely to Occur

JOHNSON'S PLAN NOT VERY LIKELY

There Is Little Fear of Consolidation Between the National and American Leagues.

CORBETT STICKS TO COAST

The official notification of the annual meeting of the National league, which is to be held in New York, opening December 8, was received at local baseball headquarters yesterday. Speaking of the meeting, President Dreyfuss said that, as far as he knew, there was nothing of unusual importance to come up for discussion, and trading of players would be the chief aim of the club owners.

Regarding the talk which Ban Johnson has been giving out on the matter of the consolidation of the two leagues, Mr. Dreyfuss said that it appears to him like a man whistling to keep up his courage. "It will be noticed," said the owner of the Pirates, "that Mr. Johnson is the only baseball man who is doing any talking about this consolidation business, and it must be a case of where the wish is father to the thought. Of course, the leader of the Americans professes to be opposed to such a move, but why should he broach the subject at all, for no one else has been talking about it? To my mind, it is like the man who goes out into the woods and does a lot of shouting just to hear the echo of his voice. The American is badly in need of consolidation just at present, and that is why Johnson is shouting so loudly, but he will shout in vain, as the club owners of the National do not favor any such a move."

The emphatic denial given by President Dreyfuss to the story that Joe Corbett is to join the Pirates' pitching staff next season is followed up by a denial from the pitcher himself. In an interview in Los Angeles Corbett says:

"It's rather funny that I should be signed with Pittsburg and not as yet. I know nothing about it. You may say for me that this coast looks like home to me, and, as far as I know at present, I will stay here. I don't know how the story came to be circulated to the effect that Manion may have turned over his claim to me to the Pittsburgh club. Manion knows that I will never play ball with him again.

"When I was up in north at the last trip he sent a man to talk the matter over with me. They wanted to know what I would sign with Brooklyn for, and I told them. Then Manion would have to offer me more money than had ever been paid to a ball player before I would talk with him at all. I thought that would hold him for a while.

"I will not say there is no chance for me to go back east next season, as I do not know what offers they may make me. I have had offers from other clubs than Brooklyn for me this year, but I have accepted none of them, and I may say that I have not even considered them. There may come something which will be put in reason, of course, and then it will be up to me to decide. That will be about all, I guess, except that this Pittsburgh yarn is all to the bad. Some eastern newspaper man has got the dope mixed, that's all."

Pitcher Cushman, Catcher Marshall and other local players who were in the Western league last season are interested in a suit which has just been brought against the Western league association in Peoria, Ill. The Western, which was built to fight with the American association, pulled down the old flag two weeks before the time to close the season in consequence thereof all Western players lost a chunk of salary, representing nearly half a month's pay. Ed Holly, short stop, and Joe Wright, first baseman, have brought action against Peoria for $100 each, alleged to be due on their contracts. The Western league, although dodging its obligations to the players, does not hesitate to enforce the right to reservation.

FRESHMEN FIVE BEATEN.

Allegheny H. S. Play All Around W. U. P. First Year Men at Basketball.

The Allegheny High school basketball team went to the W. U. P. gymnasium yesterday and beat the freshman five, 38 to 10. For about five minutes neither team could score, and it would have broken Rose getting a pretty one from mid-field. Thompson and Billinger then set the High school rooters to cheering by scoring three field goals. Terbush and Carrey then pocketed two from field. Here Kammerer made the star shot of the game, which was made from the extreme end of the field. The half ended: Terbush and Carrey getting one from field and Thompson and Carrey one each from foul.

The second half opened by High school shooting so many that Mr. Bozanic, Mr. Thompson and Penderich were the bright features of this half, each shooting five from field. McKown, Penrose and Frodey played a fine game of guard, and much credit must be given them for the small score of their opponents. Lineup:

Allegheny—39.		Freshmen—10.
McKown	F	Bossing
Thompson	F	Creelman
Kammerer	C	Terbush
Frodey	G	Carrey
Billinger	G	Rose

Goals from field—Thompson 8, Penderich 5, Billinger 3, Kammerer 2, Terbush 2, Carrey 2, Rose 1. Goals from foul—Thompson and Carrey. Substitutions—Fenderich for Frodey, Penrose for Billinger, Bole for Creelman.

ALL-SYRACUSE TEAM BEATEN.

Visitors Put Up a Strong Game Against Franklin.

FRANKLIN, PA., Nov. 18.—(Special.)—The All-Syracuse football team was defeated today by a score of 12 to 6 in the best game played here this season. The visitors were too light for the home team. The feature of the visitors' play was the 45-yard run of Weir in the second half after receiving the ball on a double pass. Line-up:

Franklin—12.		Syracuse—6.
Schrontz	L. E.	C. Freeman
Lang, McNulty	L. T.	D. Freeman
Metcoff	L. G.	Roller
Sweet	C.	Stack
McFarland	R. G.	Brennan
Wallace	R. T.	Pairish
Woodin	R. E.	Weir
Hayden	Q. B.	Dwyer
Steinberg	R. H.	Carver
Matchews	L. H.	Parker
Davidson, Lang	F. B.	Haywood

Touchdowns—Kirkoff and Davidson. Goals—Davidson 2. Referee—McIntosh. Umpire—Hockenberry. Timekeepers—Callaway and Walker. Halves—25 and 20 minutes.

Will Play for Cash.

CONNELLSVILLE, PA., November 18.—(Special.)—The Connellsville-New Haven football team and the Scottdale eleven today posted $100 as a forfeit to play a game of football here Saturday.

BASKET BALL NOTES.

A good, experienced coach would like to coach and manage a good basketball team for the season. Address J. Hamilton Taxis, 107 Lincoln avenue, Edgewood park.

The Freedom team will make its first appearance of the season at Manchester next Monday night, November 23, and Manager Mosher is counting on a very tight game.

The battle between the Seibel brothers, Ernest and Louis, last Monday night, was certainly an interesting one while it lasted, and Louis came out on top. Ernest, however, played great ball.

The Sterlings will open their season Friday, November 20, at Bohemian hall, Vinial street, with the strong Standards of Allegheny. There will be a good preliminary between the North Sides and the Colonials.

The Allegheny Lyceum second basketball team defeated the Allegheny Reserves in a one-sided game at the Allegheny Lyceum hall. The feature of the game was the playing of Apples and Daly of Allegheny Lyceum team.

The Nationals of last year's Junior league will meet the strong Manchester Juniors next Monday night at the latter's gym. The Nationals are stronger than ever this season and expect to give Manchester a stiff argument.

King, center for the Manchester Juniors, scored more goals than any of his teammates. He believes this is due to the rabbit's foot which he carries in his back pocket during the game. Last Monday he got 12 goals from field.

The Columbias would like to arrange games with all 11 to 12-year-old teams who are out for the championship. Manchester Midgets and South Side Midgets preferred. For games address D. McDonnell 88 Twelfth street, South side.

The attendance at the two games played at the Bleigh by Manchester was very encouraging. One of the pleasing features is the fact that fully one-half of last Monday's audience were ladies, young and old, and they rooted just as hard and as loudly as the boys.

PICKS PROCEEDS TO WIN THE AMERICAN DERBY

Trainer Hildreth Bets That Captain Brown's Horse Will Win the Big Event at Chicago.

[SPECIAL TELEGRAM TO THE GAZETTE.]

MEMPHIS, Nov. 18.—The winter colony of horses were augmented at Montgomery park today by the western string belonging to Capt. S. S. Brown, which included yearlings which will make their debut in competition next spring at the local track. Among the Brown baby brigade were several sons and daughters of Sir Dixon which will be entered in stakes here and at tracks further up the line.

The arrival of the Brown string brought about a spirited discussion between several trainers and owners at the track over the prospective winner of the 1904 American Derby, which culminated in S. C. Hildreth, the western trainer, making what is looked on as the first bet on the big Washington park race. Hildreth regards the chances of Capt. Brown's good mud colt, Proceeds second to none, and an argument was stopped by Hildreth offering to lay $500 even money that Proceeds would beat any colt any owner could name. G. C. Bennett covered Hildreth's money, and selected Hick Hall, the eastern champion, as the one to win the 1904 American Derby.

FOOTBALL NOTES.

The Valley A. C. would like to arrange games for Saturday, November 21 and Thanksgiving afternoon with good 85 or 90-pound teams. Full expenses and good treatment guaranteed. Address L. W. Garratt, 106 Cutler street, McKees Rocks, Pa., or call 'phone 112, F. & L. Y. R. R.

The Sterling A. C. of Wilkinsburg will play the Atlantic A. C. Saturday at Wilkinsburg. All Sterling players please report for practice Thursday evening at 7:30. Sterling would like to hear from some good 90-pound team for Thanksgiving and November 28.

The Allen A. C. of South Side is without a game for Saturday and would like to hear from Monterey, Library, Invincible, or any other 70-pound teams. Full expenses for 14 men. Address P. J. Hanlon, 6 Industry street.

Ingram will line up against the Pastime A. C. on Saturday, at Ingram, and a good game can be expected as both teams are much stronger than last year, when Pastime defeated Ingram 5 to 0. Ingram would like to hear from some good team for Thanksgiving day. Address C. L. Ross, P. O. Box 79, Ingram.

The Lafayettes of Allegheny would like to hear from all 15-16-year-old teams. The team has had some good practice and with the following players they will make all 15-16-year-old teams hustle. Lineup: Hunter, forwards; Ford, center; Feldheimer, Grafer and Jones, guards. Address Edward A. Daum, 914 River avenue, Allegheny.

The 60 to 70-pound Pastimes are without a game for Saturday. Any 60 to 70-pound team desiring this date and disputing the championship can arrange a game by addressing James Farrell, Bureau of Police, or call 2702 Main on the P. & A., or 1102 Grant on the Bell 'phone. Would also like to arrange a game with some out-of-town team for Thanksgiving day. Address Jas. Farrell, 6 C. A. C. Nikl, Tarentum and Emsworth Juniors preferred.

Brushton Tigers are still without a game for Saturday, November 21 and would like to hear from some good 90-pound team for that date. Floradors, Sycamore, Flavel, Wittmer and North Side preferred. The Brushton Tigers have not yet been defeated this year, and think they have a claim to the 90-pound championship. Any team disputing this claim can arrange a game by adressing H. W. Gibson, 7611 Tioga street, city.

Lowell Juniors would like to hear from Library or other teams claiming the 70-pound championship. Call 915, ring 4, East, or address R. T. McAllister, 125 Auburn street, East End.

The Lafayette A. C. of Allegheny intend to rush things for the next three weeks, and they hope to possess the championship at the close of the season. On November 21 they play the Arsenal A. C. of Pittsburgh, on Thanksgiving they will play four games, and on November 28, they will play the Harwood A. C. of Sheraden, Pa. They will continue to play on Christmas, and of course, will have a team in their class. Would like to hear from the Nuttalls of Allegheny and all other 56-pound teams. Address John Jamieson, 25 Linden avenue, Allegheny, Pa., or call up 901, ring 5, North, any time after 5 o'clock.

The Good Luck A. C. would like to arrange games for next Saturday and Thanksgiving afternoon with any 85 or 90-pound team. Address challenges to Vincent Fagan, No. 319 McClure street, Homestead.

The Oak Leafs will clash with the Cresent A. C. of Wilkinsburg next Saturday, on the latter team's grounds. As both teams are playing good, fast football, the game will be a hot one. Oak Leaf has no game for Thanksgiving, so Manager Schmidt would like to hear from some good 100 or 110-pound team for the same. All Oak Leaf players are requested to report for practice Friday night without fail. For games, call up 390, ring 3, Grant, or address Thomas McClure, 7 Herr street, city.

Company F, 14th Regiment team plays Washington Athletic club of Washington, Pa., on Saturday, November 21 at D. C. & A.-C. park, Wilkinsburg. Kick off at 3:30 p. m. Company F plays Bradenville on Thanksgiving day. Company F team is in splendid shape, although Vogel and Campbell feel sore from the effects of the game last Saturday with Duquesne Greys. More than likely a post-season game will be played with Duquesne Greys to decide the military championship of Western Pennsylvania. Greensburg is practically decided on as the battle ground for this struggle.

The Brilliant A. C. would like to arrange a game with some good 80-pound team for Saturday. Call up 286 Court between 8 and 5 o'clock and ask for Adams.

The champion Pastime reserves are without a game for Saturday, November 21, and would like to hear from some 75-pound team for a Pastime grounds. Address J. Moore, 2317 Bedford avenue, city.

The Sewickley third team has cancelled their game, which was scheduled for next Saturday, and as this will leave the Pequots without a game, they would like to hear from all 65-70-pound teams. William B. McVicker, No. 411 Union Station, city. Game to be played on Pequot grounds.

All Bellevue Monarch players are requested to report for practice this evening at 7:30 sharp. The Monarchs would like to hear from some good 50 to 55-pound team for a game Saturday, November 21. Address William Norris, Sumner street, Bellevue, or call 1347 Grant, between 12 and 1 o'clock.

Idlewood Juniors are without a game for Saturday, November 21. Any 65 to 70-pound team can have same by calling up 231 Crafton this evening between 6 and 7 o'clock, and ask for Fred Crocker.

The Hillside Tigers are without a game for Saturday, November 21, and would like to arrange a game with some 80-pound team. Address Fred Lohman, 213 Renfrew street, East End, or call up Bell 'phone 1424 East.

The Peerless football team of Allegheny would like to hear from all 70 to 80-pound teams for Thanksgiving at home or abroad. Address W. McGinley, 1305 Sherman avenue, Allegheny.

The Montgomery players are requested to report for practice tonight. All players not reporting will be dropped from the team.

The Witmer A. C. would like to hear from some good 90-pound team for Thanksgiving day. Address William Daniels, Jr., 65 Sterling street, Allegheny.

Idlewood Juniors are without a game for Saturday, November 21. Any 65 to 70-pound team can have same by calling up 231 Crafton this evening between 6 and 7 o'clock. Ask for Fred Crocker.

THE YALE TEAM'S FINAL PRACTICE

Wind-Up Was a War Dance Around a Huge Fire Led by Capt. Rafferty.

READY FOR HARVARD TEAM

[SPECIAL TELEGRAM TO THE GAZETTE.]

NEW HAVEN, CONN., Nov. 18.—Manager Miller today announced the list of men that will make up the football squad that will be taken to Cambridge for the battle with Harvard.

The squad will be composed of the following: Ends, Rafferty, Shevlin, Neal, Hare; tackles, Hogan, Kinney, Bissell; guards, Batcheider, Morton, Flanders, Miller, Bloomer; centers, Roraback, Scott; quarterbacks, Rockwell, Soper; halfbacks, Metcalf, Bowman, Mitchell, Hoyt, Allen; fullbacks, Farmer, Owsley. Total, 23. Head Coach George Chadwick. Coach Hinkey and Trainer Mike Murphy and two assistants will complete the party.

With the time-honored war dance around a bonfire, composed of discarded suits and forms and armor, kindled on the gridiron, the Yale eleven finished their final practice session before the Harvard game this afternoon on Yale field. Led by Captain Rafferty, 21 seniors of the squad joined hands and danced in a big circle, singing "Here's to good old Yale." They also cheered for Field Coach G. S. Chadwick, Trainer Michael C. Murphy, Captain Rafferty and for Yale. In the dance was only three regular players, Rafferty, Mitchell and Metcalf, the only ones who will not return, from present indications, next year.

The public, including the university students, were kept outside the gates for an hour and a half while the elevens were sent through signal drill on the formations. There was no lineup for scrimmage work. Considerable drill was given all of the backs in catching the ball and running back punts. It was learned that fumbling was again too frequent to reassure the concern that the quintuplet may not again be a serious detriment to Yale's play on Saturday.

Shevlin's looks indicate that he is out of condition. His usual ferocity was lacking and he could run only with painful effort. The other men look much improved, but all of them still have serious bruises and weak spots. Hogan, Hare and Trainer Bridge, but there is strong probability that he will not play. With his injured foot well protected he may start, but Hogan is the best certain to follow. The squad of players, including first substitutes, will leave here tomorrow afternoon for Auburndale, where they will stay at the Woodlawn club until Saturday afternoon.

At a student mass meeting tonight to cheer the team, "Mike" Murphy said that the "scrub" this year has been the best he ever had at Yale. One of the wonders of the season was that none of them were hurt, but that every man injured was at the time a varsity player.

ITHACA, N. Y., Nov. 18.—(Special.)—The supporters of the Cornell football team were not successful in their efforts to score this afternoon. The varsity showed little life and were especially weak on the defense. Once the scrubs pushed them down the field for a touchdown while they regulars were able to make only one tally, and this came after a 70-yard run by Brewster.

Davitt, the regular fullback, is still absent, and Schoelkopf, who was tried in the place today, made a fair showing and will probably develop. The coaches are much worried.

WASHINGTON, Nov. 18.—(Special.)—The Washington and Jefferson football team had the first practice of the week at College park this afternoon. The players were interested to give the local collegians a hard tussle next Saturday afternoon. The Morgantown team will be accompanied to Washington by a big party of rooters. West Virginia has never beaten Washington and Jefferson at football, and if the tables are turned this year the Morgantown team can claim the championship of the middle west. If West Virginia does not prove a hard proposition a number of the substitute players will be put in and the regular varsity men will be saved as much as possible for the game with State college Thanksgiving day. W. and J.'s goal line has not been crossed this year.

CAMBRIDGE, MASS., Nov. 18.—(Special.)—Harvard's football team took a brace today and played 25 minutes of snappy football against the scrubs. The varsity tenderfoots were all made by carrying the ball on steady rushing more than half the length of the field. Altogether the practice was the most encouraging of the season, and Coach Fincke is hopeful as much as possible for the game with State college Thanksgiving day. W. and J.'s goal line has not been crossed this year.

CAMBRIDGE, MASS., Nov. 18.—(Special.)—Harvard's football team took a brace today and played 25 minutes of snappy football against the scrubs. The varsity tenderfoots were all made by carrying the ball on steady rushing more than half the length of the field. Altogether the practice was the most encouraging of the season, and Coach Fincke is hopeful of the eligibility of the middle west men for the game. Meier and Bowditch are still out of the practice. LeMoyne and Bowditch went through the preliminary work and probably will line up tomorrow. Meier is still badly troubled with his arm.

The undergraduates are planning for a big demonstration tomorrow if they can persuade the coaches to have open practice. The demand for tickets for the Yale game have been unprecedented. The offices have been besieged all day by graduates and undergraduates clamoring for tickets. Already very close to 38,000 tickets have been sold.

RACED IN COLD.

Horses Had to Go on a Frozen Track at Latonia.

CINCINNATI, Nov. 18.—It was a bad day for racing at Latonia, as it was very cold and the track was frozen hard. Despite the track conditions, however, the horses ran close to form. The only real surprise was the victory of Beaucaire, at 40 to 1.

First race, mile and 50 yards—Beaucaire, 97, H. Wilson, 40 to 1, won; Barney Burke, 100, A. Thompson, 12 to 1, second; Domadge, 104, D. Boland, 3 to 1, third. Time, 1:47½.

Second race, 5½ furlongs—Miss Mollie, 89, Nichol, 9 to 5, won; Miss Fleischmann, 89, C. Hirams, 12 to 1, second; Snow Cap, 103, Hodgson, 10 to 1, third. Time, 1:10½.

Third race, mile—Chantrelle, 103, Crawford, 6 to 1, won; Arthur, 106, C. Bonner, 4 to 1, second; Tancred, 103, D. Austin, 9 to 20, third. Time, 1:43¼.

Fourth race, steeplechase, short course—Sea Pirate, 120, J. Carter, 11 to 5, won; Volantine, 125, Gaylor, 30 to 1, second; Faraday, Jr., 135, Monahan, 6 to 1, third. Time, 3:03¼.

Fifth race, 7 furlongs—Rathland, 112, W. Watson, 4 to 5, won; Commodore, 112, D. Austin, 2 to 1, second; War Paint, 107, Monroe, 10 to 1, third. Time, 1:29.

Sixth race, mile and 70 yards—John Yerkes, 104, D. Austin, 3 to 5, won; Tufts, 101, S. Bonner, 3 to 2, second; Worthington, 106, W. Watson, 9 to 1, third. Time, 1:46.

ASHLAND STUD SOLD.

Henry Clay's Famous Stock Farm Passes Away—Breeders' Association Acts.

LEXINGTON, KY., Nov. 18.—The famous Ashland stud, property of Mrs. John M. Clay, widow of the son of Henry Clay, was dissolved today at the W. T. Woodwards sale by the disposal of all its stock. The stud was founded by Henry Clay 74 years ago, descended to the son and then to his widow. Senator Wade Hampton of South Carolina, a great admirer of Henry Clay, presented him with Margaret Wood in 1845 and in 1846 Commodore Morgan, United States navy, another admirer, presented him with Yorkshire. With these Clay founded the stud of thoroughbreds that has continued uninterrupted nearly three-quarters of a century.

At the disposal sale 38 horses brought an average of $205. Mrs. John M. Clay, daughter-in-law of Henry Clay, disposed of her thoroughbreds on account of advanced age and ill health. After the Ashland sale brood mares, yearlings and weanlings from other consignments were sold.

Forty-one brood mares brought a total of $6,295, the most of which were bought by the American Breeders' association, and will be retired with their pedigrees concealed. Twenty-six yearlings brought a total of $2,473.

Basketball Opening at New Castle.

NEW CASTLE, PA., Nov. 18.—(Special.)—The basketball season here will be formally opened tomorrow night, when two contests will be played at the Young Men's Christian Association hall. They will be the opening games of the series between the clubs contending for the championship of the city. For convenience in designation the teams will be known respectively by Indian names, and the members are: Apaches—Ben Nesbit, captain; Clarence Barr, Harry McCreary, Robert White, Carl Paisley. Sioux—Lake McNab, captain; Frank McLaughlin, Donald Lusk, Thomas Crowther, Paul Mosely. Delawares—Oram Fulton, captain; Herman Hess, Fred Griffith, Joan Street, Charles Smith. Mohawks—David Harris, captain; Charles Harris, William Smith, Lester Hoover, Oscar Graham.

Winnie O'Connor Coming Home.

PARIS, Nov. 18.—"Winnie" O'Connor, the American jockey, left Paris for the United States today. He will return next year and wear the colors of the Rothschild stable.

The East End A. A. and the Lyceum teams completed arrangements last night for another game, to be played Saturday [illegible] at the Colosseum.

HOCKEY TEAM PROMISED BY THE KISKI STUDENTS

Jack Siebel to Coach the High School Basketball Five—Gossip of School and College.

Hockey will be an innovation to Kiskiminetas athletics this winter. An effort is being made to organize a team there, and those who are at the head of it are confident that a good team can be mustered from the students. Most of the students who play hockey are from Pittsburgh, and the team will be composed mostly of local boys. Francis Caughey, who is captain of this year's football team, is the most interested person in the seven. "Rog" Cunningham, quarterback on the eleven, is another Pittsburgh youngster who can play hockey. The team would play its games when there is ice on the river there. Games will be arranged with teams of the Interscholastic league.

The Pittsburgh High school basketball team, which claimed the Interscholastic championship last winter, will be organized as soon as the football team disbands. Jack Seibel will be engaged to coach the team. Will Orr is captain. An elaborate schedule is being arranged. One trip to Cleveland to play the University school, to Erie to meet the Erie High school and the Greenville high school on the way home is contemplated, and which will likely be put through. The team would be away three days.

The De La Salle school of New York Tuesday won the Interscholastic championship of New York by beating the Cutler school, 15 to 0. The game was played at Cartwright lodging park on a very muddy field. Cutler at no stage threatened De La Salle's goal. Cutler was the favorite for the championship.

The Sophomore-Freshman football game at Harvard Monday ended in neither side scoring. The nearest either team came to scoring was when the ball was shoved to the Freshman 15-yard line.

W. A. Colwell, A. King, H. H. Rowland, S. Whittaker, S. Curtis, W. A. Howard and possibly a seventh to be chosen, will compose the Harvard university cross-country team that will take part in the intercollegiate run the day before Thanksgiving.

Robert Sedgwick has been elected captain of the Columbia university eleven for next season. He is one of the most versatile athletes Columbia has. He is 24 years old, is six feet tall, and weighs in condition 190 pounds. He is over the age limit to engage in football in university. He is a member of the Phi Kappi Pai fraternity.

The following assistant managers have been elected by the Cornell Athletic council: Crew, E. J. Blair, '05; track, S. H. Ehrich, '05; baseball, J. G. Murphy, '05.

An effort is being made to have Notre Dame and Georgetown university elevens meet in Chicago before the season is over. The conference will take steps at its annual meeting on November 27 to bar conditional players from athletics and to provide "that all students shall have a high school course or a full equivalent, so that the athletes of a college shall be of college grade." It is in respect to this move that the high school body will seek to co-operate with the collegians.

SURE HE WILL WIN.

George Gardner Will Go Broke If Fitz Defeats Him in Coming Fight.

MEMPHIS, TENN., Nov. 18.—(Special.)—George Gardner will go into his fight with Robert Fitzsimmons in San Francisco, Colonial-Crusaders; December 18, Colonial-Regal; December 25, Crusaders-Regal; January 1, Crusaders-Colonial; January 8, Regal-Colonial; January 15, Regal-Crusaders; January 22, Colonial-Crusaders; January 29, Colonial-Regal; February 5, Crusaders-Regal; February 12, Crusaders-Colonial; February 19, Regal-Regal, Colonial; February, 26, Regal-Crusaders; March 4, Colonial-Crusaders; March 11, Colonial-Regal; March 18, Crusaders-Regal; March 25, Crusaders-Colonial.

Geneva Team Disappointed.

BEAVER FALLS, PA., Nov. 18.—(Special.)—Manager John Barnes of the Geneva football team journeyed to Pittsburgh this morning to fill an appointment with Manager Tuit of Sewickley and Jefferson to complete arrangements for a post-season game. Tuit failed to show up. The Geneva people are greatly disappointed that a game cannot be arranged.

Rube Waddell Must Stick to Athletics

George Edward Waddell the ace of pitchers who is anxious to desert Connie Mack and join the Cincinnati Reds is not to have his own way judging from Connie's remarks. Here is what he says:

"I haven't heard a word from the Cincinnati Club, and no offer that Garry Herrman can make will get Rube's release from me. I am confident that the big fellow will do good work next year, and I don't mean to lose him. For that matter I don't believe he wants to get away. Rube is erratic, and is likely to say things without attaching the proper importance to them. Waddell won't play in Cincinnati, or anywhere else but Columbia park."

W. & J. AND STATE LIKELY TO FIGHT OVER OFFICIALS

W. H. Edwards of Princeton Is Only Man Thus Far Suggested.

A lively discussion is likely to take place when the representatives of the State and Washington and Jefferson teams meet here to select the officials for the big game at Exposition park on Thanksgiving day. The method of selecting the men who will run the game is fixed by the agreement which the teams signed and gave bonds to fulfill. This will prevent any serious hitch, but as the old rivals never went even so far as to agree about the weather they are not likely to transact the important business without warm talk.

Some of the State men are in favor of getting officials from the east. The name of W. H. Edwards, the well-known Princeton coach, who handled the Harvard-Penn game two weeks ago, was suggested yesterday. The Penn State admit that he is competent, and they may not object if his name appears on the list. Stuart said last night that he does not know when the officials will be chosen, but believes the selection will be made this week. He is waiting now for State's list, which will be forwarded to him by Manager Whitaker, who is already in communication with the men favored by State.

It is not likely that any man suggested by either team would fail to decide the plays fairly, but for a game of this sort a man must be more than honest," said Stuart. "With firm officials, men who will run the game, there will be no rough or foul work on Thanksgiving day and the spectators will see the best team win, but if the officials are weak-kneed the game will not be so smooth. I hope we get the right men."

Stuart may go to State college tomorrow night to help coach the back field for next week's game and to arrange for bringing the college band here to lead the rooters.

NEW YEAR'S SWIM.

Horseman's Dare Taken Up by the Magistrate.

NEW YORK, Nov. 18.—(Special.)—Magistrate James G. Tighe and William Dubois, a well-known race track man and owner of the Patchogue stables, have made an agreement to swim in Sheepshead bay on New Year's day, in which the defaulting party must forfeit $1,000. The agreement was the result of a dare on the part of the horseman, which was quickly taken up by the magistrate.

THE DIXIE STAKES WAS WALKOVER

All Entries Were Withdrawn, Leaving Colonsay a Clear Field for Big Purse.

WINNERS WERE EASY TO PICK

[BY ASSOCIATED PRESS TO THE GAZETTE.]

WASHINGTON, Nov. 18.—The Dixie stakes, which was to have been the feature today at Bennings, proved a disappointment. On account of withdrawals, Father Daly had a walkover, galloping Colonsay, with Odom in the saddle, over the course and receiving the purse. Scratches reduced most of the fields to small numbers and as a result winners were easy picking. Billy Ray, the only losing favorite, had a commanding lead in the jumping race, but fell at the last jump. Track good. Summaries:

First race, 3-year-old and up, seven furlongs, Columbia course—South Trimble, 113, C. Neil, 4 to 5 and 2 to 5, won; Our Nuggets, 105, Adams, 7 to 1 and 2 to 1, second; Dramatist, 108, T. Burns, 12 to 1, third. Time, 1:30.

Second race, maiden 2-year-olds, 5 furlongs—Port Hunter, 109, Blake, 3 to 1 and even, won; Niskayuna, 106, Hoar, 15 to 1 and 6 to 1, second; Ganangogue, 105, Redfern, 4 to 1, third. Time, 1:03 1-5.

Third race, steeple chase, three-year-olds and upward, about 2 miles and a half—Black Death, 146, Mara, 10 to 1 and 3 to 1, won; Manillan, 150, Saffel, 8 to 1 and 2 to 1, second; Perion, 156, Bernhart, 40 to 1, third. Time, 5:25.

Fourth race, the Dixie, 3-year-olds, mile and 3 quarters, "Walkover" for Colonsay, 114, Odom. Time, 2:43 2-5.

Fifth race, four-year-olds and upward, mile and 40 yards, Columbia course—Runnells, 107, O'Neil, 1 to 8 and out, won; Masterman, 107, T. Burns, 5 to 1 and 2 to 5, second; Wire In, 107, J. Walsh, 20 to 1, third. Time, 1:45 3-5.

Sixth race, handicap, 3-year-olds and upward, mile and one-sixteenth—Carbuncle, 121, Redfern, 7 to 10 and out, won; Lord Badge, 113, Adams, 11 to 5 and out, second; Stolen Moments, 115, Decosus, 3 to 1, third. Time, 1:53 2-5.

Seventh race, 3-year-olds and upward, one mile, Columbia course—Wild Pirate, 98, E. Walsh, 7 to 5 and out, won; April Shower, 106, H. Booker, 5 to 2 and 3 to 5, second; Elsie L., 103, Redfern, 4 to 1, third. Time, 1:42 3-5.

IT LOOKED QUEER.

Mechanus' Victory Gave the Talent a Surprise.

SAN FRANCISCO, Nov. 18.—Upsets were frequent today at Oakland, where the weather was raining and the track sodden. But the most surprising victory was that of Mechanus, in the third race, at six furlongs. Saturday he was a pronounced favorite, but made a very poor showing. The judges called Owner Frank Doss and Jockey Lee Jackson before them for explanation. Doss thought the going made a difference, but was not satisfied and dismissed the matter. Summary:

First race, 3 furlongs—Loyal S., 107, I. Powell, 2 to 1, won; Man of Honor, 98, Farrell, 4 to 1, second; Egg Nose, 97, Foley, 6 to 1, third. Time, 1:14.

Second race, 11-16ths mile—Ananias, 108, Reed, 11 to 5, won; Harbor, 108, J. Martin, 8 to 1, second; Instrument, 108, Adkins, 8 to 1, third. Time, 1:08.

Third race, 6 furlongs, selling—Mechanus, 109, L. Jackson, 8 to 1, won; Blue Miracle, 104, Knapp, 20 to 1, second; Tower of Candles, 104, Chandler, 4 to 5, third. Time, 1:14.

Fourth race, 5 furlongs—John A. Scott, 104, D. Hall, 9 to 1, won; Money Muss, 109, J. T. Sheehan, 4 to 1, second; Hagerdon, 106, C. Sloan, 19 to 1, third. Time, 1:00.

Fifth race, 1¼ miles, selling—Dupont, 103, Ferrell, 10 to 1, won; Erne, 101, Knapp, 8 to 5, second; Dodie S., 100, Foley, 2½ to 1, third. Time, 1:52.

Sixth race, mile, handicap—Warte Nicht, 105, Adkins, 2 to 1, won; Beau Ormonde, 111, Ferrell, 6 to 5, second; Brazo, 103, Knapp, 7 to 1, third. Time, 1:40½.

They Will Meet Again.

NEW CASTLE, PA., Nov. 18.—(Special.)—"Jimmy" Dunn, a well-known featherweight of this city, and Jesse Whitaker, are matched to meet at Toledo, O., in a ten-round bout December 11. The bout will be for a purse of $500, of which $300 goes to the winner and $150 to the loser. They met some months ago before the Nonpareil club of Beaver Falls when Dunn lost the decision on a foul.

CHUCK BAUER KICKS WELL IN HIGH SCHOOL PRACTICE

Will Be Used to Boot the Ball Against Kiski on Saturday. Caughey's Team Strong.

Pittsburgh High school will not depend upon Will Orr to do all the kicking in Saturday's game against Kiski, which will decide the runner-up championship. "Chuck" Bauer, the quarterback yesterday showed some of the best kicking seen at Friendship park this season. He booted the ball down the field, high and far, some punts going 50 yards.

One feature of his work, which gave much hope to Coach James, was his drop kicking from the 30-yard line. He sent three through the bars from this distance. Kiski will have to look out for attempts from the field when High school gets close to its goal line Saturday.

The practice yesterday was light. The wintry blast which swept over Friendship park was not much to the liking of the players, and Coach James did not attempt any scrimmages. The team was run through signals for nearly an hour and then taken to the dressing room. The only absentees at the practice were Greer Orr and Schmidt, neither of whom will be in Saturday's game. Schmidt has a broken rib, and Colvin, the sub-guard has his knee in a plaster cast.

Greer Orr is still confined to his bed. The physicians say he will be out by the end of the week. Last night there was an informal meeting at his home by the players. Every player dropped around to see him. A large bouquet was taken.

Capt. Francis Caughey yesterday, at Saltsburg, had his Kiski team out for its daily practice. Kiski will come to Pittsburgh Saturday with its team in excellent shape, and all the regular men in line save Gordon, who was hurt in the Shadyside game. Gordon is still confined to his home at Franklin. Heldrick will be on his end.

The Kiski team is out for practice every day, and the players are confident of disposing of High school Saturday. There is money among the High school students to say that their team will not lose.

"Texas" Meese and either Maloney or Joe Steen will officiate in the game. Kiski yesterday agreed to accept either Steen or

SOCIETY

Miss Mary Harrington Thomson, the daughter of John Webster Thomson of Port Huron, Mich., was united in marriage to Josiah Copley Thaw, the young millionaire of Pittsburgh and brother of the countess of Yarmouth, at 11:30 o'clock yesterday morning in the Grace Episcopal church, the Rev. John Munday, the rector of the church, officiating. The church was decorated in a simple manner, pink and white being the prevailing colors. The chancel was banked with palms and ferns, with a sprinkling of chrysanthemums; these flowers were used in profusion on the altar. Pink and white chrysanthemums were placed at the pews of the aisle down which the bridal party passed.

The bridal party consisted of Miss Mary Harrington, a cousin of the bride, as maid of honor; Harry Kendall Thaw, a brother of the bridegroom, as best man, and William J. Fitton, J. Denniston Lyon, H. D. McCandless and Harry S. Robinson of Pittsburgh and Edmund Harrington and Julian H. Thomson of Port Huron as ushers.

The bride's gown was a rich creation of point applique lace, draped over an underdress of white chiffon, the whole fitted to a foundation of ivory satin duchess. Her long tulle veil was fastened with orange blossoms and she carried a bouquet of lilies of the valley and white orchids. Miss Mary Harrington was gowned in a dainty dress of shell pink chiffon over pink satin, with incrustations of silk lace of a delicate pink tint. Miss Harrington also wore a large picture hat of pink chiffon with an enormous cavalier plume of pink ostrich feathers. She carried a gauze shower bouquet of pink roses.

Following the marriage ceremony a brilliant reception was held at the residence of the bride's father. The interior of the house was decorated with chrysanthemums and smilax, while in the rear of the receiving party was a bank of Boston ferns. The wedding breakfast consisted of four courses and consisted of bouillon, pates, salads and ices. After the reception Mr. and Mrs. Thaw left in their private car for a trip through the south. They will make their permanent home in Pittsburgh.

The presents were many and very beautiful and formed one of the finest collections of jewelry, cut glass and bric-a-brac ever seen in that city. Conspicuous among them was a solid-gold monogram purse, a gift from Mr. and Mrs. Andrew Carnegie. The gift from the bridegroom's mother, Mrs. William Thaw, was a chest of beautiful small silver. The bridegroom gave a magnificent diamond pendant, which was worn by the bride with her wedding gown. Mr. and Mrs. George Lauder Carnegie gave a beaten-silver tea set and tray. Mr. and Mrs. Frank Rice of St. Louis a silver bowl and Mrs. William R. Thompson, a half-sister of the bridegroom, a gold card case.

Among the guests at the wedding were Mrs. William Thaw, Mr. and Mrs. George L. Carnegie, Harry Kendall Thaw, Pittsburgh; Edward Thaw of New York, Miss Copley, Mrs. Fleming, Mr. and Mrs. Semple, Mrs. William R. Thompson, Miss Elisabeth Thompson, Mrs. William Thaw, Jr., Mr. and Mrs. H. L. Collins, Mr. and Mrs. J. D. Lyons, Mrs. F. F. Nicola, Benjamin Thaw, William Thaw, W. J. Patton, H. S. Robinson and H. D. McCandless, Pittsburgh.

Miss Guthrie's Debut.

Ideal winter weather favored Miss Alice Sellers Guthrie, when she made her debut yesterday afternoon, introduced by her mother, Mrs. Robert Walker Guthrie of Howe street, East End. Miss Guthrie is the second and younger daughter of the house, and is a graduate of Dwight's school in Englewood, N. J. The hours were from 3 until 6 o'clock, and during that time a steady stream of carriages bearing fur-clothed guests drove up to the pretty little home in Howe street, each bringing a hint of the cold without, while within all was bright and gay, with the fragrance of the debutante's flowers flitting through the rooms.

Mrs. Guthrie and her daughter received together, the mother wearing a gown of gray voile, elaborately trimmed with lace, the gown of the debutante being of white tulle, simple and girlish in pattern. Among those who had been asked to assist were all of the season's debutantes, with Mrs. Henry C. Bughman, Mrs. David G. Stewart, Mrs. Alexander Guthrie, Mrs. Stewart H. Johnston, Mrs. Francis Sellers, Mrs. Layton Howe, Mrs. Alexander Lyon, Mrs. William Hays, Mrs. Francis Guthrie, Mrs. Lawrence Dilworth, Mrs. George W. Hallman, Mrs. James D. Hallman, Miss Sellers, Miss Minnie Sellers and Miss Sarah Sellers.

Debutante bouquets, as a matter of course, entered largely into the decorations. The drawing room was given over entirely to the planting of these flowers. The white doors were gracefully draped with southern smilax, the same vine of a cultivated variety adorning the chandelier. Two dainty little baskets of roses, lilies of the valley and carnations hung in the doorway leading from the drawing room to the dining room, while over the pictures on the piano and on the mantel were larger bouquets of chrysanthemums, roses and violets, tied with exquisite ribbons in silk, satin and tulle. A centerpiece of white chrysanthemums was on the dining table, the same blooms finding places on the chandelier. Smilax was trailed over the banisters and window seat in the hall, shades of red appearing on the lights.

For Sweet Charity's Sake.

A bevy of prettily dressed young girls were busy with fingers, brains and hearts yesterday afternoon in the South Highland auditorium, the leisure hours coming in during the dance later in the evening. It was the occasion of the Relief club's bazar and musicale, the proceeds of which will be used for securing Christmas cheer for the children of the poor, and for continuing the work of the club. The ballroom was prettily lighted and the different booths were decorated with smilax. The common sense booth was in charge of Miss Florence Lanahan. Miss Edith Keating, Miss Anna Heyl and Miss Ruth Weldon. The floral booth was presided over by Mrs. J. Vincent Maher, Miss Reilly and Miss Emily Keating. At the cake and candy booth sweets were dispensed by Mrs. Albert C. Daschbach and Miss Stella Loughney, the fancy work table being under the care of Miss Pauline Donnelly, Miss Katherine Vilsack, Miss Jane C. Patterson and Miss Mary C. Rogers. Miss Elizabeth Heyl and Miss Gertrude McCaffery poured tea. During the afternoon Miss Vilsack, Miss Alice Nagle, Mrs. Roberts, Miss Riddle and Garrick O'Brien contributed a very enjoyable musical program. About 200 young people were present in the evening at the dance, a number of the elders also being present, having remained for the supper which was served on the first floor of the auditorium in the interval between the afternoon and evening entertainment.

Richardson—Maeder.

Miss Dorothy Isabelle Richardson, daughter of Mr. and Mrs. John Richardson and Carl Edward Maeder of Pittsburgh, were married at 8 o'clock last evening in Trinity Episcopal church, Rochester, Pa., by Rev. A. D. Brown, rector. One hundred guests were present. J. M. Heidrick of Monaca played the wedding march. The bridesmaid was Miss Caroline Richardson, and J. Fred Maeder, brother of the bridegroom, acted as best man. The ushers were G. B. Marshall and W. D. Hurley of Pittsburgh. The bride wore white peau-de-soie and carried orange blossoms and bride roses, while the bridesmaid wore pink mousseline and carried white chrysanthemums. A reception at the home of the bride, Harmony avenue, followed the ceremony. The decorations were pink and white. The couple left at 8 o'clock for an eastern trip and will be at home after December 1 in Duquesne. The bridegroom is a department superintendent at the Duquesne Steel works, and a graduate of Lehigh university, 1900 class. The Pittsburgh guests at the wedding were Mr. and Mrs. John Hibbard, John Kretchmar, Mr. and Mrs. J. F. Maeder, William Maeder, Miss Clara Maeder and Miss Mary Maeder of Allegheny, and Mr. and Mrs. Fred Bannerat.

Maxwell—Stedeford.

The wedding of Miss Gertrude May Maxwell, daughter of Mr. and Mrs. William Maxwell, and William G. Stedeford took place last evening at the home of the bride's parents in Poplar street, Allegheny. The Rev. Wallace Thorpe, D. D., pastor of the First Christian church, performed the ceremony, which was witnessed only by the relatives and most intimate friends of the young couple.

The bride was attended by Miss Sadie Agnes Snyder of Oakland as maid of honor and the best man was George Carson of Wilkinsburg. Gray crepe de chine formed the bridal gown, elaborately trimmed with lace applique and insertion. Miss Snyder was gowned in tan crepe meteore. The decorations for the wedding were very simple, consisting of a few cut flowers and a profusion of greens. After an eastern wedding trip Mr. Stedeford and his bride will reside in Poplar street with Mr. and Mrs. Maxwell.

Reubendale—Bradshaw.

Miss Maude E. Reubendale, daughter of J. H. Reubendale of Upper Sandusky, was married to William M. Bradshaw at the home of the bride's sister, Mrs. G. B. Craig, Whitney avenue, Wilkinsburg, last evening, the Rev. T. N. Eaton, D. D., of Wilkinsburg Methodist church, officiating. The bride was gowned in white broadcloth and carried bride roses. The decorations of the house were in green and white. Friends of the couple were present from Wilkinsburg and the East End. After a wedding trip to Cambridge Springs Mr. and Mrs. Bradshaw will be at home in Wallace avenue, Wilkinsburg, December 15. The bridegroom is connected with the Westinghouse company at East Pittsburgh.

Annual Tea Party and Bazar.

About 1,000 people were in attendance at the annual tea party given last evening in Turner hall by the congregation of St. Bridgid's Roman Catholic church. The supper was served downstairs, while on the first floor were the various booths, fancy work, lemonade and floral. The latter booth was under the care of the Children of Mary, the former two being directed by the members of the Ladies' Sodality, with Miss Katherine Dimley at the head. Mrs. Edward Krelz was general chairman. The booths were prettily decorated with bunting in dainty colors, while garlands of smilax hung from the ceiling.

Mr. and Mrs. Guthrie Are at Home.

Mr. and Mrs. Pressly Neville Guthrie are now at home to their friends in Elmira, N. Y. Mrs. Guthrie will be remembered as Miss Edith Wallace Whitehead, whose marriage was a brilliant affair in Trinity Episcopal church in October. Mr. and Mrs. Guthrie made a very short wedding trip through the east, going from Atlantic City to their new home. Prior to his marriage Mr. Guthrie had been making his home with his mother, who is now visiting in Pittsburgh, and it is to the same home that he has taken his bride. His mother will spend part of her time with him, making her home at times with her other children.

Informal Dance for Young People.

Miss Grace and Miss Alice Wigley of St. James street gave a pleasant little dance last evening for 40 young people. The affair was very informally conducted. There were no decorations and the hostesses were unassisted. Supper was served late in the evening. The house is one of the roomy homes in St. James street, the two large lower apartments affording ample space for the entertainment.

Lecture on Lord Chatham.

The Woman's club of Sewickley held an interesting meeting yesterday afternoon in the Edgeworth club, with a good attendance. The speaker was Prof. George E. Howard of the University of Chicago, who delivered the second of a series of six lectures on "Six Leaders of Social Liberty in England." The second lecture yesterday dealt with Lord Chatham.

Siegfried—Wilson.

The wedding of Miss Caroline Siegfried, only daughter of Mr. and Mrs. Henry Siegfried, and Francis S. Wilson, of Chicago, was celebrated last evening in the home of the bride Youngstown, O. The Rev. A. L. Frazer, rector of St. John's Episcopal church, performed the ceremony. There was no bridal party. A reception was held later for which 200 invitations had been issued.

McKee—Oaks.

An important event in New Castle yesterday was the marriage of Miss Mary McKee and Albert Oaks of Hartford, Conn. The ceremony took place at the McKee residence at 5 o'clock yesterday afternoon and was performed by the Rev. Dr. J. Q. A. McDowell, pastor of the Second United Presbyterian church, of which the bride was a member. She is the only daughter of the late Dr. John McKee of New Castle and is prominent in musical and society circles. Mr. and Mrs. Oaks will reside in Hartford, where they will be "at home" after Christmas.

Bowden—McGregor.

Edwin C. McGregor, postmaster of Burgettstown, Washington county, and Miss Ada L. Bowden, also of Burgettstown, were quietly married at noon yesterday by the Rev. T. R. Alexander at his residence in Washington, Pa. Gregor left for a northern wedding trip. The There were no attendants. Mr. and Mrs. McbrideGrom is a son of the late S. C. McGregor, former Washington county treasurer. The bride is a daughter of D. J. Bowden and taught in the Burgettstown school for two years.

Allen—Reynolds.

Miss Lenora Allen of Pittsburgh and Harry H. Reynolds of New Castle were married yesterday afternoon at the Methodist Episcopal church parsonage, Irwin, Pa., by the Rev. J. W. G. Fast, in the presence of a few friends. After the ceremony the bridal party was entertained at the home of Mrs. O. A. Rodgers, sister of the bride. Later Mr. and Mrs. Reynolds left for their future home in Ellwood City, Pa.

Invitations for Greensburg Hop.

AGENT CHARGED WITH CRIPPLING A CONCERN

Vouchers, Receipts and Statements Are Alleged to Have Been Burned.

H. Wilson Black, formerly an agent for the Red Cross Medical and Burial association, was charged before Alderman John Groetzinger yesterday with breaking into the company's offices, No. 429 Diamond street, and destroying all the books and papers in the place. The monetary loss will amount to about $300, while the destruction of the papers, including vouchers, receipts and statements, it is said, will cripple the company for years.

While Manager Alfred Barr was absent from the offices yesterday it is alleged that Black broke into the place and gaining the books and papers, threw them into the fire. Black was watching them burn when Mr. Barr returned and attempted to get into the office. With the assistance of several others Barr was able to break into the office, but the papers and books had all been destroyed.

Mr. Barr made an information before Alderman John Groetzinger against Black and the latter gave bail for a hearing next Saturday on a charge of malicious mischief.

Black had been an agent and collector for the concern and was discharged. An information was made against him later for alleged irregularities and he gave bail for a hearing before Alderman John H. Brinker of Allegheny.

CRANK ESCAPES ASYLUM.

Man Who Wanted to See Roosevelt Gets Away from Government Hospital.

WASHINGTON, Nov. 18.—(Special.)—George Harvey Stetson, the White House crank who on November 12 came to Washington to invoke the aid of the president in recovering $200,000,000 which he alleged had been stolen from him, and also to secure redress for a bullet in his brain and 15 years' incarceration in a dungeon, the work of his enemies, this morning escaped from the government hospital for the insane.

Stetson is from Garfield, N. Y., and there, as here, is regarded as a harmless crank. A general alarm for his apprehension has been sent out through the police department, but no serious consequences are feared. Nevertheless the police force at the White House has been warned to be on its guard, and an extra detail of secret service men has been made.

Mothers and Homemakers' League.

The meeting of the Mothers and Homemakers' league in the Irwin avenue school building, Allegheny, yesterday afternoon was of interest to a large circle of women on the North Side. Miss Jessica Childs gave an informal talk on "The Kindergarten." Miss Childs telling of her experiences in the free kindergarten in which she is a director. Mrs. McGarvey, who has been in probation officer of the juvenile court for several months, spoke of the children who have been under her care.

HIGH CLASS DRUGGISTS
AND — OTHERS.

The better class of druggists, everywhere, are men of scientific attainments and high integrity, who devote their lives to the welfare of their fellow men in supplying the best of remedies and purest medicinal agents of known value, in accordance with physicians' prescriptions and scientific formula. Druggists of the better class manufacture many excellent remedies, but always under original or officinal names and they never sell false brands, or imitation medicines. They are the men to deal with when in need of anything in their line, which usually includes all standard remedies and corresponding adjuncts of a first-class pharmacy and the finest and best of toilet articles and preparations and many useful accessories and remedial appliances. The earning of a fair living, with the satisfaction which arises from a knowledge of the benefits conferred upon their patrons and assistance to the medical profession, is usually their greatest reward for long years of study and many hours of daily toil. They all know that Syrup of Figs is an excellent laxative remedy and that it gives universal satisfaction, and therefore they are selling many millions of bottles annually to the well informed purchasers of the choicest remedies, and they always take pleasure in handing out the genuine article bearing the full name of the Company—California Fig Syrup Co.—printed on the front of every package. They know that in cases of colds and headaches attended by biliousness and constipation and of weakness or torpidity of the liver and bowels, arising from irregular habits, indigestion, or over-eating, that there is no other remedy so pleasant, prompt and beneficial in its effects as Syrup of Figs, and they are glad to sell it because it gives universal satisfaction.

Owing to the excellence of Syrup of Figs, the universal satisfaction which it gives and the immense demand for it, imitations have been made, tried and condemned, but there are individual druggists to be found, here and there, who do not maintain the dignity and principles of the profession and whose greed gets the better of their judgment, and who do not hesitate to recommend and try to sell the imitations in order to make a larger profit. Such preparations sometimes have the name—"Syrup of Figs"—or "Fig Syrup" and of some piratical concern, or fictitious fig syrup company, printed on the package, but they never have the full name of the Company—California Fig Syrup Co.—printed on the front of the package. The imitations should be rejected because they are injurious to the system. In order to sell the imitations they find it necessary to resort to misrepresentation or deception, and whenever a dealer passes off on a customer a preparation under the name of "Syrup of Figs" or "Fig Syrup," which does not bear the full name of the California Fig Syrup Co. printed on the front of the package, he is attempting to deceive and mislead the patron who has been so unfortunate as to enter his establishment, whether it be large or small, for if the dealer resorts to misrepresentation and and deception in one case he will do so with other medicinal agents, and in the filling of physicians' prescriptions, and should be avoided by every one who values health and happiness. Knowing that the great majority of druggists are reliable, we supply the immense demand for our excellent remedy entirely through the druggists, of whom it may be purchased everywhere, in original packages only, at the regular price of fifty cents per bottle, but as exceptions exist it is necessary to inform the public of the facts, in order that all may decline or return any imitation which may be sold to them. If it does not bear the full name of the Company—California Fig Syrup Co.—printed on the front of every package, do not hesitate to return the article and to demand the return of your money, and in future go to one of the better class of druggists who will sell you what you wish and the best of everything in his line at reasonable prices.

Carpets, Rugs, Draperies.

Few people realize the full extent of this store's helpfulness—
The scope and beauty of the stock of carpetings—the richness and size of the Oriental Rug department—the artistic completeness of the line of curtains and draperies—
The experience of more than half a century is condensed into the store's present day ability to serve you promptly and well—
The completeness of the stocks is a particular point—Even in the finest, most exclusive Wiltons and Axminsters you will find the line complete enough to meet your every demand—There's no buying from samples—with the consequent vexations, delays and disappointments—
We also have facilities for having carpets woven to order in one piece to fit any room—and match any color scheme—

In brief, the store is prepared to serve you promptly with the best the world produces in floor coverings of every description, and in curtains, draperies and upholstering stuffs—

OCKS RULED STRONG, CLOSING AT THE LOWEST

Bears Made an Attack Upon Steel Preferred, but Made Little Impression—Many Bids for Allegheny County Road Bonds.

By JOHN O. BAGLIN, Financial Editor.

The eastern stock market ruled strong throughout the session yesterday, and finally closed at the top prices. The volume of trading was not large, the total sales reaching less than 440,000 shares, and there was not what might be called good buying, the dealings representing the operations of professional traders; but there was an absence of liquidation, and a subsidence of the disturbing rumors which have recently been current, indicating that the bear party was running out of ammunition. The market opened firm and fractionally higher all around, in response to the better quotations from London, which were accompanied by buying orders. The financial situation abroad seemed to be improved from the fact that there was a rather sharp advance in English consols to 88⅞. Shortly after the opening the bears made an effort to turn the tide, concentrating their attention upon U. S. Steel preferred. The latter sold down from 50¾ to 50¼, recovered to 51, and was again depressed to 50¼, but outside offerings on the decline were small, and the recovery was rapid. The new bonds declined from 66⅝ to 66¼, but also recovered readily. The strongest of the other industrials was Sugar, which advanced to 115¾, the highest on this movement, the rise being based upon confident expectations that the Cuban reciprocity treaty would be ratified to the advantage of the company. Amalgamated Copper advanced a point to 89¾.

Pennsylvania Railroad was firm from start to finish, the opening at 112¾ to 112⅝, being the lowest of the day. From that point it gained steadily until in the final dealings it touched 114, a net recovery of 3¼ per cent from the low point of last week. Reading was another strong feature, advancing from 38⅜ to 40⅝, being helped partly by the cold weather, which will stimulate the demand for coal, but largely by the covering of shorts. Baltimore & Ohio advanced 1 per cent, St. Paul 1¼ per cent, Atchison and Union Pacific each ¾ per cent, and other railroad shares were fractionally higher. It was a matter of comment that those stocks which have been under the greatest pressure were the ones to recover most easily, which confirmed the theory that a large part of the recent selling was for short account, and the bulk of the buying for covering these short contracts. During the middle part of the day trading became extremely dull, but late in the session there was a renewal of activity, and it was at this time that the highest prices were recorded. The late advance met with no resistance from the bears, and it was thought that the professional traders had temporarily shifted over to the long side of the market. Steel preferred scored the largest advance during the closing minutes of the day, running up from 50½ to 51¼, and closing at 51⅛ bid.

The money market was firm, call loans ranging between 5 and 6 per cent during most of the day, and closing nominal at 4 to 4½ per cent. Time loans were a little easier, while sterling exchange was firmer. As an offset to the recent advance in the latter there was a decline in the London market in the price of both bar gold and American eagles. No additional engagements of gold for import were announced yesterday, but the fact is now generally admitted that New York controls the international market, and that if call money rates are maintained, more gold is bound to come. It is estimated that the indebtedness of the United States to Europe on account of borrowed money is smaller now than at any time in years, and that therefore every dollar of excess merchandise imports over exports counts for an additional dollar of credit abroad.

One of the most encouraging financial incidents of the day was of local origin. It consisted of the active bidding for the $550,000 Allegheny county road bonds. The latter had been advertised twice on a 3½ per cent basis and failed to obtain a satisfactory bidder, thus giving the issue a "black eye" in the market. The rate was raised to 4 per cent, and yesterday eleven bids were submitted, every bid being at a premium. All the prominent bond houses in the country dealing in this class of security were represented and the successful bid was 103.617, or a premium of $19,838.50. These figures represent an investment of about 3⅞ per cent, which, while higher than the same class of bond has commanded for previous issues, is considered favorable under present monetary conditions. The best feature of the entire transaction, however, is the evidence of a returning demand for good bonds. This demand is almost always the precursor of improvement in the stock market. Another transaction indicating the same trend was the reported sale of Uniontown 4 per cent school bonds at par. The evidence of a reviving demand for first-class investments is a confirmation of the remarks in this department yesterday, referring to the advance in the bid prices for local traction and industrial bonds. This advance continued yesterday, River Coal 6s advancing 2¾ per cent over the last previous sale to 110, making a net recovery from last week of 3 per cent. Today New York city will receive proposals for $7,500,000 3½ per cent tax-exempt gold bonds payable in 50 years. These periodic sales have always been looked forward to as furnishing an indication of public sentiment on the bond market. If the bidding today is large it will go a long ways toward re-establishing confidence on the part of those in control of investment funds, but who have been waiting for signs that a turn had come in the market.

The transactions on the Pittsburgh stock exchange yesterday fell to a minimum, the sales footing up only 1,494 shares stocks distributed among eleven issues, and $12,000 bonds. There were more gains than losses, but the only important change was in the bond list, Pittsburgh Brewing, National Fire Proofing common, Manufacturers Light & Heat, U. S. Steel preferred, and Westinghouse Electric were all fractionally higher, while small purchases of Air Brake resulted in an advance of a dollar a share. Crucible Steel preferred, Fire Proofing preferred and Philadelphia Company were fractionally lower. The remainder of the list was dull and nominally unchanged. Pittsburgh Brewing 6s sold at 109¾, an advance of ¼, Pleasant Valley old 5s sold at 112½, an advance of 7 per cent over the last previous sale, and River Coal 6s sold at 110, an advance of 2¾. Monongahela Light & Power 5s were unchanged at 109½. The whole market was very listless throughout the day, but the tone at the close was firm.

NOTES AND COMMENT.

The number and character of the bidders, rather than the price realized, constitute the favorable feature of the sale of Allegheny county road bonds yesterday. Eleven prominent houses were represented, and every bid was at a premium. Several more local bond houses would have bid on the bonds if they had felt assured of an easy money market, because there is almost certain to be an active demand for this class of investment within the next three months at much higher prices. The bonds were allotted at 103.617, which is equivalent to about 96½ for a 3½ per cent bond, the rate at which previous issues have been floated. Two years ago 10⅜ and interest was paid for Allegheny county 3½ per cent bonds, which would be equivalent to about 91 for the 4 per cent bonds sold yesterday.

A little less than 1,500 shares local stocks changed hands on the exchange yesterday, at prices ranging from 5⅜ for National Fire Proofing preferred to 130 for Westinghouse Air Brake. The money value of the total was probably the smallest for any day in years. The business, however, was on a cash basis, as all recent purchases have been for account of customers who pay outright.

Public quotations on local bank and trust company stocks have not yet been resumed, and so far as can be learned there is little if anything doing privately in this class of stocks.

Crucible Steel preferred closed at a net decline of ⅜. National Fire Proofing preferred and Philadelphia Company ½. These were the only net losses for the day.

Standard Oil stock closed $5 higher at 675 bid. This is an advance of $25 for the week, based upon the increase in the dividend.

A year ago transactions in local bank and trust company stocks were quite active, and for the week ending November 22, 1902, about $250,000 worth, of these shares changed hands. The absence of trading in this group now, and the extreme dullness in the general stock list, will account for a large portion of the falling off in bank exchanges.

Standard Oil interests were credited with buying stocks yesterday, and Wall street traders thought there might be further moderate profits on the long side today.

For the second week in November the gross earnings of Canadian Pacific increased $73,000. For the same week Missouri Pacific increased $56,000.

Chicago had a report that another dividend on American Can preferred would be declared and paid soon after January 1. An officer was quoted as saying that the western business of the company in the last quarter was better than last year.

For the last six months investors have been quietly but steadily absorbing stocks. It is true that this buying has not been sufficient to advance the market in the face of organized professional attacks. For this reason the investment buying has not received the attention it deserves. Since the first of this year the number of stock holders of the Steel Corporation alone have increased something like 20,000. The stockholders of practically every railroad and industrial whose securities are traded in have shown an increase during the same period. Altogether it can be safely said that the stockholders of the railroads and industrials have increased fully 200,000 as compared with a year ago. If the average investment of these shareholders is $500 it means that the public has absorbed at least $100,000,000 of securities during the last 12 months. At least it means that amount has been invested. As the majority of securities are selling below par it appears that securities having a par value of between $150,000,000 and $200,000,000 have been purchased and taken out of the market during the last year.

The south is the only section that is now drawing upon New York for currency. The demand is not extensive. The total amount of the cotton crop which will be brought into sight for this week bids fair to be the largest on record. It looks as though it would approximate 320,000 to 360,000 bales, which would compare with about 550,000 last week and 443,000 last year and 420,000 the corresponding week the previous year, and 378,000 in 1900. The movement is expected to reach its greatest on record for any week at this season of the year since 1898, when 546,000 bales came into sight.

Just before the close of the market yesterday heavy offerings of cotton bills caused a decline in sterling exchange rates, and an additional $500,000 gold was reported engaged in London. This had some effect in the final rally in stocks.

NEWS FROM THE MINES.

The Highland Boy Con. Mining Company, owning and operating the Parnell group of mines at Bingham, and A. J. Orem, who, as the head of the Apex Company in that camp is doing so much to promote its development, has entered into a deal by which the former agrees to deliver its control to the latter, and while the consideration is not known, it is said to involve no less than $150,000.

A wing is being sunk from the tunnel level at the Ferris-Haggarty mine following a streak of black oxide of copper, the richest ever found in that noted property.

The Ingram mine, situated on the north side of Four Mile creek, near Salina, Col., where a rich strike was made during the summer, is fast developing into one of the biggest mines in the district. Since September the working force has been considerably increased, and the amount of ore being shipped every month has been also very much increased. It runs from good medium grade to that found in the narrow streak which has a value of from $4 to $8 to the ton. This streak at its widest point is about 10 inches, pinching out to a width of about two inches. The mine is worked through two shafts, the old one having a depth of about 150 feet and the new one a depth of more than 700 feet.

An important strike has just been reported in the Tonapah-Belcher mine, owned by Salt Lake capital.

The Salt Lake management of the Copper Contact group of mines out of Sodaville, Nev., reports three carloads of ore on the way to market that should, according to camp assays, afford as much as 7.6 per cent copper, $21 gold and several ounces silver per ton. The second payment on the group, which was recently purchased by Salt Lake investors, has just been made, and with a lengthy interval between that and the next it is the intention of the purchasers to drop down on the ledge, which shows a width of 100 feet, to the 200-foot level.

The Metal Market.

NEW YORK, Nov. 18.—Tin was about 5s lower in London, closing at £116 7s 6d for spot and £117 10s for futures. Locally, the market is unchanged at $25 10@25 50. Spot copper was unchanged in London at £55 15s, while futures declined 2s 6d to £56 7s 6d. Copper locally, shows little change from the conditions recently reported, lake, electrolytic and casting being quoted at $13 00. Lead was unchanged at £11 1s 3d in London and at $4 25 in the local market. Spelter closed unchanged at £20 15s in London, and here at $5 02½. Iron closed at 52s 6d in Glasgow and at 42s 7½d in Middlesboro. Locally, iron is quiet. No. 1 foundry Northern is quoted at $15 00@16 00; No. 2 foundry Northern, at $14 00@15 00; No. 1 foundry Southern and No. 1 foundry, Southern soft at $13 50@14 00.

STILL RKS MARKET

crease in Orders Alone ticeable in Iron and Steel Trade.

FURNACES SHUT DOWN

Action of Coke Producers and ming Reduction of Wages and Tend to Help Restrict Pig utput.

deal clearer situation is reported n and steel trade, owing mainly ct that the worst is believed to The action of the various pools at York meeting in making cuts billets and bars and reaffirming er prices in other lines has be nerally known, and the belief is stronger that something approach bottom in prices has been reached. vident a slight improvement in r various lines of finished ma The buying is still of the day-by- haracter that has been noted for months, but more orders are being d, and the fall upon the mills is ore larger.

coke situation is at present entirely e hands of a committee of the pro ers, which is expected to report early week on a plan to prevent demorali tion. Just what this plan will be is not known as yet even to the committee. A meeting was held on last Monday, but the attendance was not full, and later this week another meeting will be held, the result of which will be reported to a meeting of the operators who appointed the committee.

Greater Furnace Restriction.

The pig iron situation in this section remains unchanged, except that the restriction of output is gradually becoming greater. For the first part of this month it was somewhat in excess of 50 per cent. It is now close to 60 per cent, and in December will be fully that proportion. So far as orders go, the business is very poor. There are several offers every time a prospective customer appears, but the purchases are practically all small lots. Very little, if any, frick coke is going to independent furnaces. It is said, to the outside buyers the Frick company is selling only foundry coke. The price quoted in the 17,000 circulars issued to the trade is $2 85 for 72-hour foundry coke. Sales are being made of standard furnace coke at the other ovens at $2 to $2 25.

It is pointed out that a great deal of melting is going on at the foundries and that before long they will necessarily be in the market, inasmuch as stocks of material are being exhausted. When they do start to buy a revival of activity of marked volume is expected on account of the present policy of waiting no product for the future.

A great deal will depend upon the action of the committee in charge of the coke situation as was the case with the committee that made the original agreement to restrict the furnace output. Between the two agreements it is likely that the revival of business will find the furnace and coke operators both without large surplus stocks that will be a continual threat and prevent the increase of prices which is to be expected.

Greatest Month for Wire.

It is pointed out that in certain lines the activity of the United States Steel Corporation's subsidiary companies has been very marked recently. Last month was the month of greatest output in the history of the American Steel and Wire Company. 140,000 tons of wire and wire articles being made. The total for last year was but 1,400,000 tons. The output of October being at the rate of 1,700,000 tons annually. The Tennessee Company produced in October 10,000 more tons of pipe than in October, 1902, the activity in oil development having largely responsible for this. This development continues, with no indications of decrease.

One factor that is causing considerable holding off in contracting and helps to keep the furnaces from greater activity now is the doubt as to the exact size of the wage reductions to be made about the first of the year. The cut of 20 per cent in wages in the Demmler plant of the American Tin Plate Company has been taken by some as an indication of what will be made generally. There is also a report that the salaried officials of the Steel Corporation and its subsidiary companies are to receive 30 per cent less than at present.

The action of the Pennsylvania Steel Company in taking a large order for export rails at a price several dollars below the pool price of $28 00 a ton has not caused much comment. It is distinctly understood that the rail pool that the prices for the American trade do not hold for foreign orders and that these are to be secured at whatever price will attract them. The Steel Corporation interests are said to be willing that the Pennsylvania Steel Company should load up its capacity with orders at this price, since it is expected that there will be a large number of orders from American railroads shortly at the pool price of $28 00.

With the wage reductions out of the way and a policy of economy instituted in the management of the corporation's interests, along with an absence of surplus stocks of coke and pig iron, it is expected that there will be a distinct period of activity after the first of the year. Until that time there are few who look for a largely increased business.

Hardware dealers report an active market, orders of good size coming from all sections for large quantities and wide lines. Season goods are in particular demand, such articles as coal hods, fenders, stoves and ranges. Sheet iron, ammunition and shotguns being in excellent demand. Builders' hardware is moving in good volume and a large quantity of tools are being sold. Window glass is improving noticeably, with indications pointing to higher prices in the near future. Nails and wire are still active and prices on general lines are very firm with manufacturers reporting a good business.

FOUNDERS MUST TURN TO NORTHERN IRON

[By Private Wire to The Gazette.]

NEW YORK, Nov. 18.—The Iron Age tomorrow will say:

Some of the makers of Southern iron continue in the course which they have pursued for some time, and $9 25 for No. 2 foundry, Birmingham is now freely done, with unconfirmed reports of even lower figures. One point is worthy of being noticed: Buyers, naturally critical in such a market, are demanding guarantees as to silicon contents, which the greater part of the southern iron, although fully up to grade as to fracture, cannot meet. The result is that the founders must turn to corresponding, though higher priced, northern irons. During the week there have been several large sales, one being a lot of 10,000 tons purchased by a leading firm of merchants to meet urgent requirements of customers. Nearly all the business being done is for prompt delivery, and serious negotiations for 1904 delivery have not yet begun.

Producers who are thoroughly well informed concerning what has been done thus far in the direction of an export of southern iron state positively that thus far officially two lots of 500 tons each have been actually shipped.

Even in the pipe and wire trades, which have enjoyed such an extraordinary run of work, there is some slackening and moderate concessions are being made.

The wire and tube interests have kept up expert shipments during the whole of the boom times, so that the tonnage in these lines cannot be claimed as anything that is new. The railroad interests are to meet tomorrow to determine what concessions in freights shall be made on export shipments of iron and steel.

PRODUCE IS FIRMER; PEAS ARE ABOUT DONE

Best Grades of Coffee, It Is Said, Will Be High — Something About the Brazilian Crop.

The produce market stiffened yesterday with the cold spell, and prices in many commodities are expected to advance. The demand for potatoes, cranberries and sweet potatoes is strong and the prices are going higher. Pears are about done. There are a few barrels left, but they will be soon out of the market. Celery is also among the articles that are advancing.

Wholesale dealers declare that coffee is going to be higher. The Brazilian Review of October of Rio de Janeiro has this to say of the conditions of the crops in coffee in that country: "Mr. Arnold of Messrs. Buckmann & Co., Hamburg, after a rapid trip through the principal coffee districts of S. Paulo reported that the drought had done incalculable injury and that the late rains were generally light and partial, heavy rains falling in one place, whilst 10 miles away there was none. He took particular care to investigate the stocks at the different stations he visited on the Mogyana, Paulista and Sorocabana railways and believes half the crop to be already marketed. In several places he added, the rains ran for miles by plantations showing bare skeletons of trees without a leaf or berry. It is on such reports that local dealers base their claims for higher prices in good grades of coffee.

Red kidney beans and Catawba grapes have also been advanced. The receipts of hay and grain were light again yesterday and the market is firm. No changes have been made in the quotations for several days.

The Drygoods Market.

NEW YORK, Nov. 18.—Buying has been more or less restricted in the drygoods market, but the views of agents and manufacturers are increasingly firm. Under the present condition of the raw material market sellers are not likely to want concessions, although buyers are still trying to obtain them and are frequently surprised to find they cannot be secured.

GRAINS AGAIN RULED STRONG IN CHICAGO

Wheat, Corn and Oats Closed Higher Yesterday in the Chicago Pits.

[By Associated Press to The Gazette.]

CHICAGO, Nov. 18.—The feature in trading in the wheat pit was the urgent demand for the December delivery, while at the same time, there was very little on the market, and a result of this combination the price took a sharp upturn. With the exception of the continued favorable weather conditions in general favored the bulls, cables being higher, receipts in the northwest smaller and the cash demand much improved. There was a good scattered demand for both December and May at the start. Out side markets were all higher, with those at Minneapolis and Duluth showing especial strength. Fears on the part of December shorts that a deal was about to be sprung on them by a big local operator was the primary cause of the sudden anxiety to cover short lines and these fears were strengthened by the report from Duluth that a big line there had by this same prominent operator had been sold for eastern shipment, which cut off this source of supply for filling December contracts. As the price advanced there was considerable buying by commission houses on stop orders which added to the strength, and during the last hour the price took rapidly. Primary receipts were 1,276,500 bushels against 1,528,900 bushels a year ago. Minneapolis, Duluth and Chicago reported receipts of 628 cars, against 570 cars last week, and 857 cars a year ago.

During the early part of the session there was a tendency on the part of local bears to sell cars influenced by the favorable weather and lower cables, and prices held steady. Later in the day the strength in wheat brought out a fairly good demand and with smaller offerings the market became stronger, and closing prices were at the top. Local receipts were 130 cars, with eight cars of contract grade.

There was considerable buying by shorts in December oats and the market ruled strong, helped to a large extent by the advance in wheat. Local receipts were 111 cars.

Provisions ruled steady at a small decline for all products. Liberal receipts of hogs and lower prices at the yards had a depressed influence. Above the only feature was the selling of January lard by a commission house and buying by pit traders. January pork closed unchanged at $11 47½, lard 2½@2 5c lower, at $6 65, with ribs unchanged, at $6 10.

Estimated receipts for tomorrow: wheat, 120 cars, corn, 100 cars; oats, 115 cars; hogs, 32,000 head.

Little Consolation for Oil Men, Runs Being Very Low

There was not much consolation in lower southwest oil developments for operators yesterday. The runs for the first half of the month are the lightest that have been recorded for a long time. The average daily runs of the pipe lines, furnishing a daily statement for the first 15 days, were 91,805 barrels.

In the Little Germany district in Marshall county, the South Penn Oil Company has drilled its No. 3 on the Andrew Program farm one mile from the Gordon 15 feet and has a show for a light producer.

In the Folsom district the South Penn Oil Company has drilled the second test on the C. E. Robinson farm into the strays and 30 feet and has encountered no oil or gas. In the same district the same company has drilled the first test on the T. Rennel farm through the Gordon and is now drilling in slate. It will be drilled to the fifth sand. T. B. Holbert No. 1 is producing 20 barrels a day.

On Dutchman run, Murphy district, Ritchie county, the Southern Oil Company has drilled its No. 3 on the Alvin Wince farm into the salt sand and has a show for an 8 or 10-barrel pumper.

On Bens run, Pleasants county, Schlegel & Freid have drilled their test on the F. C. Voshelin farm through the Big injun sand and have a show for the same stream. The Carter Oil Company has started to rig up at a test on the H. Northcraft farm. C. F. Meserve & Co. have completed the rig for a test on the Hall farm.

On the east side of the Folsom district, in Harrison county, the Delmar Oil Company has drilled in its test on the William S. Kendall farm and the well produced 30 barrels the first 10 hours.

North of the Kyle pool on Indian creek, Tyler county, the Philadelphia Company has drilled its well on the Absalom Thomas farm through the Big Injun and has a show for a small pumper. It will be given a shot. This is the third well that has been drilled through the Big Injun and the Philadelphia Company drilled in No. 1 on the farm, and got a fair producer. The record is now, two small pumpers and two dusters.

On the Hale side in the development northeast of Dexter City, Noble county, the following wells have been completed in the 500-foot sand: Caldwell Bros' No. 8 on the John Moore, 20 barrels a day; Blake Farm Oil Company's test on the Adam Nau farm, 30 barrels; John S. Dunn Company's No. 17 William Wiper, 10 barrels; S. B. Longfellow's Nos. 1 and 2 Lund heirs', 6 and 3 barrels respectively.

The Southern Oil Company's test on the Demmerling farm and S. B. Longfellow's test on the Mary A. Hall farm are both dry. In the Marietta district, Washington county, Henry C. Lord & Co. have completed No. 9 on the Honesty heirs' farm and have a duster. In the same district Charles A. Cameron has completed his No. 3 on the L. W. Thornberry farm and has a duster.

In the Wolf Creek district, in the same county, Charles S. Cameron's No. 13 on the Henry L. Pugh farm is holding up at 85 barrels a day. In the same district, E. H. Jennings & Bros. and Selby heirs have completed No. 4 on the Nathaniel Speer farm and have a 5-barrel pumper. E. Bowman's No. 14 on the A. T. and M. B. Wagner farm has been drilled through the sand and is a duster. Speer & Uniontown, Belmont county, Cadwallader & Co. have drilled in their second test on the Ritchie farm and have a show for a good well. In the same district the Hartley Oil Company's No. 3 on the Joseph Sharp heirs' farm is in and good for 40 or 50 barrels a day.

West of Empire, Jefferson county, E. H. Jennings & Bros. have completed No. 2 on the John Smith farm and have a light show. It will hardly make a paying producer.

ROYAL BANQUET IN FAMOUS WINDSOR

English Majesties Entertain King and Queen of Italy at Festal Board.

MANY NOTABLES ARE PRESENT

Crowned Rulers Give and Respond to Toast—Hall the Scene of Historic Gatherings—Brilliant Array of Diplomats, Ministers and Aristocracy.

[Associated Press Cable to The Gazette.]

LONDON, Nov. 18.—St. George's hall, a magnificent Norman gallery of Windsor castle, was the scene tonight of a state banquet, the first elaborate function marking the royal welcome to King Victor Emmanuel and Queen Helena of Italy. The function was in every way as brilliant as any witnessed in the famous hall on past great occasions. There were 160 guests, including the royal hosts and their guests, prominent statesmen of Great Britain and Italy, ambassadors from three continents and representatives of the army and navy.

The guests were seated at a long table on which the famous service of gold plate and the masses of flowers formed a brilliant avenue of color and of sparkling light, reflected from an incomparable display of jewels.

The guests were first received in the grand reception room by King Edward and Queen Alexandra and King Victor Emmanuel and Queen Helena. At 8:45 the guests entered the banquet hall in the following order:

King Edward Led Procession.

King Edward, with Queen Helena; King Victor Emmanuel with Queen Alexandra; the prince of Wales with the Princess Victoria; the duke of Connaught with the duchess of Argyll; Ambassador Choate with the duchess of Connaught; Signor Tittoni, Italian minister of foreign affairs, with the Princess Margaret of Connaught; the Russian ambassador, Count Benckendorff, with Princess Victoria of Connaught; Prince Alexander of Battenberg with the Princess Louise of Schleswig-Holstein, the French ambassador, McAmbef, with Princess Christian of Schleswig-Holstein; Prince Christian of Schleswig-Holstein with the princess of Wales; Prince Alexander of Teck with the Princess Alice; the Spanish ambassador, the Duc de Nandas, with the duchess of Albany; the Turkish ambassador, Stefanaki Musurus Bey, with Mrs. Choate; the German ambassador, Count Wolff Metternick, with Princess Victoria of Schleswig-Holstein.

The remaining guests followed in the order of their rank, including othe ambassadors and their wives, Lord Londonderry, Lord Selbourne, Lord Lansdowne, Lord Rosebery, Lord Milner, W. J. Brodrick, Sir Henry Campbell-Bannerman, Sir William Vernon Harcourt, Arnold Forster, Joseph Chamberlain, Austin Chamberlain and Admiral Kerr. The British premier, A. J. Balfour, was absent, on account of the indisposition which, it is reported, is the result of a slight chill.

Toast to Italian Majesties.

In proposing a toast to their Italian majesties King Edward said:

"Sire, it has given Queen Alexandra and myself great pleasure to receive you here as our guests in this old and historic castle. History repeats itself. I remember as if it were but yesterday that your illustrious grandfather, 48 years ago, came here as the guest of my beloved mother and my lamented father. At that time we were at war, and our armies fought together.

"Thank God, we now are at peace, and the aim of our countries is to maintain it and to work together in the paths of progress and enlightenment. I have not forgotten the kind and cordial reception given me some months ago in Rome on the part of your majesties and the Italian people, and I feel sure that tomorrow, when you pass through the streets of London, you will meet with a reception most gratifying to yourselves, and one which will give expression to the hearty feeling of friendship which my people desire to evince toward you and your country. Let me now drink to the health of your majesties. Again thanking you for staying with us, I wish your majesties, your family and your country all prosperity and happiness."

Victor Responds to Greeting

King Victor Emmanuel replied in English, saying: "The memories to which your majesty refers live in my heart and in the hearts of all Italians since the historic and eventful period which led Italy to unity and which tendered to England, always greater and more powerful, the feelings of sympathy and friendship which now unite the two peoples. For my people these feelings have continued to increase, and they constitute a tradition for my government.

"They are important factors in Italian policy, which, like the policy of your majesty's government, is one of peace and civilization. I thank your majesty for your cordial welcome of me and of my queen in this historic castle, where everything breathes of the glory of your ancestors and brings before me the image of the great and regretted Victoria. I drink the health of your majesty, your queen, and the royal family."

At the conclusion of the banquet the royal personages and their guests adjourned to the state drawing room, where an orchestra played select tunes. This morning King Victor Emmanuel and King Edward shot pheasants in the great park at Windsor, while Queen Helena and Queen Alexandra visited Queen Victoria's tomb at Frogmore, on which Queen Helena deposited a wreath.

WANTS EXTRA SESSION OF STATE LEGISLATURE

Bucks County Senator Seeks Indorsement of Plan to Build Bridges.

[Special Telegram to The Gazette.]

HARRISBURG, Nov. 18.—Senator Grim of Bucks asked Gov. Pennypacker to call an extra session of the legislature today for the purpose of having money appropriated to rebuild the bridges between Bucks county and New Jersey, that were swept away in October. New Jersey has already recommended the rebuilding of the bridges with a proviso that they be free.

Senator Grim, in support of his request, said a stretch of territory along the Delaware river for a distance of 31 miles is practically without bridges. Seven out of the eight structures were swept away. He asked that prompt action be taken as he believed, if the work were done now, it would be to the advantage of both states in the matter of cost.

Gov. Pennypacker pled the senator with questions and said he would consider the matter, but he was averse to an extra session of the legislature. He suggested that temporary ferries be constructed. The senate and house chambers in the capitol have been torn out and there would be no place for the legislature to meet, were it called.

MOODY SUSTAINS EVANS.

Says Rear Admiral Was Actuated by a High Sense of Duty.

WASHINGTON, Nov. 18.—Secretary Moody today announced his decision in the matter of the protest of Paymaster H. E. Biscoe against the language used by Rear Admiral Evans, commander-in-chief of the Asiatic station, in reviewing the result of the court-martial on Assistant Paymaster Nichols. He said:

"It is considered that in this instance Rear Admiral Evans has not shown himself unworthy of the continued confidence of the department. On the contrary, in view of the evidence before the court, without weighing too nicely the terms of his censure, it is believed that he was actuated by a high sense of duty and inspired by a regard for the honor and welfare of the service."

PROGRESS ON THE RAILROADS

[By Associated Press to The Gazette.]

CINCINNATI, O., Nov. 18.—The closing day of the thirtieth national convention of the Woman's Christian Temperance Union found the interest in the proceedings unabated. A delegate read a letter from a member of congress, saying that there was but little prospect of the passage of any bill repealing the anti-canteen law.

The executive committee reported it had ordered $5,000 appropriated for an exhibit at the world's fair. This was approved by the convention. The report of Mrs. E. N. Graham, of Maryland, general superintendent of the department of work among railroad employes showed substantial and encouraging results. Twenty-five saloons in Cheyenne were closed by reason of the order of the Union Pacific railway forbidding employes to enter saloons.

The Wabash railway officers gave orders for the discharge of employes addicted to the use of intoxicants on or off duty. Over 200,000 railroad employes are now wearing the railroad temperance button.

The afternoon session was devoted to reports of national organizers. Mrs. Rosetta Lawson, of the District of Columbia, told of the successful work done among the colored people of Maryland, Virginia and North Carolina.

Notice was given for a constitutional amendment increasing the vice presidents at large to eight. A by-law was adopted that the editor of the Union Signal be nominated by the general officers and elected by the executive board.

IN THE THEATERS.

Seats for the coming production of "Anna Held" will be placed on sale at the box office of the Alvin theater this morning. F. Ziegfeld, Jr., has spared no expense to make this production a success, both from a scenic as well as a dramatic standpoint. The production cost $125,000. All of the scenes of the play are laid in France during the most brilliant period of the Napoleonic reign, and this gives many opportunities for novel and startling stage effects. The rare fidelity manifested by the scenic artist and costumer in reproducing famous scenes has done much to win the greatest success for the production.

In the play of "Marta of the Lowlands" at the Duquesne theater next week, will be shown a picture of Spanish life seldom put upon the stage. It will be remembered that Marcedes in "Monte Cristo" is a Catalan, and the scene of this play is laid in the Catalonian province at the base of the Great mountains. It was first presented at the Manhattan theater, New York, by Mrs. Fiske, and this actress gave her full aid in the direction of all the details, giving it all the smoothness and perfection of her own productions.

One of the funniest plays the Grand will have this season is announced for next week, when "The Wrong Mr. Wright," by George Broadhurst, with introduce every member of the stock company. The piece was last seen in Pittsburgh with the late Roland Reed. It is written in Broadhurst's funniest vein, and the people of the play, Seymour Sitcox, the multi-millionaire; Henrietta Oliver, the lady detective; Lord Boniface, the English lady killer, and all the rest of them are characters that only Broadhurst can draw successfully.

You will hear and see all the latest musical numbers, dances and dialogue if you go to see "Peking Prom Puck," which comes to the Empire theater next week with a special matinee Thanksgiving day, Thursday. The organization engaged by Managers Mack and Gaities to support their new star, Willard Simms, in this latest laugh-producer, contains many names that are prominent in farce circles, all being engaged for the particular fitness for the parts assigned to them.

The famous Brothers Byrne will appear at the Bijou next week, beginning Monday afternoon, presenting their extremely funny pantomimic comedy, the new "Eight Bells," a new production brimful of novel scenic and mechanical effects and wonderful pantomimic tricks. It is the most wonderful acrobatic and scenic performance ever given.

Louis A. Simon and Grace Gardner in their very funny sketch, "The New Coachman," will be at the Avenue family theater next week. Other features of the program of 15 vaudeville acts will be R. J. Jose, a remarkably clever singer; the Taree Keatons, including "Buster" Keaton, the world's greatest boy comedian; Ballerini's educated dogs, Snyder and Buckley, comedians.

Barry W. Williams, Jr.'s Imperial burlesquers will be the attraction at the Academy beginning with the Monday matinee. The Imperial Burlesquers rank with the best in the field of travesty and promise an entertainment designed especially to please the patrons of this house. The program combines the attractive features of travesty with the characteristics of farce comedy and a score of high-class vaudeville acts.

To those who are denied the pleasure of travel, no more adequate substitute could possibly be found than the magnificently illustrated lectures by Mr. Holmes, whose series is soon to begin here. This is Mr. Burton Holmes' eleventh season before the public as a lecturer on travel, and each additional year finds him keeping pace in every way with every available improvement and up-to-date device for the bringing home, photographically, of every detail and incident of his travels. "The Yosemite" will be given in Pittsburgh this evening at 8:15 in Carnegie hall, and in Allegheny at Carnegie hall at 8:15 on Friday.

USED SULPHITES IN HIS SAUSAGE

Homestead Butcher Convicted of Adulterating Food With Poisonous Preservative.

CONSTABLE IS FOUND GUILTY

Defense in a False Pretense Case That It Was Merely a Matter of Check-Kiting Is Accepted by a Jury—Fight for Possession of a Plant.

William Pürrmann, a Homestead butcher, was convicted of adulterating sausage with sulphites, one of the most harmful preservatives known. Pure Food Agent Miller purchased a pound of sausage from the defendant on March 27, and had it examined by a chemist, and it was found to contain sulphites. Of 13 men charged with food adulteration, tried this week, Pürrmann was the first to stand trial, all the rest either pleading guilty or no defense. Nine more cases of the same character are yet to be heard.

On a charge of false pretense, John Hohmann of Liberty avenue, Allegheny, was convicted, and on another count, charging misdemeanor, he was acquitted without the jury leaving the box. On the charge of false pretense, he is said to have obtained $20 from Mary Perkovich of East Ohio street, by falsely pretending that he had a warrant for her husband, John Perkovich, charging him with illegal liquor selling. On the charge of misdemeanor Hohmann was said to have been impersonating an officer when he collected the $20 from Mrs. Perkovich. It was found he was a constable at the time and the charge could not be sustained.

Clarence G. Shields was acquitted of false pretense, and half the costs were placed on the prosecutor, Louis Cohen. The defense was that Cohen and Shields had agreed on a system of check kiting by which Cohen had full use of all the money circulated. The system worked out well until one of the checks was taken for collection, and not as cash, when the entire scheme went through and one of Shields' checks went to protest.

William Rue pleaded guilty to receiving stolen goods and Thomas Coughlin pleaded guilty to a charge of larceny, on informations made against them by C. A. Filson, representing a downtown department store. They are said to have stolen a quantity of goods from the store, valued at $900. Rue was sentenced to 15 months in the workhouse and Coughlin to 18 months.

In the equity suit of the Assembled Tile and Slab Company against Mary C. Semmer, et al., to restrain the latter from continuing in possession of the plant in Muriel street, South Side, Judge Robert S. Frazer stated he would grant the injunction, pending the final hearing in the matter, as the defendant had clearly taken the law into his own hands by establishing himself in possession of the plant. The defense set up that a breach of the contract existed, and the court replied to this that if such existed the proper time to show it was at the final hearing and that the defendant, Phillip Semmer, had no right to seize the property after it had been in possession of the plaintiff for two years.

H. P. Dilworth sued Frank F. Nicola to recover one-tenth of the profits of the sale of the Schenley property at the Point. The bill states that on August 2, 1901, Nicola made an agreement with Mrs. Schenley to purchase the property for $2,000,000. Of this $100,000 was to be paid at once and Dilworth advanced $10,000 and was assigned a one-tenth interest in the agreement. The defendant sold the contract of purchase to H. C. Frick, who has since sold the property to the Pennsylvania railroad for $2,850,000. The plaintiff says it is impossible to ascertain his exact interest in the agreement made by the defendant with Frick, the plaintiff not knowing the amount advanced by Frick. The bill asks for equitable relief.

LEGAL BRIEFS.

Candace A. Yendes has sued W. W. Rankin for $65, alleged to be due on the sale of a manuscript of her book, "A Garland of Violets."

Robert J. Todd has sued Wolff Bros., keepers of a hotel in Carson street, for $2,000 damages, basing his action on the allegation that he was assaulted by Harry W. Wolff while a guest of the hotel.

The Rt. Rev. Richard Phelan, trustee for St. Agatha's Roman Catholic congregation, has entered a $25,000 damage suit against the Pittsburgh, Carnegie & Western railroad for alleged damages to the church property at Coulter and Station streets, Bridgeville.

William Milford of Woodsfield, O., an important witness in a case in the United States court, was ill of typhoid fever at the Seventh Avenue hotel. The judge excused the jury, and with the attorneys went to the hotel, where the deposition of Milford was taken.

The case of the Bank of Biscayne of Miami, Fla., against the Monongahela National bank of Pittsburgh was taken up in the United States circuit court. This is an action to recover the amount of certain drafts drawn by Courley & Co. on Somers Bros. & Co. of this city.

On the petition of Catherine Soles a writ of alternative mandamus was issued against W. E. Newlin, city solicitor of McKeesport, to show cause why he should not accept $9,500 and satisfy judgments against the plaintiff obtained by the city aggregating $12,574 63. The judgments were obtained by the city for street improvement of Fifth avenue, McKeesport.

The following executions were issued yesterday: Thomas E. McClary et al. vs. Harry S. Todd, $1,366; Marcus A. Woodward vs. John A. Crawford, costs; Dietrick Bros. & Pendley vs. Miss Elizabeth Bretch, $512 52; James L. Devenney, use, vs. Charles H. Siedle et al., $1,374 87; Consumers Ice Company vs. the William Schildecker Ice Cream Company, $548 04; David R. Reese, for use, vs. William A. Minteer, $6,500; Mrs. A. G. Harrah vs. Gilbert B. Gross, with notice, $8,351 82; same vs. same, $5 528 25; the Linderkranz Building and Loan association vs. Katrina Wenger, administratrix et al., $1,021 35.

HEAVY SENTENCE GIVEN IN NATURALIZATION CASES

ST. LOUIS, Nov. 18.—Judge Adams, in the United States district court, today sentenced John P. Dolan, chairman of the Democratic city central committee, and Policeman Frank Garrett, convicted of participating in naturalization frauds, to five years' imprisonment in the penitentiary and a fine of $1,000. The passing of sentence on Thomas E. Barrett, convicted on the same charge, was deferred until after his trial on other indictments for similar crimes.

FATE.

It is very convenient to attribute the disasters which overtake us to fate. But for the most part man is the arbiter of his own fortunes. Business men are struck down suddenly as by lightning. The verdict is generally "heart failure." "His heart was weak. It was fate for him to meet this end." But if we went behind the "weak" heart we should find a "weak" stomach, probably, and back of the weak stomach is careless eating at irregular hours.

When the stomach is diseased the organs depending on the stomach for nutrition are starved. Starvation means weakness of the body and its organs.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. When these organs are cured, diseases of heart, liver, lungs and kidneys, caused by the diseased stomach, are cured also.

"In the fall of 1897 I was taken with smothering spells, palpitation of the heart, and a distressed feeling in my stomach," writes Mr. H. W. Kinney, of Knight, Doddridge Co., West Va. "I consulted a doctor and he said I had organic heart trouble. He gave me some medicine, but it did me no good. I then tried different kinds of patent medicines, but they only helped me a little. I then sent and got five bottles of Dr. Pierce's Golden Medical Discovery. Before the first bottle was gone I felt a change. When the five bottles were gone I began to work. I had not worked any for a year before.

"I am well and can eat anything now with the exception of pork and greasy food."

Doctor Pierce's Pleasant Pellets cure biliousness.

DR. EDWARD KOCH.

DR. KOCH IS HERE

HE CURES ASTHMA AND CONSUMPTION

Consultation Is Free

At the Pittsburgh Office, 321 Penn Ave.

Dr. Edward Koch, the eminent lung specialist, is the first man to discover a means to cure consumption and asthma. He has positively proved that through his methods consumption is a curable disease. He has established its curability beyond a shadow of a doubt.

Individuals in whom there was extensive destruction of the pulmonary tissue, and, indeed, entire destruction of the tissue of one lung, have recovered by the use of the Koch treatment.

In his various offices, which are in all the principal cities, Dr. Koch has hundreds of instances on record in which persons have been cured who were confirmed consumptives. Some of their cases were pronounced incurable by the best doctors, yet they have regained their health through this wonderful discovery. Many have been cured right here in Pittsburgh.

The only Pittsburgh office of the Koch Lung Cure is at No. 321 Penn Avenue. It is under the direct supervision of Dr. Koch, who will personally see patients.

The medicine which Dr. Koch administers does not go to the stomach, but directly to the lungs. In this way he removes the cause upon which the disease depends.
